GUARD AGAINST THE 'FLU'

Serious Outbreaks of Influenza All
Over Canada.

GOOD HEALTH IS THE SUREST SAFEGUARD

'FRUIT-A-LIVES' Brings Vigor and
Vitality and Thus Protects Against
Disease.

There can be no doubt that the situation regarding the spread of influenza throughout Canada is one of grave concern. It is quite true that the number of cases does not constitute an epidemic such as caused the suffering and sorrow during the terrible days of 1918. Yet there is no disguising the fact that everyone should be on their guard against the disease.

In Montreal alone, from January 29 to February 21, three thousand, one hundred and twenty-two cases of influenza and 180 deaths from the disease were reported to the Health Department. If the outbreak had come at the beginning of the winter instead of the end, we might reasonably feel that the very cold weather would check the spread of the disease. But coming as it has, at the end of the winter, there is grave fear that an epidemic may occur. For spring, with its slush and rain, constant changing from cold to warm and back again, is a prolific source of coughs and colds, pleurisy and pneumonia.

The best protection, in fact, the only safeguard against the flu, is, GOOD HEALTH.

Those who are not as well and strong as they should be, those who are underweight, those who are "run-down," through overwork or sickness; should build up at once. What they need is a blood-purifier, a body-builder, a strength-giver, like "Fruit-a-lives," the wonderful fruit medicine. "Fruit-a-lives" regulates the kidneys and bowels, causing these organs to eliminate waste regularly and naturally as nature intended. "Fruit-a-lives" keeps the skin active, and insures an abundant supply of pure, rich blood. "Fruit-a-lives" tones up and strengthens the organs of digestion, sharpens the appetite, brings restful sleep and renews the vitality of the nervous system. "Fruit-a-lives" contains everything that an ideal tonic should have; to purify the blood, to build up strength and vigor, and to regulate the eliminating organs, so that the whole system would be in the best possible condition to resist disease.

Now is the time to build up your health and strength, not only as a precaution against the ravages of influenza, but also to protect you against "spring fever" and the inevitable reaction which comes with the appearance of warmer weather. Get a box of "Fruit-a-lives" today and let this fruit medicine keep you well. "Fruit-a-lives" is sold by all dealers at 50c a box, 6 boxes for \$2.50, trial size 25c, or sent postpaid on receipt of price by Fruit-a-lives Limited, Ottawa.

ISLAMISM IS DECLARED OPPOSED TO BOLSEHEVISM

Moslem Theological Academies Com-
mittee Issues a Denunciatory State-
ment.

(By Mail to the Associated Press.)
Constantinople, Friday, February 19.—
Bolshevism is denounced in a statement
issued here by the Central Committee
of Moslem Theological Academies, it
being described as a "danger that
threatens civilization, justice and right."
"The attention of statesmen who are
deciding the destinies of nations is at
present engaged chiefly with the ques-
tion of Bolshevism," the statement says.
"Be the principles of Bolshevism good
or evil, the fact is that their application
is harmful to humanity. The social life
of the individual and the rights of prop-
erty make it impossible for the principles
of Bolshevism to conform to the prin-
ciples of Islam."
"Islam requires happiness, tranquility
and general progress, and therefore it
forbids taking the life or property of an-
other, and most emphatically insures the
rights of individuals and communities.
Consequently it is the ruling of Islam
that every individual has the right to
dispose of his property during his life-
time or direct its disposition by will af-
ter death. The attitude of Islam may
be summed up by saying it is the duty
of the Khalifat, in the interest of the
Islamic religion, to oppose Bolshevism
as a danger that threatens civilization,
justice and right."

CROWN LIFE

Striking Features of
the Year 1919

1. Unprecedented volume of business.
2. Heavy cash collections—premiums and interest.
3. Very low cancellation rate.
4. Heavy decrease in expense ratio.
5. Increase in rate of interest earned.
6. Favorable mortality experience.
7. Increase in Policyholders' Surplus.

It will pay you to insure in this sound,
aggressive, rapidly expanding Canadian
Company. We have a policy to suit
your needs.

Complete Report will be mailed on request.

THE AMBASSADOR TO WASHINGTON

An Interview With Sir Auck-
land Geddes

Expresses His Keen Desire to
Help Promote Anglo-
American Fraternity—
Comment on His Appoint-
ment.

