ALL SORTS OF "ISSUES" FOR THE NEXT ELECTION

But Ratepayers Should Not Forget to Pick Out the Hydro-Electric Power Candidates.

HAMILTON, Ont., Sept. 22.—(Special)—The discovery of the North Pole appears to be about the only thing that will not be an issue at the next municipal elections. There will be moral reform, temperance, and hotel licenses, tickets in favor of a large expenditure on road works and sewers; Conservative and Liberal candidates; and candidates of all manner of stripes. These who are kicking up all the dust are keeping strictly in the background, but are industriously pulling strings to procure the question as to whether Hamilton is to have a council subordinate to the power ring, or one that will join loyally with the Whitney government in giving the people of Hamilton cheap electric power and light.

The fair of the South Wentworth Agricultural Society opened at Maple Leaf Park this afternoon, and will continue tomorrow. There was a slight accident this afternoon. Wm. Hamilton, whose home is near the Delta, was thrown out of a rig and had his shoulder dislocated.

The first fall parade of the 91st regiment was held this evening, with a turnout of 350, which was considered very satisfactory. Lieut. Col. Bruce outlined the program for the season.

The local coal merchants held a meeting in the board of trade this morning with the object of settling the rate-cutting war. They hope to succeed by Oct. 1 in lowering the price from \$4.25 to \$3.75, but there were so many absentees this morning that action was deferred until a full attendance can be secured.

Frank Quinn, acting chairman of the board of health, announced today that he would be a candidate for the board of control, and would make the question of better accommodation for fever cases an issue. He says he will stir up the "horror" nest for the aldermen and hospital governors. He maintains that a separate institution for fever cases can be run as cheaply by the board of health as by the hospital governors.

The hospital governors announced today that they would take care of all fever cases on the city hospital grounds, and they are trying to arrange for the use of the hospital built by William Southam for convalescents.

The government will do some dredging in front of the reclamation wall, increasing the depth from 14 to 16 feet.

Reduced Price For Gas. The price of natural gas under the terms of the company's bylaw, will be reduced from 45 to 40 cents a thousand feet on Oct. 1.

Provincial Inspector Ayscarr and two other detectives claim that they made a seizure of liquor at the Halfway House, which lost its license last May. Prosecution will follow.

Amie Merry, the girl who said she was detained against her will in a house, but who afterwards went back on her story, is back in the hospital again, seriously ill.

Set Fire to Girl's Clothing. A nine-year-old boy is accused of setting fire in a spirit of mischief, to the clothing of the five-year-old

daughter of Mr. Turner, Kenilworth. The girl was badly burned, but will recover.

F. D. Gausby has joined the firm of Nesbitt & Gaud.

William Crooks, Bramford, has been appointed tenor soloist of the Central Methodist Church.

The "Right House," has secured an interim injunction restraining The Times from bricking up a couple of windows the south side of its building.

The milk dealers are threatening to increase the price of milk from 6 to 7 cents a quart.

There is talk of annexing a large section to the west of the city, including the high level bridge district and Carroll's point.

The amalgamation of the board of health and hospital board is one of the schemes suggested for doing away with the jangling between the two bodies.

William J. Couthurst was married this morning in St. Joseph's Church, Miss Frances D., eldest daughter of Daniel McCarthy, and sister of "Doc" McCarthy, night clerk at the King Edward Hotel, Toronto.

To Have a Shamfight. On account of the fact that the regular Thanksgiving Day sham fight at Toronto will not be held this year, the local garrison has decided to hold one for Hamilton regiments.

John M. Comph, Marietta, Pa., and Miss Elizabeth W. Trice, were married this afternoon.

Aldermen Lees, Cooper and Anderson will probably be the temperance candidates for the board of control.

Advertising is a mighty hard subject to condense within the limits of a five minutes' talk. It is broad as the ocean sometimes as deep and often times as equally shallow at large.

Devoted of Experienced Teachers. Our great army of business-men readers, as well as advertising agencies, are invited to express their views on the merit, value, growth and future of advertising. By such interchange of views great good, it is felt, will come to all participants.

PEARY PREPARING STATEMENT

Will Try to Answer Query "Has Cook Reached Pole?"

TRURO, N.S., Sept. 22.—Commander Robert E. Peary had no further statements to make to-day regarding the polar controversy, and while traveling westward to his home in Eagle Bay, from Sydney, spent the time going over his correspondence.

Commander Peary received by cable an invitation to lecture before the Royal Scottish Geographical Society. An enthusiastic crowd, which had gathered at New Glasgow, to witness the departure of two wedding couples, cheered Commander Peary, and threw rice at his car windows. The explorer was given a round of applause when he appeared on the platform, thinking
