

GUELPH.—We thank God for what he has done for us on this Mission the past year. After filling up the ranks occasioned by deaths, fallen, and removals, we are able to report 85 members as the total of the Mission force. In the winter we held a protracted meeting at Brock Road, and a precious revival took place: it was supposed about 50 persons were awakened: 37 joined our Society; the rest went to other Churches. We *immediately* proceeded to provide for our additional charge, in arranging for a new chapel, which will be opened this summer. We believe it will be debtless, as most of the materials will be given, and a large proportion of the labour performed gratuitously. We have peace in our borders, and are expecting greater things.

(Signed)

T. ADAMS.

PEEL AND WELLESLEY.—With respect to this Station, we have an increase of 25 Members; but our Mission finances have *declined*, through the straightened state of finance in the country: but our Missionary monies are in *advance*; and our congregations are improved: our Local Preachers have well sustained the Mission, some of whom have travelled more than 60 miles to Sabbath appointments; but in consequence of nearly one-half of our appointments being in an entirely "new country," little or nothing can be obtained from such places towards a Missionary's support. However, we are all encouraged to go on in the power of the Lord, as a part of the Primitive Methodist Mission work.

(Signed)

WILLIAM STOURBRIDGE, President.

WILLIAM LOMAS, Secretary.

BRANT.—Grace, mercy, and peace be multiplied. We believe the state of this Mission is improved, as our congregations have steadily increased. We have taken up half-an-acre for another chapel, and most of the materials are forthcoming. We are sorry to report our financial matters as low; and we are afraid that this Station will require some time ere it be self-supporting. We earnestly, dear Brethren, request your continued support, and fervent prayers on our behalf, that God may pour out his Spirit upon us, and mightily revive his work in this distant part of our Zion.

(Signed)

I. RYDER.

W. ANSTEAD.

JOHN GRAINGER.

W. MORTON.

Steward.
