END OF DROUGHT IN

Broken With Bountiful Rains in September.

According to advices from Australia the disastrous drought with which New South Wales has been afflicted for a period of eight years may now be reof September, and in many of the principal agricultural areas further rains may prove harmful instead of beneficial the crops. The situation in the Far West, which but a month or two ago had reached an acute stage, was also relieved by the falls of September.
The Sydney Morning Herald says:

formed from the fact that, while over a Hill and other centres in the Far West, as against a total fall of less than 31/2 de mineralized zone which extends The drought in all portions of the state om White Horse, on the railway, in a for all industries. He recognizes that any criticism offered by him now that with if he served another term. C. Jones, R. White, R. R. Whitehead, no good purpose even if he had any to

Of the treatment accorded himself and the other Canadians while in London Mr. Duff speaks in terms of unstinted read and the honorable members of the The imports were: Ten barrels cocoanut oil, 10 cases soups, 572 bales flax, 2 casks casings, 171 bales skins, 20 cases pineapples, 2 packages saddlery and sundarias for the spectacular in their hospitality, but their treatment of himself and those associated with him was nevertheless of the government's produced to the spectacular in their hospitality, but their treatment of himself and those associated with him was nevertheless of the government's produced to the spectacular in their hospitality, but their treatment of himself and those associated with him was nevertheless of the government's produced to the spectacular in their hospitality, but their treatment of himself and those associated with him was nevertheless of the government's produced to the spectacular in their hospitality, but their treatment of himself and those associated with him was nevertheless of the government's produced to the spectacular in their hospitality, but their treatment of himself and those associated with him was nevertheless of the government's produced to the spectacular in their hospitality, but their treatment of himself and those associated with him was nevertheless of the government's produced to the spectacular in their hospitality, but their treatment of himself and those associated with him was nevertheless of the government of th associated with him was nevertheless of the most cordial kind. He was entertained at different country seats, at Oxpolicy. That cannot be discussed intelford, and other historic points, and alto-gether while not engaged in his duties spent a most enjoyable time.

entiments of the greatest cordiality and upon their representation in Parliament.

lass, well understand.

While in the Old Country Mr. Duff legally obtain his seat. of the giants of the campaign now being British Columbia would like to hear an waged over the fiscal question. At Man-chester he heard Mr. Morley's first public effort since his semi-retirement, imposed through his literary work in coning majority in the Legislature. Why was charmed with the elegance of that a political and legal pettifogger to the great Liberal's oratory. But at New-castle he had an experience which he probably prizes much higher, for he heard Joseph Chamberlain expound his was framed in the first instance for the views to an audience almost ecstatically thusiastic. Mr. Duff was not only de ighted with the manner in which Mr. that pictures do not convey an accurate faith of the people in the institutions idea of his face. He is rather small in stature, with a forward inclination of the head, and the general bearing of an alert fighter. Even the long stride with are also preparing the way for their cwn surroundings through which he is passing which he advances to the front of the platform, his gestures, and the general arrangement of his speech betokens the wary antagonist, conserving his strength gauging his opponent, and watching nar his blows. The mouth is rather cynical. but the eyes are kindly, humorous and

From what he gathered while in England Mr. Duff is convinced that the great mass of the people are Chamberlainites not always as Earl Grey expressed it as the Newcastle meeting alluded to, because of their adherence to his fiscal ideas, but because they believe he is the only man in England who can command the confidence of all parts of the Empire Mr. Duff spent a few days in Ottawa

Harriet Hubbard, a well known editor of the New York World, is dead.

"Had the Mayor desired to seek re-election," Mr. Barnard said, "I would not come out, as I think Mr. McCandless has rendered Victoria good service in his capacity as Mayor, and it would be in ago Mayor McCandless will retire at the expiration of his present term for busi-

UP TO THE LEGISLATURE.

The Speech from the Throne has been

spent a most enjoyable time.

The decision of the tribunal was, he

In the meanting there is one matter states, unpalatable to the British people not alluded to in the Speech, we venas a whole, quite as much so as it was ture to say, that should receive attento Canadians. But in such matters the Briton is reserved and secretive, and consequently his real feelings found few arounes of expression. Towards Canada he found on all sides | much as it has an immediate bearing

goodwill, and in this connection he points out that a misapprehension is apt to arise in regard to the real sentiments of the British people to those of the United British Columbia is still interposing oband material reductions in the expendi-(From Wednesday's Daily.)

The provincial legislature will open to morrow afternoon at 3 o'clock with the usual ceremony. His Honor the Lieut.

Governor will open the session in person,

The provincial legislature will open to morrow afternoon at 3 o'clock with the usual ceremony. His Honor the Lieut.

My government has already taken up is stiff, and the best results from it can the down from Vancouver last night in five and a half hours. This is about the time the Charmer takes to make the trip, but unlike that of the regular Vancouver last night in five and a half hours. This is about the time the Charmer takes to make the trip, but unlike that of the regular Vancouver last night in five and a half hours. This is about the time the Charmer takes to make the trip, but unlike that of the regular Vancouver last night in five and a half hours. This is about the time the Charmer takes to make the trip, but unlike that of the regular Vancouver last night in five and a half hours. This is about the time the Charmer takes to make the trip, but unlike that of the regular Vancouver ferry, the new ship's madinery is stiff, and the best results from it can be the time the Charmer takes to make the trip, but unlike that of the regular Vancouver last night in two and a half hours. This is about the time the Charmer takes to make the trip, but unlike that of the regular Vancouver last night in the weak is a doubt the time the Charmer takes to make the trip, but unlike that of the regular Vancouver last night in the weak and a half hours. This is about the time the Charmer takes to make the trip, but unlike that of the regular Vancouver last night in the weak is a substitute of the ballets in the continuous consistent with a due regard to the time the Charmer takes to make the trip, but unlike that of the regular Vancouver last night in the weak is a substitute of the ballets in the weak is a substitute of the province. ity, and are extremely popular, not be- to be the law partner of the membe ause of their nationality, but because who has been declared elected, presented they are personally agreeable. Hence there has arisen an impression that people from the United States are at a preim in the Old Land, to the exclusion | no authority to forward the ballot boxes

of Canadians-an impression which is under Judge Forin's order. Thereupon nite erroneous, and which those who the Judge enlarged the case until the bave an opportunity of gauging the sentiment of the middle classes as well as of what may be termed the "official" evidently determined that no opportunity shall be given the majority candidate to mbraced the opportunity of hearing two Now we are quite sure the people of

explanation from the Premier upon this section with the life of Gladstone, and does he raise the technical objections of purpose of facilitating justice. The Premier and his advisers have made it an Chamberlain advanced his views, but the instrument for the blocking of justice ersonality of the man created a pro- and right-dealing. They are bringing und impression on him. He states the law into contempt, undermining the crime against ' the community. They condemnation. Will the Legislature anticipate the will of the people and plonounce its judgment in time to secure the rights of the constituency?

Apart from the gravity of the issues involved, it would be interesting to observe the light in which a Legislature fresh from the people views the conduct of the Premier.

WHY DO WOMEN SUFFER

Such pain and endure the torture of nervous headache when a quarter buys a bottle of Nerviline which never fails to relieve. Just a few drops of Nerviline in sweetened water cures nervous or sick headache, relieves heart palpitation and makes you feel better immediately. Nerviline can't be beaten for quickly curing stomach and bowel troubles, and should be kept in every home. It's good to rub on for external pain and excellent for inward use. Sold in large 25c. bottles.
