40 NATIONALISTS JAILED IRELAND'S "DISTURBED"

Accused Charged With Unlawful Assembly—Police Being Rushed to Disaffected Districts.

LONGFORD, Ireland, Aug. 27.—(Special.)—P. Farrell, Irish Nationalist member of parliament for North Longford, and forty other persons were arrested early this morning and are now being tried by a special court, convened for the purpose, on the charge of taking part in an unlawful assembly likely to cause riot.

Mr. Farrell has been holding meetings throughout his constituency at which exciting scenes occurred between Nationalists and members of the Sinn Fein Society, in addition many cattle have been driven from the grazing land districts, which the prosecution alleges was encouraged by Mr. Farrell and other speakers. Large forces of police are being despatched here, trouble being anticipated.

Mr. Farrell is the editor and proprietor of The Longford Leader, a Nationalist newspaper circulating in the counties of Longford, West Meath, Roscommon and Leitrim, and is the author of a "History of the County of Longford," and other books. At the general election in 1900 Mr. Farrell was returned unopposed from North Longford, succeeding Justin McCarthy, who resigned. The prisoners were committed for trial at the assize court, but being allowed.

TWO COBALT ACCIDENTS ROCK KILLS AND MAIMS

Alex. Groulx Has Skull Fractured—Man's Foot Forced Thru Boat.

COBALT, Aug. 27.—(Special.)—Alex. Groulx, of middle age, who lived at Letchford, was almost instantly killed this afternoon by being struck on the head with a piece of ore, which weighed about a quarter of a pound. Groulx was walking on the road which crosses the railway and leads to the Nipissing dock, when a blast occurred on the Nipissing property and hurled the fatal chunk of rock across Cobalt Lake. The rock struck the forehead of the unfortunate man, crushing it in, and also causing a slight abrasion near the nose. He lived only a few minutes after the accident.

To-day, while near the Nipissing landing on Cobalt Lake, the Spaniards, a foreman of the Bailey-Cobalt, was seriously injured by a large chunk of rock, loosed from a blast, on the government right of way. The rock struck his foot with such force that it not only badly smashed it, but forced it thru the bottom of the boat. The boat at once sank and Alexander was picked up by the Nipissing launch.

CHIEF MINERS SUMMONED. Will Be Accused of Inciting to Violation of Act.

COBALT, Aug. 27.—The latest move against the union is the summoning of Organizer Roadhouse, Jas. McGuire and Wm. Hewitt to appear before Magistrate Brown here on Thursday on charge of violating the Industrial Disputes Investigation Act, a clause in which provides that no one shall incite to come out on strike or to remain on strike. The penalty imposed is a fine of not less than fifty dollars a day or not more than a year's imprisonment.

The prosecution will be conducted by the crown, and Crown Attorney Browning is ready to be assisted with the case. The case is of peculiar importance, as being the first instance in the history of Canada in which an agitator has been charged under this act. For the defence E. E. A. DuVernet will in all likelihood appear. Frank Potonik and T. K. Nowallusk were to-day sentenced to jail by Magistrate Brown for assaulting M. Fluski. Potonik got one year and Knowallusk six months. The accused were union men, and said to have been sent by union to find out where Fluski worked. Fluski said he worked with contractors, but accused finding he worked for Nipissing Mining Co., assaulted him.

OPERATOR DEPORTED. Public Meeting Called to Discuss Telephone Trouble.

FORT WILLIAM, Aug. 27.—(Special.)—The local telephone trouble is about to be settled by the practical deportation of the chief operator, brought here from Springfield, Ill. Although she has resigned, it is practically a deportation. The chief lineman, who was brought here from the same place, has also resigned.

At the request of a number of raters, a public meeting has been called for Thursday night, for the citizens to discuss the situation. Out for Alderman. J. H. Kennedy of the Trades and Labor Council will be a candidate for alderman in Ward 4 at the next election. It is reported that a meeting of the labor party will be held at an early date for the purpose of nominating candidates for all the wards.

TRAIN CLERGY IN SOCIOLOGY

Presbyterian Church in United States to Teach Ministers Applied Christianity.

NEW YORK, Aug. 27.—With the view of training ministers in applied Christianity to meet the changing sociological conditions, the Presbyterian department of church and labor announced to-day that it had inaugurated a correspondence school in sociology. The department will instruct ministers in socialism, trades unionism, tenement house life and other phases of city problems. City mission work will be especially considered in the new school. The faculties of the seminaries state that changing social conditions make it difficult to properly train ministers for their work and that the new school will enable ministers adequately to study sociology.