Special cable to the Christian Science
Monitor from its European News Office,
London, England, (Tuesday)—Sir
Auckland Geddes, a representative of the
Christian Science Monitor understands
leaves for Washington probably in a
month. His salary as ambassador will
be double that of his predecessors, since
the salary they received was always in-
adequate, and the cost of living and the
exchange has gone against ambassadors
as well as against "mere people."
In a conversation with a representative
of the Christian Science Monitor today,
Sir Auckland gave expression to his keen
desire to help promote that Anglo-Amer-
ican fraternity and mutual understand-
ing which many consider the prime es-
sential of future world progress. Natu-
rally he hopes for much in this direction.
In the coming together and closer link-
ing up of university and public school
elements on both sides of the Atlantic
University and school men, in fact, he
regards as largely molding the thought
of their fellows and, therefore, he re-
poses great hopes upon the growth
among them of mutual understanding
and sympathy which would in due course
leaven the whole lump of Anglo-Amer-
ican relations.

Different Points of View.

"What is sometimes forgotten," he re-
marked, "is that, while the British and
Americans have fundamentally so much
in common, they approach every ques-
tion from a very different angle. When
Britons and Americans meet they show
a tendency to assume, because of their
kinship, that they must necessarily look
at things from the same point of view,
and this sometimes leads to disappoint-
ment and trouble."
Sir Auckland is not apprehensive of
commercial rivalry in its effect on Anglo-
American relations. "There is a great
danger," he said, "in conscious national
commercial rivalry after the German
pattern, but ordinary healthy trade riv-
ery is a different thing altogether. There
is, however, danger in that enormous
fear of each other's good intentions and
good faith which my correspondence re-
veals as existing between the American
and the British commercial worlds. This
will have especially to be guarded against
in the next few years," he said. "The
aim is striving to recover her foothold in
the world's markets."

American Demand for British Goods.

Sir Auckland is, of course, in day-to-
day touch with trade developments and
is most optimistic on British prospects.
The American demand for British goods,
he says, is at the present moment far
beyond the British present output and
otherwise prospects are of the brightest.
His attention being drawn to the con-
tinental press tendency to represent the
peace conference as tending towards a
league against the United States he said:
"The British peace delegates have al-
ways stood firmly against any tendency
to league against anybody, let alone
America. The British attitude is 'we
will join you in a league for self-defense
or for any other constructive purpose but
not in a league aimed against some other
country.' We are standing to the best
of our ability for the fellowship of na-
tions."

Incidentally, Sir Auckland made it clear that economically this fellow-ship must include Germany, if disaster were

A Dyspepsia Cure

M. D. advises: "Persons who suf-
fer from severe indigestion and
constipation can cure themselves
by taking fifteen to thirty drops
of Extract of Root Extract in the
morning and at bedtime. This
remedy is known as Mother
Seigel's Curative Syrup. It is in the
drug trade." Get the genuine 50c
and \$1.00 Bottles.

SINCE 1870
SHILOH
30 DROPS COUGHS

PUT STOMACH IN FINE CONDITION

Says Indigestion Results from an Ex-
cess of Hydrochloric Acid.

Undigested food delayed in the
stomach decays, or rather, ferments the
same as food left in the open air, says
a noted authority. He also tells us
that indigestion is caused by Hyper-
acidity, meaning there is an excess of
hydrochloric acid in the stomach which
prevents complete digestion and starts
food fermentation. Thus everything
eaten sours in the stomach much like
garbage sours in a can, forming acid
fluids and gases which inflate the stom-
ach like a toy balloon. Then we feel
a heavy, lumpy misery in the chest, we
belch up gas, we eructate sour food or
have heart burn, flatulence, water-brash
or nausea.

He tells us to lay aside all digestive
aids and instead, get from any phar-
macy four ounces of Jad Salts and take
a tablespoonful in a glass of water be-
fore breakfast and drink while it is
effervescent and furthermore, to con-
tinue this for a week. While relief fol-
lows, the first dose, it is important to
neutralize the acidity, remove the gas,
make mass, start the liver, stimulate
the kidneys and thus promote a free
flow of pure digestive juices.

Jad Salts is inexpensive and is made
from the acid of grapes and lemon juice,
combined with lithia and sodium phos-
phate. This harmless salts is used by
thousands of people for stomach trouble
with excellent results.

