The Case of Mr. John Waite-Suffered With Bright's Disease for Ten Lears-Doctors Failed to Help Him_ Dodd's Kidney Pills Cured Him.

Quebec, P.Q., July 8 .- For some years past there has been an alarmingly large number of cases of Bright's Diseas Diabetes, Rheumatism, Lumbago and other Kidney troubles in this city. Very many of them have proved fatal. But of late, a great change has taken

place. Dodd's Kidney Pills are being used by the people, and Kidney Diseases are no longer feared. It is a significant fact that every case in which Dodd's Kidney Pills have been used, has been cured. Bright's Disease has been looked upon

as incurable, by the medical profession. But it is curred in every case in which Dodd's Kidney Pills are used. To prove this, we have only to read the testimony of those who have used them.

Here is a letter that ought to be read by every person who is not in perfect health. It is from Mr. John Waite, 27 O'Connell street, Quebec.

Mr. Waite says: "I suffered for ten years with Bright's Disease. I used diferent medicines and was treated by different doctors, but all failed to help me "Recently I began using Dodd's Kid ney Pil's, and I must say I never saw such a change as they have effected.
