NON-DELIVERY OF  
BONDS INCONVENIENT  
Registered Victory Script Has Not Arrived.

FEW SAMPLES ARE HERE  
Most of Buyers Unable To Dispose of Securities if They Desire.

Delay on the part of the Government in issuing registered bonds of the 1918 Victory issue is causing considerable concern on the part of purchasers, according to reports from the local banks. The fact that, unlike the 1917 bond issue, the script or temporary receipt issued before the actual bond is handed over is not negotiable, makes matters worse from the point of view of some investors, because it means that, as a result of the delay, they are unable, even if they so desire, to dispose of their securities.

**Few Are Here.**  
It is pointed out that the 1918 bonds are not issuable until the final payments are made. In the case of most purchasers, however, the full amount was paid in November, at the time of purchase, and requisitions for these bonds were forwarded to Ottawa immediately. A few small batches have been received and distributed by the banks, but by far the greater proportion have not yet come to hand.

**Others Delivered.**  
The coupon and other unregistered bonds were issued direct by the banks in the case of the 1918 bonds, and these have all been delivered to the purchasers long ago. Those who bought registered bonds are the only ones who are being kept waiting.

Various possible explanations of the delay are offered by the banks. The finance department, it is pointed out, has a tremendous amount of work in connection with the issue of interest checks for the 1917 bonds, of which several thousand are sent out at each interest period.

It is suggested also that, as the 1917 bonds were sold before final preparations had been made for handling the issue, disorganization to some extent followed as a natural consequence, and the department found itself called upon to handle a new issue, which was not in a condition of more or less muddle over the previous one.

**Interest Will Be Paid.**  
The banks point out that inconvenience is the worst that purchasers of 1918 registered bonds will have to suffer, and that they can be quite confident that their interest checks will reach them and that the bonds themselves will come to hand sooner or later.

Referring to the fact that script certificates for the 1917 issue were negotiable, the accountant of one local bank stated that this had resulted in many of the bonds being sold at a profit, and that the script had changed hands so often that the bank was unable to discover to whom the bonds were issuable.

**SOLDIERS AT BYRON TO RAISE \$400 ON BEHALF OF THE SALVATION ARMY**

Though the Salvation Army work campaign does not begin until next week, a number of large subscriptions have already been received. In addition to the county and several local firms have given generous checks and probably the subscription will reach its goal in a few days. It is not in bulk, will be that of the military patients at the Byron Sanatorium. The best part of the offering is that the money will be given to the army and not to the government. The work of the Salvation Army. They are giving with a right good will to their own request. Adjutant Martin went down to address them on Wednesday at the noon hour. They would like to achieve the objective of an average of a dollar each, a total of between \$300 and \$400.

Proposed the subject of the need of support for Salvation Army work overseas, now that the armistice is signed, word has been received that General Fitching, officer in charge of the London (England) area of the Salvation Army, has recently taken over 65 buildings for the purpose of being housing of the soldiers during demobilization. These buildings are divided into five districts, each district having a messing center, and each building having its own reading-room, recreation building, bath and shower facilities. The 65 buildings have sleeping accommodation for 3,000 men. The greater demand by the imperial army staff for accommodation in France, large additions have been made there to hostel and bed equipment.

**MISSED PURSE WITH \$78, BUT RECOVERS IT FROM BOY WHO WAS VISITOR**

Losing her purse containing about \$78, Miss Horton of the Children's Aid Society office spent an anxious time for a few hours Wednesday night before it was recovered. She had laid it on the desk in the office and was talking to a woman who had called on business. With the woman was her lad of eight years of age.

When Miss Horton was preparing for home she missed her purse and immediately began a search. Finally it was decided to visit the home of the woman and make an investigation. The lad was questioned and after some time the money was found in the bedroom where it is presumed he had thrown it. He went to the chicken-house and returned with the purse. Everything was discovered intact. It is unlikely that any further proceedings will be taken in the matter.

**LIBERAL EUCHRE PARTY WELCOMES OLD FRIENDS**

On Wednesday evening the Liberal Club held a euchre tournament. While the members were in the midst of an exciting game, Captain Chester Butler and Pte. Albridge, two old members of the club, surprised the players by calling in unexpectedly. Three hearty cheers were given them. John Temple of 308 Grey street won the prize donated by Hargan Brothers, with a score of 100 points. Wednesday, February 12th, it will be "ladies' night" at the Liberal Club. Cards and dancing will be enjoyed.

DR. M'CRAE NEW  
CHAIRMAN OF  
LIBRARY BOARD

Librarian Landon Reported  
270,000 Books Circulated in 1918.

Rev. Dr. D. L. McCrae was elected chairman of the public library board at the inaugural meeting last night. B. O. Cann was elected chairman of the finance committee, and Dr. A. O. Jeffery, K.C., chairman of the library committee.

