HIGHWAYS BILL AGAIN TO BE BLOCKED

Sir George Ross Reiterates Argument That Measure Is Intended as Political Weapon and Intimates That Obnoxious Amendment Will Be Reinserted.

OTTAWA, May 16.—(Can. Press)—An intimation was given in the senate today by Sir George Ross that the government's bill to aid the provinces in highway improvement would be amended as last year by a clause providing for distribution of the money among the provinces according to population.

The naval bill did not reach the senate during today's sitting, but will probably be received at the next sitting, on Tuesday next.

The agricultural aid bill was given a third reading. On motion for second reading of the highways aid bill Sir George Ross said this appeared to be a measure bearing a good name, but not a good character.

There was a clause in the bill requiring the consent of provincial legislatures for the expenditure of federal money on provincial highways.

According to the police, the couple were estranged last January, at which time the injured woman obtained a situation as a waitress at Child's Restaurant. She is 33 years of age, while her husband is 21 years her senior.

Shortly before 12 o'clock last night Mrs. Bincett left the restaurant for her home, but hardly had she stepped from the door before she was accosted by her husband. He walked with her along Queen street to Jarvis street, pleading that she would return to him.

TEN AND A HALF MILLIONS OF ACRES TO YIELD CROPS IN SASKATCHEWAN

REGINA, May 16.—(Can. Press)—A preliminary estimate issued by the Saskatchewan Department of Agriculture, gives an increase in the crop area of from 10 to 15 per cent., or a total acreage under all crops of ten and a half millions.

The seed bed is in excellent condition and the outlook is promising. Seeding was general along the Canadian Pacific main line about the 18th, on the Estevan section about the 16th, Arcola Branch about the 14th, along the Edmonton and Saskatoon lines about the 18th. Partial section on the 12th, and on the Canadian Northern to the north about the 21st.

Almost all the wheat was in the ground by the end of the month. There was more summer fallowed land than usual, and less crop going in on stubble.

WOMAN WAS SHOT THREE TIMES AND MAY DIE: ASSAILANT THEN PUT BULLET THRU OWN BRAIN

Frank Bincett, a Toronto Barber, Wanted His Wife to Return to Him and When She Refused He Pulled a Revolver From His Pocket While They Were Talking on the Street, Shot Her and Then Turned Weapon on Himself—Both Rushed to Hospital and May Die.

Because his wife, Mrs. Ida Bincett, refused to accede to his request that she live with him again, Frank Bincett, 277 Sackville street, a barber, employed on the lake boats, pulled a revolver from his pocket at the corner of Wilton avenue and Jarvis street shortly after midnight Friday and fired three shots at her, all of which took effect. He then turned the revolver on himself and sent a bullet into his head.

Bincett was taken to St. Michael's Hospital in a dying condition. The woman, who was shot thru the back of the head, the left arm and the right hip, was picked up by Thomas Peck, an employe of The World, who assisted her to her home at 73 Mutual street, where later she was rushed to the General Hospital. Early this morning it was stated that her recovery was deemed improbable.

EDWARD IS SEVEN A GOOD DETECTIVE

Saw a Beggar on the Street and Took Him to Police Station.

Special to The Toronto World. CHICAGO, May 16.—(Special)—Edward Smith, a protege of Lieut. James McCann, of the Hyde Park station, and one of the youngest detectives in the local department, to whom a tin star was presented several months ago, made his first appearance in court today.

Edward has been on the outlook for violators of the law ever since he received his commission. Following his custom of reporting before he went to kindergarten, he learned that there were strict orders regarding beggars who have been molesting the housewives of Hyde Park of late.

So on his way to school he saw what he believed to be one of these very beggars, an old man. He promptly took him to the station. The prisoner said that his name was Olaf Hanson, and that he was an inmate of Oak Forest Country Home. He said he had wandered away and begged that he be allowed to return.

Judge Sullivan agreed, after hearing the testimony of Edward, that Hanson was begging and allowed the aged man his liberty on the statement of the detective that he would see him safely on a car.

KEPT PROCEEDS OF SUIT SALES

Dishonest Clerk Caught in the Act of Keeping Money Given Him by Customers.

By entering into an agreement with the parcel boy and agreeing to divide the profits, Robert Fulton, a clothing salesman of the T. Eaton Company, succeeded in "knocking down" a good daily salary until yesterday afternoon when he was caught in the act by a woman detective.

Fulton is young, single and lives at 58 Carnock avenue. He had been employed in the store for about two years, but for some time of late the managers suspected that he had been selling goods and pocketing the money. Yesterday afternoon Detective Black instructed one of his lady assistants and told her to mark some bills and buy a suit of boy's clothes from the accused. The bills were marked, and in a few minutes the lady detective had bought a suit from the clerk.

