

"I" Lt. Rowley, Knight

President, District Court Martial

to find it may concern
where I was called in the
army in August 17, 1942 in Atlanta

I was told that if I did Right
with the army they would do
Right with me so after I was
found fit for the army I asked
for a exemption for two months
so that I could help with the
rest of the crop and other work
such as hauling pulp to the
cars and cutting stove wood but
they told me that they didnt have
the privilege to do that for me and
told me what to do and this is
what I was told to ask my
comanding officer in writings
for leave with out pay telling him
my pack for wanting this leave
that my dad was 65 years of
age and that my mother was 62
