The funeral of the late Donald... Mr. Clay officiated at the residence, Farquhar street, and at the cemetery.

Over a hundred miners' licenses were... When he arrived at his office this morning he found a number of miners waiting to plant down their \$10 bills.

GRABLE'S ENTERPRISE.

Companies Named Which He Helped to Promote. Mr. Grable's name has been connected with the resignation of Cashier Quinn of the Chemical National Bank of New York.

Mr. Grable was a member of the... He had very little personal interest in him at any stage of the proceedings.

THE LABEL SUITS. To the Editor:—As a member of the Fish Bar and a stranger to this country, perhaps, be pardoned for expressing my admiration at the line of the trial.

OF INTEREST TO MEN. The attention of the reader is called to an attractive little book published by Clement Epper, Physician, G. H. Borden, M.D., 222 Water Street, Detroit, Mich.

REGULATIONS

Governing Placer Mining in the Provisional District of Yukon, Northwest Territories.

(Approved by Order-in-Council of 18th Jan., 1898.)

INTERPRETATION.

"Free miner" shall mean a male or female over the age of eighteen but not under that age of joint stock company, named in the title of the certificate, and said mining free miner's certificate, and no other.

MINERS AND THEIR PRIVILEGES.

1. Every person over, but not under eighteen years of age, and not a joint stock company, shall be entitled to all the rights and privileges of a free miner, under these regulations, and under the provisions of the Mining Act, and shall be considered a free miner upon taking out a free miner's certificate.

DOMINION OF CANADA.

FREE MINER'S CERTIFICATE.

1. If a person or joint stock company shall apply for a free miner's certificate, he shall leave the fee required by these regulations, with the officer or other person in charge of the agent's office, such existing certificate, and only desire to obtain a free miner's certificate commencing to run from the date of the expiration of the previous certificate, provided that when he applies for such certificate he shall produce the original certificate, and the same shall be left with the officer or other person in charge of the agent's office, such existing certificate.

2. If any person or joint stock company shall apply for a free miner's certificate, he shall leave the fee required by these regulations, with the officer or other person in charge of the agent's office, such existing certificate, and only desire to obtain a free miner's certificate commencing to run from the date of the expiration of the previous certificate, provided that when he applies for such certificate he shall produce the original certificate, and the same shall be left with the officer or other person in charge of the agent's office, such existing certificate.

3. If any person or joint stock company shall apply for a free miner's certificate, he shall leave the fee required by these regulations, with the officer or other person in charge of the agent's office, such existing certificate, and only desire to obtain a free miner's certificate commencing to run from the date of the expiration of the previous certificate, provided that when he applies for such certificate he shall produce the original certificate, and the same shall be left with the officer or other person in charge of the agent's office, such existing certificate.

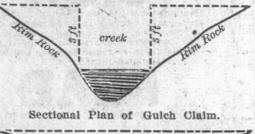

4. If any person or joint stock company shall apply for a free miner's certificate, he shall leave the fee required by these regulations, with the officer or other person in charge of the agent's office, such existing certificate, and only desire to obtain a free miner's certificate commencing to run from the date of the expiration of the previous certificate, provided that when he applies for such certificate he shall produce the original certificate, and the same shall be left with the officer or other person in charge of the agent's office, such existing certificate.

not in any case exceed 1,000 feet on each side of the centre of the stream or gulch.

being located, the free miner, not less than five days after the date of his claim, shall apply to the Mining Recorder for a free miner's certificate.

25. If the "Free Miner's Recorder" fails to issue a free miner's certificate, the Mining Recorder shall be deemed to have refused to issue the same, and the applicant may apply to the Mining Recorder for a free miner's certificate.

26. An entry fee of fifteen dollars shall be charged for every claim, and the fee of fifteen dollars for each of the following years. This provision shall apply to all claims for which entries have already been made.

27. Entry shall not be granted for a claim which has not been staked by the applicant in person, or by some other person, within the time specified in the regulations.

28. An entry fee of fifteen dollars shall be charged for every claim, and the fee of fifteen dollars for each of the following years. This provision shall apply to all claims for which entries have already been made.

29. A statement of the entries granted and fees collected shall be rendered by the Mining Recorder to the Gold Commissioner of the Dominion of Canada, and the same shall be published in the "Gazette of Canada" and in the "Gazette of the Northwest Territories."

30. A royalty of ten per cent on the gold mined shall be paid to the Mining Recorder, and the same shall be paid to the Gold Commissioner of the Dominion of Canada.

31. Default in payment of such royalty, if continued for ten days after notice has been given, shall constitute a forfeiture of the claim, and the Mining Recorder shall be deemed to have refused to issue the same.

32. After the recording of a claim the holder thereof shall be deemed to have accepted the provisions of the regulations, and shall be bound to comply with the same.

33. A "hill claim" shall not exceed 250 feet in length, drawn parallel to the main direction of the stream or gulch on which it fronts. Parallel lines drawn from each end of the hill claim to the center line of the stream or gulch shall constitute the end boundaries of the claim.

34. All other placer claims shall be 250 feet square.

35. Every placer claim shall be as nearly square as possible, and shall be bounded by two legal posts firmly fixed in the ground in the manner shown in diagram No. 4. The line between the two posts shall be well cut out so that one post may, if the nature of the surface will admit, be seen from the other.