High Opinion Entertained.

There is, however, too much obvious
spies in these comments to make them
important. On the other hand, anything
written by newspaper critics who know
Sir Auckland at first hand reveals the
same extremely high opinion of him en-
tertained by the prime minister and his
immediate colleagues. In the opinion
of good judges, Sir Auckland is the big-
gest man in the cabinet as well as the
biggest intellect. He is transparently
honest, very patriotic and absolutely dis-
interested.

His simplicity of character and natural
courtesy find expression sometimes in a
blunt straightforwardness of speech
which some people do not find to their
taste, especially when it is reproduced
in cold print. Possibly he lacks the
parliamentary sense, though recently he
has appeared to be settling down in the
House of Commons more and more com-
pactly and to be developing a personal lik-
ing for it.

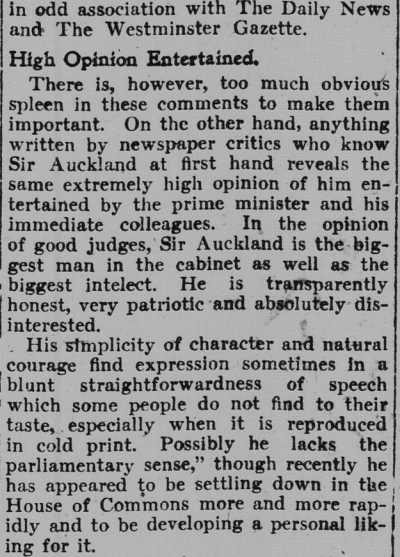

Striking War Record.

Sir Auckland has had a very striking
war and reconstruction period record,
the chief features of which has been the
constant call upon him to handle the

The Better The Brush, The Better The Shave.

Most men gladly pay \$3, \$4 or \$5
for a razor because they want a quick,
smooth, easy shave. Why not pay
\$3, \$4 or \$5 for the better grade of

TO REFINE OILS.

St. Croix Couriers.—The St. Croix Soap
Manufacturing Company has purchased
the strip of land on the water front in
Duke's ward lying between the lumber
wharf of Chas. Murchie and the property
of Chas. McBride. In the very early
spring the company will erect on this
a building thirty by fifty feet, the size
of the old original building in which the
soap company first did business, and in
this they will refine oils to improve raw
materials and increase the sources of
supply for the soap factory. The crude
oils will be brought from the sardine fac-
tories down river, as well as from for-
eign lands and other sources and here
refined for use in the manufacture of
soap.

Minneapolis, March 5.—Canadian silver
is being discounted at Minneapolis banks
today for the first time in many years.
A twenty per cent discount on all silver
money from the dominion was ordered
by the Minneapolis Clearing House Asso-
ciation.

ANY WOMAN'S STRUGGLE FOR GOOD HEALTH QUICKLY REWARDED

A SIMPLE HOME TREATMENT
NOW ADVOCATED THAT GIVES
FINE RESULTS.

When a woman's face grows haggard
and pale, when she is tired all day and
ready to cry when night comes, she
ought to know something is wrong.
Putting off only makes matters worse.
The best advice we can give any sickly
woman is to test out the following treat-
ment:
At the close of every meal, with a
sip or two of water, take two chocolate-
coated Ferronine Tablets. This seems
to be the best thing going for folks that
are tired out, run-down and in need of
a strengthening, building-up medicine.
Ferronine's action aids the three prin-
ciple functions of the body—digestion,
assimilation, elimination.
By strengthening digestion it forms an
abundance of rich, red blood—this gives
good color.
By perfecting assimilation, Ferronine
supplies nutrition—this gives strength,
vitality.
Elimination is assured because Ferronine
quickens the action of the liver,
kidneys and bowels—this guarantees the
maintenance of vigorous health.
Not a man, woman or child needing
blood, vigor, endurance—not a person
in ill-health who won't receive
immediate help from Ferronine.
As a tonic and restorative, as a health-
bringer and body-builder, Ferronine is
unrivalled. It cures because it feeds and
nourishes, because it contains the ele-
ments that build up and strengthen.
Try it yourself—sold everywhere in 50
cent boxes, 6 boxes for \$2.50, or by mail
from The Cetrarhouse Co., Kingston,
Ont.
