SUCCESSFUL MEET ENDED YESTERDAY. Thousand Persons Saw the 2.35 and 2.17 Class. Footbal Captured First Place in the Former Event and Pointer Patchen Won Out in 2.17 Classes.

FREDERICKTON, N. B., Sept. 19.—The most successful meet held by the Fredericton Trotting Park Association was concluded this afternoon. As on former days, the weather was all that could be desired and the races of the best. Some one thousand persons were present today and taking the four days together, the attendance should come out with a good surplus and feel very encouraged. The events this afternoon included the 2.17 and 2.35 class, both trot and pace. In the former the favorite, Pointer Patchen, won in three straight heats, while in the latter, which took five heats to decide the greatest number of any of the four days, the favorite, Fleetsfoot, won out, his staying powers in the end carrying the speedy mare through. In the 2.17 class there were seven starters. Ada Mac had the pole, with Patchen in second place. Peacherina went into first place at the first turn and up to the three-quarters pole the races changed their positions several times. Coming towards the home stretch, Pointer Patchen, who was in fourth place, came along as if shot from a cannon and came in under the wire a good length in the lead. The second heat, Patchen, after losing the pole at the first turn to Peacherina, regained his place at the three-quarters and won out handily on the home stretch. In the third heat, Patchen led from start to finish. Peacherina was a good second, while for this place there was a good fight between Krenella and Will Be Sure, the remaining three horses being well bunched a few lengths in the rear. There were six starters. In the 2.35 class, Little Don was distanced in the second, reducing the contestants to four. This race Macey Mac had the pole, and slipped to the front on the first turn and from that out the race was a procession, lead winning out easily. In the second heat, Leard led to the home stretch, when Fleetsfoot, which had been traveling steadily, stepped up and amid great excitement won by a neck. In the third heat, Leard went to the front in the first turn and soon obtained a good lead which he managed to hold to the wire. In the fourth heat, Leard led the home stretch and Fleetsfoot came in and beat the gelding out easily. The summary is as follows: 2.35 Trot and Pace, Purse \$300. Fleetsfoot, by m, Springhill stables (Warren), 1-4 1 2 1 1. Leard, by g, Carroll, Halifax (Carroll), 1-1 2 1 2 2. Macey Mac, gr m, L. B. C. Blair, Fredericton (Collins), 1-1 2 4 4 4 3. SYDNEY FIREMEN HAVE FILED PROTEST. The Halifax Echo says: "The Sydney Volunteer Fire Department have filed a protest with the M. P. A. A. against the decision in the 40 yards hose reel race at the recent St. John tournament, the decision being first given to the Sydney and subsequently to the H. P. D. team, the Sydney team being protested on the ground of interference with the coupling on the reel while the run was being made. It seems that at last minute the event was made an amateur one, cups and medals being given. Copies of affidavits have been submitted with the protest and do not agree. Charles B. Hart, of the Sydney team denies in an affidavit, handing the coupling while running, but he admits that he reeled the hose on the reel so that it would loosen the coupling so it would be easily disconnected. The Sydney protest contends there are no rules or regulations governing such events that will uphold the decision given."

THE INTER-SOCIETY LEAGUE IN CHAOTIC CONDITION. The Inter-Society League seems to be in a chaotic condition, none of the winding up games having been played and St. Peter's and St. Joseph's being in account of a forfeited game. The management of these teams were to have got together last night and arranged for a deciding game on Saturday, but the meeting did not materialize. Manager McMann of St. Peter's stated last evening that he thought the game would be played, however, both teams will be weakened by players being drawn for Britt's team.