The annual report submitted by Librarian Fred Landon showed a circulation of books in 1918 totalling 270,000. The east branch loaned out over 50,000 books in the year. Over 25,000 books were loaned to the city schools for use as supplementary readers. The reference department of the main library was used by 21,655 persons and of these 4,827 received personal assistance from the library staff. The number of books used in the reference department was over 30,000. From the art department over 1,000 pictures were loaned to teachers and others.

One of the most striking features of the report was the fact that at the end of January there were 17,091 registered borrowers holding library cards, or almost one in three of the city's population. As cards expire in three years these figures are a record for the city.

The monthly report of the librarian for January showed a total of 28,060 books loaned out, the largest number since the opening of the library. The division was as follows: Main library, 20,238; east branch, 5,537; south branch, 2,285. This is the first month that the south branch has been open.

**W. FORBES CHOSEN ST. ANDREW'S SOCIETY PRESIDENT FOR 1919**

Excellent Reports Presented of Last Year's Work.

Splendid reports of the past year's work were presented at the annual meeting of the St. Andrew's Society, which was held last night in its rooms on Richmond street.

Dr. D. L. McCrae was elected honorary president and William Forbes was elected president for the ensuing year. The other officers chosen are as follows: First vice-president, A. G. McCulloch; second vice-president, G. W. Stuart; secretary, T. B. Hynd; treasurer, T. Cornelius; auditors, J. B. M. Ferguson and R. Munro; relief committee, R. Munro, W. Forbes and A. M. Buchanan; entertainment committee, G. W. Stuart, R. Munro, W. Forbes and W. Sangster; bard, Malcolm MacCormick; minstrel, A. G. McCulloch; chaplain, Rev. C. C. McGregor and Rev. Dr. D. L. McCrae; piper, Pipe Major T. MacDonald; medical committee, G. W. Stuart, T. B. Hynd and T. Cornelius.

The retiring treasurer, J. B. M. Ferguson, reported that the finances of the society were in a good condition. After all the expenses had been paid, including a goodly sum for relief, there was a balance on hand of \$234.

Secretary T. B. Hynd, in a comprehensive report, gave a resume of the work of the society during the year. He pointed out that since the reorganization of the society it has steadily grown, and anticipates even a larger gain this year. Special mention was made of the report of the fact that the members of the society were in a good condition.

**OPERATIONS IN MOORE**

Oil and Gas Company at Work There.

Not since the days of the Petroleum boom have such extensive operations been in the way of oil drilling been in progress in the township of Moore, Ontario by corporations, syndicates and individuals as at present. Extensive drilling for oil is being done by the Castle Oil and Gas Company, Limited, of the United States, in the township of Moore, Middlesex, and in Sutherland, township of Euphemia, Lambton County.

While Western Ontario operations of this company are confined to these two townships, the company has extensive interests in the townships of Delaware, Canadara, London, Westminster, Dorchester, North and South, and in the Niagara. Two fields are being developed in the United States, one in Louisiana, the other in Wyoming.

had been invited by the Rotary Club of the Harry Lauder bazaar, and the thanks of the society was recorded. The sympathy of the society was also expressed in the report to Alex Fraser in the loss of his son, Capt. Bruce Fraser.

A hearty vote of thanks was extended to J. Kilgour for his work as collector for the society. A brief address Mr. Kilgour expressed the pleasure it had been to him to meet from time to time with kindred spirits of Scottish descent.

W. Forbes, the president-elect, on taking the chair, assured the members of his appreciation of the honor conferred upon him and promised that he would do all in his power to make this year a banner year for the society.

Votes of thanks were passed to the officers and members of the committees who had contributed to the success of the last year.

**G. OF C. MEMBERS VOTING ON PEONY AS CIVIC FLOWER**

Have Two Other Questions Before Them.

Three matters are being submitted at the present time to members of the London Chamber of Commerce for a referendum vote, in accordance with the constitution re questions of public policy or interest affecting the entire membership.

The first is the question of the adoption of the peony as London's civic flower, a joint committee of the Horticultural Society and Chamber of Commerce unanimously recommending the peony "on account of its beauty, perfume, ease of culture, adaptability to climate, freedom from disease, surety to bloom and long life."

The second question is in regard to a recommendation of the joint committee of the Horticultural Society and Chamber of Commerce that the Chamber of Commerce go on record as favoring the payment of a full mill for park maintenance.

The third question is that of municipal improvement of the park work by war veterans, war workers and local labor.

LECTURE ON PLEURISY GREATLY APPRECIATED

Capt. D. A. Craig Took Place of Lecturer Unable to Come.

In the absence of Dr. J. W. Ross of Toronto, who was to have addressed the Academy of Medicine here yesterday on the subject of bacterin therapy, but who was prevented by illness from attending, Capt. D. A. Craig, of the local military chest specialist, delivered an excellent lecture on the subject of pleurisy. The lecture was followed by a very general discussion. The attendance was very large, and great appreciation of the way in which Dr. Craig handled his subject, which was of particular interest to the academy in view of the prevalence of pleurisy during the influenza epidemic.

Dr. Ross hopes to be able to visit the city and give his address in the course of about a week or ten days.