SKELETON OF ALGERIAS RATTLES IN EVERY JOINT

Paris Paper Finds More in Conference Than Exchange of Amicable Sentiments.

PARIS, Aug. 27.—The French newspapers are energetically occupied with discussing the recent interview between the French ambassador to Germany, Jules Cambon, and Prince Von Buelow, the imperial chancellor at Nordensy, which is now deemed to have been of the greatest importance to Germany and France.

Extensive speculations are made regarding the scope of the interview and its probable effect on the relations between the two countries. The majority of the papers express the opinion that there was something more specific behind the meeting than an exchange of amicable sentiments, as alleged in the official note on the subject, and it is intimated that an understanding was reached between the two statesmen on the subject of Morocco.

The Journal avers that, in spite of diplomatic notes, the "skeleton of Algerias rattles in every joint" in the minds of some people against Russia and the Russians. The Echo de Paris, after admitting that it is in the dark on the subject, asks what definite arrangements relating to Morocco could have been made, adding: "Our relations with Germany could only permit of a business pact."

The consensus of opinion appears to be that Germany probably has agreed not to oppose France, being given a freer hand in Morocco should the situation warrant it. The semi-official Temps says: "We have always wished to be on good terms with Germany, and we hope that the spirit of loyal conciliation prevailing will lead to negotiations for an understanding, conforming with the interests of the two peoples. A great step in this direction has been taken, at which France rejoices, that it is to be followed by others."

JOHN D. CAN'T COLLECT. Wants \$73.95 From U. S. Government For Travelling Expenses.

CHICAGO, Aug. 27.—John D. Rockefeller is having his troubles in collecting \$73.95 from the United States government for his travelling expenses and witness fees in the recent hearing in the federal court before Judge Landis. In making application for the amount due him, Mr. Rockefeller declared that he had traveled 149 miles to attend the session of court. He did not say, however, whether he came from Pittsfield, Mass., or Cleveland, Ohio.

DEATH ENDS SPREE.

After a drinking bout which lasted all night in some mysterious way William J. Tonney, a plumber of 35 Gifford-street, fell from the C.P.R. bridge at the Don, some time in the early hours yesterday morning and was drowned. The only witness to the fatality was a companion, Thos. Reid, 121 Brooklyn-avenue, who is now in the custody of the police, charged with drunkenness.

ITALIANS WANT A NEW CONSUL

Claim That Their Interests Have Been Neglected and Pass Resolution.

Italians to the number of 600, at a mass meeting in St. George's Hall last evening, commenced a movement looking to protection for themselves and for newcomers. Fault was found with what speakers termed a lack of attention to the welfare of the community, shown by the local Italian consul, Dr. Harley Smith, and a resolution was passed which is to be forwarded to the consul-general at Montreal and to the minister of foreign affairs at Rome, asking that another appointment be made.

A committee was appointed which will undertake the organization of an information bureau for the enlightenment and assistance of Italians. It was also "learned with pleasure" that the police were to take steps to investigate the affairs of certain Italians here looking to the prevention of another "Banco Giannetti" affair. It would seem that the "colony" has been a virgin field for the unscrupulous. Mention was made of one man, who had been secretary to the consul, and who until two months ago was a resident of Toronto. He, it is stated, duped a number of Italians out of sums from \$50 to \$200 by selling fraudulent certificates freeing them from their consular duties as conscripts to the Italian army. It was claimed that the attention of the consul had been called to this man's operations, but nothing was done.

This man, Garibaldi by name, came to the city penniless. It is stated, Rev. Mr. Merilino took pity on him and got him employment. His health failed, and Mr. Merilino had him appointed secretary to the consul. Many of the consular duties were left to him. He used this power to extort sums of money to report men as unfit for the army who were fit. When confidence was shaken in him the consul, it was charged, had declined to dismiss him. Two months ago Garibaldi left for Italy on the plea that he was to be married. Rev. Mr. Merilino presided at the meeting, and Messrs. Basso and Bassoli were on the platform.

BORDEN'S QUEBEC TOUR. Conservative Leader Will Tour the French-Canadian District.

MONTREAL, Aug. 27.—(Special.)—R. L. Borden has mapped out a program for his Quebec tour, which is interesting, as the Conservative leader will now for the first time invade a purely French-Canadian district. Mr. Borden has several times spoken in Montreal, but has never tried Three Rivers. He will speak in Quebec on the 29th, Three Rivers on the 30th, in Valleyfield on the 31st, in Montreal on Sept. 3 and in Ottawa on Sept. 6.

TO REMOVE PREJUDICE. Jap Premier Appeals For Better Relations With Russia.

