

Grain—Proposed Cash Advances

Does the hon. member for Rosetown-Biggar (Mr. Coldwell) wish to add something?

**Mr. Coldwell:** Mr. Speaker, I have listened very carefully to what you said latterly. Far be it from me to put into your mind as Speaker of the house the possibility of preventing a wider discussion of this matter in the debate on the speech from the throne. I did not bring the matter forward with that in view. I brought it forward because I had promised my constituents who are wheat growers that I would raise it at the first opportunity, and this is the first opportunity I have had of raising it. But if the allowance

of this debate today would preclude the possibility of discussion of this matter by many members of the house who will not be able to discuss it in the next two hours, I would be the last one in the world to endeavour to interfere or risk interfering with their right to discuss this very important matter. Without prejudice, therefore, I will take your advice.

**Mr. Speaker:** Therefore I will not receive the motion.

On motion of Mr. St. Laurent the house adjourned at 4.05 p.m.
