NEEDED SNOW IN KANSAS DAMPER ON WHEAT BULLS

Outlook For Large Argentine Wheat Exports Another Factor in Decline at Chicago.

CHICAGO, Jan. 11.—Today's prices for grain declined moderately, as did provisions. Fluctuations were rather narrow and the volume of business moderate.

A heavy snowfall in Kansas preceding the predicted cold, and the prospects of large shipments from Argentine were bear factors in wheat. The fact that shorts had pretty well eliminated themselves during the previous two days also worked against prices. At the close, May was 1-3/4 over the bottom, but 1-3/4 under yesterday.

Corn opened sharply higher, but it soon developed that this was due to bidding by scattered belated shorts who missed the bull bandwagon yesterday. On the modest decline which occurred in meeting demands of export buyers for early shipment, owing to the non-accumulation of earlier sales.

Trade in oats was chiefly of an evening-up character typical of week-end sessions. Provisions declined in sympathy with hogs, meeting with a good demand at the lower level.

ST. LAWRENCE MARKET

Receipts of farm produce were light—no grain or hay; at least, we did not see any on sale. In the north building there were about half the usual number of farmers' wagons and trailers containing mixed produce, and on the market there was a moderate supply of poultry and larger supplies of butter and eggs than for some time.

Trade was not as brisk as usual. Butter—The market was easy and prices ranged from 30c to 32c per lb., the bulk going at 32c to 32c. Eggs—Receipts of eggs were the largest in many weeks, and prices consequently went lower. Prices ranged from 35c to 40c, and one woman stated that she got 30c. The bulk of the eggs sold at from 30c to 40c, and we would say that this was about the value of eggs on Saturday.

Prices were firm at following quotations: Turkeys, 25c to 27c; geese, 15c to 18c; ducks, 15c to 20c; chickens, 15c to 18c; and in some instances 20c was paid; old hens, 14c to 16c per lb.
