INSPECTION OF THE WOOD STAVE PIPE

Commissioners to Look Into Mat-
ter of Leaks There

An inspection of wood stave pipe on the
Lock Island water extension system will
be made by the commissioners this after-
noon. This section of the line, like some
others has been leaking considerably but
has not received as much attention as the
concrete section owing to the greater
urgency in the case of the latter.

The 6700 pitometers which were pur-
chased for testing the pipes for leaks will
be used this afternoon on the wood stave
section. The first place to be tested will
be the section where the pipe runs under
Little River. If a leak is found there it
will be necessary to divert the river to
allow repairs to be made.

BLIND LEADER OF SALVATION ARMY MAY YET CROSS OCEAN

London, June 6—General Booth, head
of the Salvation Army, in the course of an
interview today, said:

"I am still hoping to go to Canada and
the United States as I bargained for."
General Booth is now on the high road to
recovery, although he is incurably sightless.

MAY SEND UP PRICE OF MEN'S CLOTHING

A Possibility in View of Garment
Workers' Strike in Montreal

Montreal, June 26—If the garment work-
ers' strike continues another week or two,
fall and winter ready-made clothing for
men, may cost from fifteen to forty per-
cent. more than last season. Factories
here were when the strike began more
than two weeks ago, and now that the
business is practically tied up in Mont-
real, where most of the ready-made at-
tire for Canada is made, retailers say
that they will likely be forced to import
garments from the United States.

There is a thirty-five per cent. duty on
clothing coming into Canada, and the
freight on them means a five per cent.
outlay, which would result in a forty per-
cent. increase.

In Toronto, Hamilton and London the
large ready-made clothing factories are
now working overtime to fill the orders
on their books from all parts of Canada
which the crippled Montreal factories can-
not handle.