On examination it was found that no bill of sale had been wrapped up with the suit and this was taken as an indication that the suspicions of the managers were well founded. Detective Murray of the Toronto police department was then called in, and when Fulton was arrested the marked money was found in his pocket.

On being asked for an explanation of how he had run the game the young man stated that he had an understanding with the boy who checked and wrapped up the parcels that when he turned in a suit without a sale bill the suit was to be wrapped up in the ordinary way. He had successfully switched the proceeds from two suits when he was caught yesterday on the third try. The parcel boy was not arrested.

Dineen's Dollar Hats Tonight

Today will be a busy hat day at Dineen's. Every day is a busy hat day, but Saturday is a particularly busy day because the selling lasts longer.

Saturday night's Dineen's are open until 10 o'clock, and from 6 to 10 there is the Basement Sale, when a selection of good hats are taken down into the Basement and sold for One Dollar.

On Settlement of Knotty Point Loans by Banks on Grain and Cattle Depend and Critics in House Embarrass Finance Minister No Little — Is Allowed to Stand.

OTTAWA, May 16.—(Special)—There was only a handful of members in the house this afternoon when Finance Minister White unexpectedly moved the house into committee of the whole to consider his bill providing for the decennial revision of the Bank Act as reported with some minor amendments from the banking and commerce committee. Sir Wilfrid Laurier made the point that the Bank Act was virtually unchanged except in the matter of the shareholders' audit and the lien granted to the banks upon loans to farmers on threshed grain and to ranchers upon cattle.

The committee adopted a great number of sections without discussion, although a few contentious clauses stood over for future consideration. The salaries of bank clerks came up for discussion, although Mr. White protested that this matter could not be regulated by legislation.

Criminal Code Changes. The morning session was occupied with Judge Doherty's bill to amend the criminal code. The bill endeavors to suppress the white slave traffic and other immoral practices upon the lines laid down by British statute. It also guards against indiscriminate use of fire arms. Permits to carry dangerous weapons in cities and towns can only be issued by the chief of police, and dealers are prohibited from selling weapons to any not having such permit.

Bank Act Changes. Immediately after the luncheon recess the house resolved itself into a committee of the whole for the purpose of considering the bank act as reported from the banking and commerce committee.

Hon. W. T. White, minister of finance, pointed out to the house that although there were a number of minor changes there were but six outstanding features in the new act. They were:

- (1) The section respecting shareholders' audits had been so amended as to provide that an auditor be selected from a list of 40 named and agreed upon by the general manager of the different chartered banks. The selection of the auditor to be made by ballot of the shareholders and be subject to the ministers' veto.
- (2) Further provisions have been made respecting registration of Merc...

SECRET WEDDING FOR THE PRINCE ROTERS BLOCK HALIFAX CARS

Mystery Surrounds Marriage of Mrs. Hugo Platt and King of Serbia's Brother.

ROME, May 16.—(Copyright)—Some mystery surrounds the wedding of Prince Arsene Karageorgievitch, the brother of the King of Serbia, and Mrs. Hugo Platt of Chicago. The couple are now said to be in Florence, but every channel of information is carefully closed. The prince wants to have the ceremony performed without waiting for the legal formalities required by the Italian law.

A priest of the Russian Church has refused to officiate unless the documents are in order. The marriage probably will take place in secret within the next few days.

Mob Smashes Windows and Attacks Strike Breakers—Service Is Completely Demoralized.

HALIFAX, May 16.—(Can. Press)—The city was in the hands of a mob this afternoon so far as the electric tramway lines were concerned, and the company by 5 o'clock found it impossible to run their cars and gave up the attempt. The trouble was brewing all day. Not one of the company's employes turned up for duty in the morning, and the first car was run out of the barn on schedule time by strike-breakers brought from Thiel's Agency in Montreal. Only a third of the usual number of cars were kept going.

The riot broke out at 5 o'clock, when a car coming down Buckingham street ran into a military team driven by two soldiers. The soldiers were slow in getting out of the way, and the wagon was caught. No one was injured, but the enraged crowd sprang on the car and threw the motionless off. Soon a crowd of several hundred gathered, threatening the strike-breakers. Three other cars came along and stones were thrown, windows smashed and the ropes holding the trolley poles cut. The police were unequal to the task of preserving order, but they arrested five men, two of whom were charged with attacking the tramway employes, and three were strike-breakers. Three of the cars were set last run into the barn, followed by a howling mob. The windows in the car barn were smashed and the head office was wrecked.
