MISS MARION JACK
WRITES OF ART IN
THE WESTERN STATES

Letter Received By St. John Friend Tells of Exhibitions Visited — Use of Photographs Advocated.

Miss Marion E. Jack has arrived at Chicago and will remain there some months. Writing to her friends here, she is enthusiastic over the splendid work of western artists, and foresees a great American art, growing out of a natural environment, not a continuous slavish following of the styles of European art nor were that of the Eastern States. She says "How I was wishing for a few of you this morning when I was enjoying the Spring Exhibitions at the Art Institute. They are largely water colors and pastels, and it would have been a revelation to you, as it was to me, to see what a variety of methods are being employed to express the artistic emotions of Chicago artists. I was most awfully delighted with the work. It is big and broad and individual. The good old-fashioned tight work of the last century is not represented here, or barely so. This art institute is one of the finest art buildings in America. One of the features which pleased me today, was that various groups of exhibitors were showing together, in different rooms of course, but all in the same part of the building, and with the paintings, was a roomful of photographs by the Chicago Camera Club. What a good thing it would be if we could have a camera club in connection with the Art Club in St. John? One of the big artists of Boston advised a chateau audience of three

thousand people, to get cameras and develop the art of the country by photography. It is not the high road of course, but a wonderful love of pictures has been developed all over the land by photographs. At this show there were two rooms full of posters even that is recognized by the Institute. The school of art had two rooms for itself and the work was most creditable. Some of the students were charging two hundred dollars apiece for their efforts. One artist had gone in for a group of tiny pictures like mine that you saw in St. John, and sold them as low as twenty dollars each. There was one room allotted to a "one-man show" where great big important oil pictures were displayed. The other day I saw a good show at one of the big department stores, and in it was a beautiful painting of an autumn scene by a young man of twenty-three—a gem—and only a hundred and fifty dollars.

"There are many pictures to be seen on the Michigan Boulevard, a great variety indeed that I wish you could see."

In Boston there is a great deal of energy given to work done largely with the primary colors, and there is such a similarity in the work of those artists who go in for it, that one gets bored."

These western men are reaching out, and this is the dawn of a new and wonderful age, so we must keep our minds open, and look for great things in art as we have in science."

"I do hope the club will have every success, and do something to create an art atmosphere in our beautiful Canadian country."

"Write me when the exhibition comes off as I may need some oils as well as the water colors now going forward."

CORN FLOUR SHOULD BE
USED

Notify Food Board If Your Dealer Does Not Keep It in Stock.

Corn flour is now on the market in large quantities in Montreal and other centres. The Food Board is asking the women of Canada to get into the habit of using it as a substitute. It is no higher in price than standard flour and can be used in the proportion of 25 per cent. corn flour to 75 per cent. standard flour. It has been little used as a substitute so far and women frequently confuse it in their minds with cornmeal.

As a matter of fact, it is the fine white flour which looks like starch, and which has been used more for puddings in the past than for anything else. As a substitute it is better than cornmeal.

The most effective way of getting every dealer to handle it is for every woman to demand it. If she gets no result she can notify the Food Board. Incidentally, there is quite an array of wheat substitutes being shown in package form in the large stores now. Once she gets familiar with the various substitutes at her command, the Canadian housewife will not be apt to drop them. But she should make a point of using corn flour whenever possible.

By way of contrast in passing through a Canadian store you hear a woman declaring vigorously: "I call it a crime that I have to pay ten cents a pound for sugar." Good fortune is only relative, after all. It takes some bomb-dropping to show you whether you are really well off or not.

What do you think people have to pay for such luxuries as afternoon tea in Constantinople? Well, just \$1.30 each. And as for a pound of sugar? If you want to pay \$2.75 you get it.

PROVINCIAL RED CROSS
HOSPITAL COMMITTEE
MAKE FURTHER PLANS

Meeting Held Yesterday Morning—New Names To Be Added To the Committee Later.

At an adjourned meeting of the provincial Red Cross Committee held yesterday morning in the Local Red Cross Rooms several new names were added to the different committees and some important business carried on. Lady Tilley, the organizing president was not able to be present and there are several names to be added to the Committees before the list is finally sent to the headquarters of the Canadian Red Cross at Toronto.

