## CANADIAN PACIFIC COMPART-MENT-OBSERVATION SLEEPERS

A most attractive feature of Canadian Pacific service between Saint John and Montreal is provided by the Compartment-Observation sleepers which are now running on train 15, leaving Saint John at four o'clock in the afternoon, and on train 16, leaving Montreal at seven o'clock in the evening.

Each of these cars contains one drawing-room, three compartments, a large observation room and an observation platform, the latter of course being always placed at the rear end of the train. The observation room, which is fitted with large windows, giving a practically unobstructed view on three sides, is intended as a lounge for the benefit of all sleeping-car passengers on the train. It is supplied with the latest magazines, as well as with stationery and a writing-desk.

Each compartment contains one lower and one upper berth, and all toilet facilities, much like a drawing-room. Patrons traveling alone or in parties of two, who are unable to secure a drawing-room.

Patrons traveling alone or in parties of two, who are unable to secure a drawing-room, will find a compartment most convenient, as well as distinctly lower in price.

Needless to say, the whole car is fitted up to the best Canadian Pacific standard, thus ensuring complete comfort to the traveler.

**EVEN LIVERS GET LAZY!** You get lazy—everybody gets lazy—even your liver gets lazy now and then. When you get that tired, lay-me-down-and die feeling take 15 to 30 drops of Seigel's Syrup in a glass of water. Does the trick and safely. You'll feel like new!
