A Group of Bags Specially for the Young Girls

There's a "Grown-up" air attached to the hand bag that has a fascination for every young girl. We know from experience that the girls are just as exacting in their taste as any grown-up; they want the very newest, and they want them at the proper time; consequently we provided for their needs early in the season, so that now while the costume or gown is being fashioned the bag is here ready to add to its completeness.

There are little velvet bags, with fancy gilt frames, nicely lined and fitted with a neat change purse.

Then there's the "Mabel Hite" bag, the popularity of which is assured—the patent bag, which is the essence of smartness. "I would look well anywhere, and it's a bag that will go with any style of dress or costume."

Also a large assortment of fancy leather, well-made and neatly lined, some with leather, others with moire and fitted with change purses. These bags stand for plenty of good wear.

We specially selected an interesting assortment for her choosing, Thursday, priced for 1.00 to 1.50.

The Refinishing Process Simplified

No matter how "settled" you are in your home, either town, beach or country, you will find some painting and varnishing to be done. And we have the materials.

Our own Diamond Brand of Varnish and Floor Lac are two of our ideal preparations for use on woodwork and floors. Every argument for sanitation and neatness is a reason for painting or staining floors instead of using carpets. And as a matter of beauty there's no comparison between paint and the old methods.

Pictures Adapted For the Bride's Home

Apparently our buyers had in mind the bride's new home when making many of their selections, for we've received from Europe a number of high-class Oil Paintings of bright and happy scenes, in French and Italian homes, and the ever attractive cavaliers in their gaudy costumes, also exterior paintings of pretty village, landscape and pastoral scenes. There are paintings in this gallery as low as 4.50 and up to 400.00.

In Water Colors there is just as good a selection in a variety of land and water scenes and character sketches, all are framed in high-grade gilt mouldings. Prices from 3.25 up to 40.00.

In the other galleries are pastel paintings, English photographs, hand-tinted photographs, facsimiles and hundreds of novelty pictures, at reasonable prices ranging from .75 to 12.00.

A few exquisite Art Mirrors, recently imported from England, are also displayed, French, Louis 15th and Georgian designs. Prices from 9.00 to 65.00.

All sizes and styles of pictures we will frame at reasonable rates in any moulding desired.

Three Half Price Wall Papers

A wealth of odd ends of varied wall paper lines, each enough for a room or more, will make excellent choosing for careful buyers.

The first group at 15c is made up of American wall papers of the higher grades. There are the usual snappy designs and satisfying color schemes that give the American goods their great vogue. Thursday, half price, per single roll, .15.

The second at 11c is an English aggregation, suitable for the better-grade rooms in your home as well as for bedrooms. There is considerable variety in pattern and tint and the papers were all taken from this season's best selling lines. Thursday, half price, per single roll, .11.

The third lot at 12½c is composed of German and French papers, in grey, brown, blue, red and green, well printed and really handsome papers as back grounds to pictures or bric-a-brac in dining-room or den. Thursday half price, per single roll, .12½.