As the work is provincial as well as local it will be some time before the organization is complete. Those appointed on the hospital committee have had practical experience in the work.

Mrs. Leonard Tilley presided at yesterday's meeting and it was voted that Mrs. F. Fairweather combine the duties of Secretary and Treasurer.

The following were added to the committees:

Hospital store—Miss Clements, Surgical—Mrs. W. Shaw, Mrs. W. P. Bonnell, Mrs. A. P. Barnhill.

Visiting and flowers to combine—Mrs. J. H. Doody.

A request will be made to the housewives of St. John for jams and jellies for the hospitals. Notice of this will appear in the newspapers.

Those who have motors which they will use for the soldiers are to be asked for their cars through the daily press. Mrs. Powell is the head of this department.

Mrs. C. B. Allan will appeal for flowers through the papers.

A meeting will be held June 25th at which the committees will report. Headquarters of the Provincial Red Cross Hospital Committee are to be in St. John through the work will be carried on in each hospital area in the province. The chairman of the Local committee will be a member of the Provincial Committee.

The following members of the Provincial Red Cross Hospital Committee were present:

Mrs. L. P. D. Tilley, chairman; Mrs. F. Fairweather, secretary-treasurer; Mrs. Allan McAvity, president of the Local Red Cross; Mrs. H. A. Powell, Mrs. P. J. Harding, Mrs. F. Jones, Mrs. C. B. Allan, Mrs. E. Barbour, Miss K. Lawrence, Mrs. R. E. Sturdee, Mrs. J. H. Doody, Mrs. F. B. Ellis, Miss Elsie Clements, Mrs. E. R. Taylor, Mrs. H. Lawrence.

Woman Receives War Cross

Paris, June 10.—A woman automobile driver attached to the army medical service has just received the war cross. She is Madame de Subigny, who brought in wounded from the battle field on several occasions under fire.

Lemon Juice For Freckles

Girl! Make beauty lotion at home for a few cents. Try it!

Squeeze the juice of two lemons into a bottle containing three ounces of orchard white, shake well, and you have a quarter pint of the best freckle and tan lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of orchard white for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles and blemishes disappear and how clear, soft and white the skin becomes. Yes! It is harmless.

Miss Webster is a daughter of Mr. and Mrs. A. J. Webster of this town, and previous to going to Halifax was a graduate of the Shediac High School and a very promising pupil. The selection referred to was the popular, and appealing letter poem "Fleur-de-lis."

FROM HERE AND THERE

A pair of shoulder straps belonging to Sir Douglas Haig and costing originally seventy-five pence were sold at a Charity Auction recently for seventy-five pence.

Sir Cecil Spring Rice was known as a famous diplomat but it is not so well known that he was the author of six sonnets which are being published in the Dublin Review and which are said to be a marvellous fine addition to our sonnet literature. They are renderings of the ancient Persian text of an Arab mystic who was put to death by the Mohammedans as a heretic suspect of Christianity in Baghdad early in the tenth century.

Rheumatic Sufferers

A tendency to rheumatism once established in the system is manifested by the return of the acute pains with every spell of bad weather. This is the reason so many people still think that the trouble is due to cold or damp. The fact is known, however, and acknowledged by all medical writers, that with the appearance of rheumatism there is a rapid thinning of the blood, and that the rheumatic poisons are only expelled from the system when the blood is restored to its normal condition. Enriching and purifying the blood by means of Dr. Williams' Pink Pills is the best known cure for rheumatism. Lumbago, it may be remarked, is merely a form of rheumatism attacking the muscles of the back and loins and is similarly cured by the use of Dr. Williams' Pink Pills. At the first twinge of either of these troubles these pills should be taken and the poison that causes the trouble will soon be expelled from the blood. Here is proof:—

"I was almost crippled with rheumatism and suffered greatly from the almost constant pains. I tried several medicines, but without benefit. Then I was advised to use Dr. Williams' Pink Pills and after taking them for a couple of months every vestige of the trouble had disappeared, and I have since enjoyed the most perfect health. In view of my own experience I believe there is no case of rheumatism Dr. Williams' Pink Pills will not cure."

You can get these pills through any dealer in medicine or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.