TOKYO, Aug. 27.—The Official Gazette to-day publishes certain instructions from the premier to the local authorities which dwell upon the importance of removing the feelings of suspicion and prejudice that might still remain in the minds of some people against Russia and the Russians. The premier emphasizes the necessity of carrying into practice the spirit of the agreement recently concluded between Russia and Japan and making the relations of both nations as friendly as possible.

ANARCHIST GOLDMAN SUGGESTS UPEHAVAL IN UNITED STATES.

AMSTERDAM, Aug. 27.—A small army of detectives of almost every nationality is here to watch the delegates to the anarchist congress now in session. The Dutch authorities are most anxious to have taken special precautions to guard the government buildings against outrage. It is understood that at yesterday's session, which was held behind closed doors, Enrico Malatesta and Emma Goldman made violent speeches, the latter advocating a "reign of terror" as the means of readjusting social conditions in the United States.

WHEAT AT THREE FIGURES. Backward Weather Sends October Option One Point Higher.

WINNIPEG, Aug. 27.—(Special.)—But few days more of such weather conditions as have prevailed recently will be required to make wheat reach three figures on the local market. Backward weather and a prediction of frost at local points to-night were features that brought the October option to one point below 99 cents.

Drink Inks to Die. Harry Dean, a young barber, employed in the Rossin shoe shop, attempted suicide by drinking a bottle of indelible ink there yesterday afternoon. He had received a letter telling of the death of a relative. He is at St. Michael's Hospital and will recover.

FAIR OPENS IN DRIZZLING RAIN BUT CEREMONY IS A SUCCESS

OPENING OF THE EXHIBITION—Scene in Dairy Building When Earl Grey Pressed the Button.

A Large Attendance on Grounds, Altho the Night Performances had to be Cancelled—Earl Grey Guest at the First Luncheon.

It wasn't exactly ideal weather for the 29th annual opening of the Canadian National Exhibition. The skies were leaden all day long and, what was more, rain poured at intervals of varying regularity from the forenoon until well on into the night. But for all that, the scattered thousands who were attracted to the opening ceremonies were denied only two features of the day's program. The air ship did not ascend into the murky ether and the grand stand performance at night, including the spectacle of the fall of Badajos, the fireworks and the Duss band, had to be called off.

The button was, however, officially pressed by Earl Grey, the doors of the various buildings were thrown wide open and the afternoon performance was held within the enclosure, providing excellent entertainment for a gathering of 8000.

Big Crowd, Just the Same. Just how many people passed thru the gates was not made the subject of an official count. The evening grounds look on a somewhat deserted and desolate aspect, inasmuch that the bandmen of the 48th Highlanders quit their posts thru lack of listeners, but the rain was beating down pitilessly enough to dampen the enthusiasm of the crowd.

What the Show Looks Like. The public found the buildings and their contents looking more attractive, probably, than had been anticipated. In the manufacturers' building practically every exhibit was in a state of finished completeness, and the same was true of the new horticultural building, whose striking architectural design was a revelation to most of the visitors. The art gallery, with its fine collection of paintings, Canadian and foreign, the women's building, process building, natural history building, and, indeed, every nook and corner of the grounds, was invaded and admired by the assembly of novelty, for the exhibition really never grows old.

In one regard only was impatience shown. There was no slight vexation and disappointment over the failure of Aerial Navigator Robinson to carry out the tight landing at the spectators waiting in a drizzle for more than an hour. The reason given was that there was danger of the air-ship being carried out over the lake, but as there was only a very moderate wind blowing, and as the claim had been made that the air craft was more than navigable and independent of weather conditions than a balloon, the would-be sightseers had their faith well exercised, and that every effort will be made to ensure an ascent this afternoon.

At the Luncheon. The formal opening ceremonies were Continued on Page 8.

PHYSICIAN BY DAY A BURGLAR AT NIGHT

Pennsylvanian "Raffles" is Sent Down For Five-Year Term.

WESTCHESTER, Pa., Aug. 27.—Judge Butler to-day sentenced Dr. Benj. Holbrook, who was convicted of robbing schoolhouses and railway stations, to five years imprisonment. Dr. Holbrook by day was a well-to-do, courteous physician and by night an audacious burglar, looting railway stations for miles around Coatesville, where he made his home.

An Express. The express of table water, radnor, is a Canadian product and is bottled at its spring in the foothills of the Laurentian Mountains. Every precaution is taken in order that this mineral water can come to us as fresh, sparkling and invigorating as it gushes forth from its spring. Radnor not only makes the very best mixer with whiskeys or rye, but it is invaluable for convalescents, who find it, mixed with milk, most pleasant to the taste. Always keep a good supply of radnor in your cellars.

