During the present war many have asked what the Greek Catholic or Orthodox church is. The enjuriers became more numerous recertly when it was announced that Pope Benedict had appointed a commission to enquire into the possibility of a re-union of the Roman, Anglican and Russian or Greek Catholic church is, and claims to be is ably and pointedly told by Miss Marguerite Ogden of Portland, Me, an official of the Woman's Auxiliary to the Board of Missions of the Episcopal diocese of Maine.

Miss Ogden, who has made a close study in America and abroad of the Greek church, says:

"The word Orthodox has been a symbol of dispute in the Christian Era from the time that Athanasius stood up against the world in Nicea to the time of the trial of Dr. Briggs in New York.

"In minor discussions it usually resolves itself into Orthodoxy is my doxy and heterdoxy is your doxy: in larger issues it has rent in twain nations and shed brothers' blood."

Curious Opinions

"Since the word Caristian was first ased at Anticch, where the Eastern church still has a bishop, the word has been used to describe every shade of theological bias from Caesar Borgia to John Calvin and Billy Sunday," said Miss Ogden. "I have been surprised at the curious opinions held by intelligent people as to what Greek Christians are. Some think they are a by-product of Mohammedanism; others think they still worship Jupiter and Apollo in the light of modern Buddhism. A woman whom I metresently returned from Albania was grieved because the Greeks took no interest in her presentation of the Gospels.

Opposition Organizer is Not Sincere in His Promise -His Party Made the People Pay Bridge Tolls.

The former editor and proprietor of the "Progress" newspaper —so long a menace to decent society—is promising free ferries to the farmers of Kings county. That is not bad coming from the mouthpiece of a party that continued the toll-bridge system in this province until 1907, when, on the eve of a general election they were forced by the opposition members of Carleton county to have the tolls abolished.

Here is what ex-Premier Robin-

Carleton county to have the tolls abolished.

Here is what ex-Premier Robinson said on that matter, speaking in the legislature in the year he assumed the premiership: "The opposition say the debt of the province is increasing, yet they are constantly asking for things that tend to increase the debt. Take the Hartland bridge, for instance. The two opposition members for Carleton (ex-Premier Flemming and Hon. B. Frank Smith) demanded that this bridge should be made free, and that the government should assume the cost. Thus the debt is Increased."

The people of Carleton county did not forget that in the last two elections, nor are they likely to forget it in the coming contest. Neither will the people of the Neither will the people of the record of the old government, take very much stock in Organizer Carter's story about free ferries coming from the present opposition.

London, Feb. 16—The stand rush for the war loau left the money market bare of supplies today, necessitating borrowing from the Bank of England at 5½ per cent. and American balances commanded five per cent. Discount rates were correspondingly stiffer.

Business was only moderate on the stock exchange, but the tone was good. With the war loan lists closed the recent selling stopped and dealers marked up prices in anticipation of a revival demand.

Unofficial estimates of the total subscriptions to the loan place the amount applied for at between £2,000,000,000 and £2,500,000,000. The loan sweepstakes on the stock exchange closed after a week of great activity and today's rush to subscribe might be termed overwhelming.
