several glorious battles and Lionel did his share of the fighting. On the 30th of March, 1918, as he led his men into action, he was struck by a German mine-thrower and instantly killed.

"Your dear son," wrote the colonel to his parents, is a great loss to the regiment. Ever since he joined he has shown a keen spirit and was a most efficient officer. Another of his superiors says that his "quiet manner, composure and gallantry in action are beyond all praise" and regarded him as "one of the best officers in the battalion." He left a young widow and a son of nineteen months old. This boy is the last of the family to carry on the name.

WAR GROWS SAVAGE

Present Methods Contrasted With Those of Twenty Years Ago.

One night, twenty years ago, I sat in an army camp in Cuba during the Santiago campaign, listening to a discussion of war weapons. That day some 2,000 men had been killed and wounded, in a three hours' battle, which involved all of Shafter's army corps, at San Juan Hill and at El Conej. The matter which created the most comment was the very small per cent of mortalities in the casualty list. The wounded would nearly all recover, and, except here and there, without permanent injury.

Two American staff officers were discussing it and praising the Mauser rifle, which the Spaniards were using. I remember distinctly the words of one of the staff officers. He said: "It is a more merciful weapon than the Krag, formerly in use."

Of One Mind.
(London "Tit-Bits.")

A jury recently met to inquire into a case of suicide. After sitting through the evidence the twelve men retired and after deliberating returned with the following verdict:

"The jury are all of one mind—temporarily insane!"

"RESURRECTION"

THE central figure of this great story by Count Leo Tolstoy, most powerful of the Russian dramatists, is Katusha, a beautiful girl who is betrayed by a scion of the royal family. Her resurrection, the agonies of her exile in Siberia, and the final dramatic climax make a picture you cannot afford to miss. Aside from its entertaining qualities, this picture offers a sidelight on Russian standards that offers a clue to thinking people who have studied recent events in that torn country.