PROHIBITED FROM BARS FINED FOR ASKING DRINK

Kingston Man is Punished for a Queer Violation of the License Laws.

KINGSTON, Aug. 27.—(Special.)—A case was tried in the police court to-day that is of more than ordinary significance. It was based on a violation of the license law fixing the liability of a prohibited person in asking liquor from a licensed vendor. The man in the case was Arthur P. Woodside. Some time ago he was complained of by the license inspector by a hotelkeeper for calling at his bar and requesting liquor. The inspector at once laid a charge against him, but before the trial Woodside slipped to the States. Yesterday he returned and gave himself up. He was found guilty and fined ten dollars and costs.

Painters Will Go Away. The Painters' Union at their meeting in the Labor Temple last night elected Harry Long business agent. They decided to go to St. Catharines on Labor Day to take part in the painters' demonstration there, which will be attended by the unions from Rockport, Niagara Falls, N.Y., Hamilton, Dundas and Brantford.

BRITISH ARMY SUPPLIED FROM THE U.S.

Haldane Explains Purchase of 100,000 Horse Shoes—Says he Buys in the Cheapest Market.

LONDON, Aug. 27.—The British war secretary, Mr. Haldane, answering a question in the house of commons this evening, announced that he proposed purchasing army stores in America when he can get them there, equally good or better than elsewhere, at more satisfactory prices, without apologizing to the local protectionists, who insist that British firms should be given the preference, irrespective of price or quality.

The matter was brought up by Sir Howard Vincent, Conservative and fair trader, representing the central division of Sheffield, who asked for explanations of why the war office ordered 100,000 pairs of horse shoes in the United States for the use of the British cavalry, instead of supporting British industries and workmen. Mr. Haldane, in his reply, said the American goods were satisfactory, both as regards price and efficiency, and in the interests of the economical administration of the army, he declined to disregard this source of supply.

CHINESE RAIN FUSILADE TROUBLE LIKELY TO ARISE

Regina Colony Claim International Privilege and Serious Developments are Expected.

REGINA, Sask., Aug. 27.—(Special.)—When officers of mounted police and city police railed Chinese residents in Regina on Friday evening and took into custody for a few hours some sixty-five members of the Chinese colony they raised a fusillade of international privilege and serious developments are likely to follow. To-day summons were issued before Magistrate William McCausland requiring the presence of a number of city police authorities, which civil proceedings are started in another direction. The Chinamen, who have not taken the oath of allegiance to the British crown, claim residence rights in a foreign country, and as subjects of the imperial empire they are seeking the protection of the consulate.

An appeal is to be made to the Pekin Government, and it is expected that an international question will be raised. Civil action is to be taken against the British Government, and a number of Chinamen, and it is possible that a similar suit will be entered against Frank Ford, deputy mayor, claiming damages for their alleged action in authorizing the arrest and detention of Chinamen.

DROWNS CHILD AS SACRIFICE. Grazed Bookkeeper's Awful Crime—Confesses to Police.

DETROIT, Mich., Aug. 27.—Albert Stenmelin, a bookkeeper, became insane to-day and taking his two-year-old daughter to the Belle Island bridge to-night, threw her into the Detroit River, and watched her drown. Stenmelin believed he was making an acceptable human sacrifice to God for the sins of the world. Leaving the bridge he went to police headquarters and told what he had done.

HAD TO HAVE THEM HERE. Dineen's Rushed Along Some New Paris and London Ideas.

The privilege of seeing the very latest ideas from Paris and London is that almost sacred subject of feminine concern—millinery—is provided by Dineen's for Torontonians and their host of exhibition visitors, who are cordially invited to the palatial store at Yonge and Temperance-streets. These niceties arrived this week by fast express from the famous fashion centres, and yesterday they were carefully critiqued and often ardently admired by many decidedly interested parties. Everyone caring about these things is asked to call. Dineen's is Canada's pioneer headquarters for millinery. They have supplied the adornment for many of the cleverest heads, and the most fashionable men in Canada for nearly half a century. They have been equally successful in pleasing the ladies. The best product of the most famous makers is Dineen's, and prices are most moderate, while quality and satisfaction are obtained.

Dineen's furs are famous, and make the finest display on the continent. If the show rooms just now. Remember the August sale, which ends this week. You get a genuine 25 per cent. discount on any fur garments, and Dineen's will store the purchase for you. If your specialty is a d'laits and you want it. Dineen's display is one of the important points of interest in Toronto during the fair.