36. Any free miner or miners may sell, dispose of or otherwise dispose of his claim, and the same shall be deemed to be sold, disposed of or otherwise disposed of, if the Mining Recorder is notified in writing of the same.

37. The penalty for trespassing upon a claim reserved for the Crown, shall be immediate cancellation of the claim, and the Mining Recorder shall be deemed to have refused to issue the same.

38. In defining the size of claims, they shall be measured horizontally irrespective of inequalities on the surface of the ground.

39. If any free miner or party of free miners discover a new mine, and such discovery shall be established to the satisfaction of the Mining Recorder, creek, river, or hill, claims of the following size shall be allowed, namely:—

1. To one discoverer, one claim, 500 feet in length.

7. That I (or we) make this application in good faith, to acquire the claim for the purpose of mining, or for the purpose of prospecting, or for the purpose of selling, or for the purpose of leasing, or for the purpose of otherwise disposing of the same.

FREE BOOK FOR WEAK MEN

"THREE CLASSES OF MEN" is the title of a little pocket volume I have just issued, showing the effects of early abuse, or later excesses. Every weak man, single, married, young or old, should read it and get the benefit of my thirty years experience, as a specialist in the scientific treatment of Drains, Losses, Impotency, Lame Back, Varicocele and Undevelopment.

MEDICINES WILL NOT CURE.

I know the action of every drug that was ever prescribed, but let me say as physician to patient, as man to man, medicines at best will stimulate. They do not tone. What we must employ is nature's own gift. We need go no further. Why not use that potent force which she so bountifully bestows upon us? That element most important to life is man or beast—ELECTRICITY—With my latest improved Galvani Body Battery and Supporting Suspendory I combine a self-treatment which is positive and lasting.

On my professional word I make this statement: To weak men, young, middle aged or old, who may have the least foundation left to build upon, I promise a positive and permanent cure by the judicious use of my Electric Belt. More than 5,000 attested to this last year.

IT STOPS THE DRAIN IN THIRTY DAYS and causing a free circulation of blood to and through the parts, gives development and speedy cures

VARICOCELE.

I publish in my "Health World," (sent free, sealed with book) more than four hundred sworn voluntary testimonials new every month. I forfeit \$5,000 if the currents from my Belt are not felt immediately upon applying to the body. You wear it at night.

IT CURES YOU WHILE YOU SLEEP. If possible, call and consult me free of charge, or probably you have a friend near by who would examine the belt for you. Write to-day for pamphlet and particulars.

DR. SANDEN, 156 St. James St. MONTREAL, QUEBEC.

MINERAL ACT AMENDMENTS.

The K.M.P.A. Recommended to the Government Basement of Regulations.

The Kootenay Miners' Protective Association held a series of meetings yesterday afternoon and evening for the purpose of considering the mineral and companies acts, and securing amendments, says the Nelson Tribune. There was a good attendance at the several meetings, which were held in the office of Harold Selous.

With respect to the mineral act, the chief amendment proposed was one which will enable the holders of a mineral claim to several years' assessment work upon the claim in one year, and secure a certificate for each \$100 worth of work performed, which certificates shall be sufficient to keep the claim alive during the period covered by the same. As the act stands at present the holder of a mineral claim is required to do \$100 worth of work in each year, and every year of forfeit his right to the claim. The amendment proposed does not aim at lessening the amount of assessment work required under the present act. It merely gives the holder of a claim the right to five or ten years' assessment work in one year, at his choice, and receive certificates for such work, which will only hold the claim for two, three, or any number of years according to the amount of work done. The amendment is offered with a view to meeting the wishes of such miners as desire to leave their claims for one or more years.

Another amendment proposed has for its object the extension of certificates of record for work done upon the claims, for a period of 90 days. This is to provide for cases in which miners are delayed in their efforts to reach the record office and record assessment work. The amendment will give all such a period of 90 days in which to make good their lapse. With a view to checking any abuse in this privilege it is proposed that an extra fee of five dollars be imposed upon all who avail themselves of it.

A somewhat similar amendment is desired to the section of the mineral act requiring the performance of \$100 worth of assessment work upon locations within the year. It is asked that the rule for 90 days grace be applied to this section as well. It was pointed out that a miner might locate a claim early in the spring of one season, and that the next spring might be so backward as to prevent him from availing himself of the privilege of having twelve months in which to do the required amount of work. It is proposed that a fee of \$5 be imposed for the exercise of this privilege.

The members of the association, backed the companies' act, but they did not dispose of the matter, and it will come before the association at a future meeting.

The association congratulated the government for its promise to reduce the fees for water under the water clauses act.

The recommendations of the association with respect to the amendments of the mineral act are manifestly not in harmony with the suggestion of Provincial Mineralogist Carlyle that the locators of mineral claims should be required to do a certain amount of assessment work before being granted certificates of record. It is just possible that when the prospectors themselves are heard from in this matter they may be very much averse to Carlyle's method for securing the performance of assessment work by those who erode it.

HOOD'S PILLS are easy to take, easy to operate. Cure indigestion, headache, biliousness.

That tired, languid feeling and dull ache in the back is very disagreeable. Take two of Hood's Pills and you will find relief. They never fail to do good.
