MRS. BOWBEER,
Superintendent.

SABBATH SCHOOL WORK.

In presenting my report for this line of our work, I feel strongly impressed to say that the time has come when each one of us should say earnestly, help our local Superintendents with this work by seeing after our own Sunday school, asking our Sunday school Superintendent if he would permit us to bring an earnest temperance worker, to not only address his Sunday school, but also his teachers meeting, and if he would appoint a Temperance Secretary for his school. In this way all of the schools in, the various Districts could be well worked. I wish to very heartily thank the President and all the other members of the W.C.T.U. who have helped in this work by their earnest addresses given in the different Sunday schools.

Youmans Union reports that Sunday school temperance literature has been distributed.

Creighton gives a most encouraging report, several ladies of the W.C.T.U. gave very able addresses in their schools, and if the interest shown by the scholars counts for anything, very favorable results may be expected.

In Dovercourt Union they are commencing to work on this line.

Central is to the front as usual, giving a most satisfactory report, and shows that the volume of work accomplished during the year is very large. 21 visits have been made by the Superintendent to the Sunday school in her District, and 12 addresses given by the W.C.T.U. ladies.

Northern Union reports all the Sunday school officers in full accord with our work. 8 addresses have been given by some of our own women, and the regular quarterly temperance lesson has been taught. The Superintendent of this Union suggests that we impress upon the Sunday school authorities more than in the past, the great importance of regularly presenting Pledge Cards.