NIXON WINS RACE AT QUEEN'S ROLLER RINK. Those present at Queen's roller rink last evening got full value for their money. Besides an enjoyable evening's skating there was an exciting three mile race which was open to any skater in the city. Alward and Nixon were the only two to start. The race was close and well contested, and

LESSONS ARE "IDIOTIC JUNK". Cincinnati Clergman So Calls Presbyterian Sunday School Literature. CINCINNATI, Sept. 19.—As "an irregular hodge-podge of idiotic junk" the official Sunday school lesson publications of the Presbyterian church, from which tens of thousands of Presbyterian Sunday school teachers and children all over the country study their Bible lessons, were denounced in the Cincinnati Presbyterian hall meeting today in the First Presbyterian Church. The minister who started his fellow preachers with this declaration was the Rev. Robert O. Kirkwood, pastor of the First Presbyterian Church, Walnut Hills. It followed a report by the Rev. George J. Browne, which shows that the lessons are in fact falling off in the subscription for the year. "I want to be as loyal a Presbyterian as I can, and I do not want to seem to have anything to do with the church board, but its system of Bible studies and its lesson publications seem to be an irregular hodge-podge of idiotic junk," declared Dr. Kirkwood.

A KINGS COUNTY MAN SHOOTS HIS FIRST MOOSE. MONCTON, N. B., Sept. 19.—The first moose head of the season was brought to Moncton today. Walter Helms of Norton shot the moose. It was the first shooting expedition for Helms, and the moose he shot was the first he had ever seen. The head was a good one, with a fine spread of antlers. L.C.R. Conductor Clifford Ayer of the city is shooting in the woods near Bartibogue and has had good luck, his party having secured two moose. Invitations have been issued for the marriage of Miss Eva Louise Winter, daughter of John Winter, to Herbert G. Stevens, secretary to Mechanical Superintendent G. L. Joughins of the I. C. CAMPBELLTON, N. B., Sept. 19.—Yesterday the mill owned by the Calhoun Lumber Co. at Barachois was destroyed by fire and in addition three million feet of lumber, the total of the two mills was saved. It looked for a time as if the large mill owned by the Sherbrooke Lumber Company would also go, as the wind blew all day in that direction, but by hard fighting it was saved. The fire started in the lumber yard, rapidly gained headway, and in a short time the mill was ablaze. There was a heavy wind blowing and the effort to save the mill were fruitless. It is believed the flames were started by a spark from a passing tugboat.

BERGERON LEAVES TO JOIN BORDEN IN VACUOVER. A few days ago The Sun published a paragraph stating that an Elgin constable was in the city looking for a young man who had escaped from him while under arrest for rape. A letter has been received signed by five young ladies and a young man of that town saying that the person referred to was never actually under arrest, and further stating that the girl was "sixteen years of age, and there was no rape about it." They admit, however, that the constable stopped a couple of teams in search of the party accused of the offense, but say he was not justified in doing it.

AN INTERESTING CASE IS THAT OF A LITTLE boy of about five years of age and who is of English parents and who had been adopted by Mrs. Lewis, a member of the Assyrian colony. This lad cannot speak English at all, but can speak as well in the Assyrian language as any ordinary child of five can speak in the English language. Another five year old girl, the daughter of Mr. and Mrs. John Sullivan, both Assyrians and living in the Assyrian colony, is unable to speak in the language of her parents, but is a good talker for her age in the English language. In appearance the little girl is clearly an Assyrian and it seems very strange that she should be unable to speak in her own language being brought with her own people, where it is talked a large part of the time. She acquired however, the English language, while she was for a short time in the children's convent, and now when her people try to get her to speak in her own language she refuses to do so.

REVOLT IN CUBA. Negro, Heading Conspiracy to Blow up Daquiri Mines, Near Santiago, Is Arrested. HAVANA, Sept. 19.—Reports come from Santiago that Captain Bernal of the Rural Guard, has arrested at the Daquiri mines a negro rural guard named Carbonell and a mulatto named Pancho Jaba, who were conspiring with others to blow up bridges, burn buildings, kill the manager and principal employers at the mines and steal the money from the manager's office. The conspirators had induced many laborers employed in the mines to rise and take to the woods under Carbonell's leadership. Carbonell and Pancho Jaba were placed in jail, and the police are actively searching for their accomplices. La Lacha, commenting upon the above occurrence, editorially, says: "There are elements aspiring to destroy all possibility of organizing a marketable trade union in the Washington administration can deliver the government of the island with the absolute conviction that it will maintain peace and order and has the necessary strength to make itself respected. "The telegram we received from Santiago about an attempted uprising in which a soldier rural guard is implicated, and the government under-stands that the moment has arrived to lay its hands on the conspirators."
