BOARD MAY SELL HOUSES AT RATE LESS THAN COST

Legislation Sought at Fredericton to Permit Housing Boards to Act.

LEGISLATION TO PROTECT ROADS

House Will Not Meet Again Until Monday Night at Nine O'clock.

Fredericton, N. B., April 8.—The House met at 2 o'clock when Mr. Robichaud presented the report of the Committee on Corporations and Mr. Hayes that of the Committee on Municipalities.

Hon. Mr. Robichaud submitted the report of the Committee on Standing Rules. Notices of inquiry were given as follows:—

By Mr. Howdell, as to the price to be paid for gravel pit taken over from one Greenlaw at Saint Andrews.

By Mr. Dickson, as to the cost of the permanent roadway from Saint John to Robbinston and the total mileage constructed.

By Mr. Tracey, as to whether surveys have been made for a bridge at Bath, Carleton county and the estimated cost of the same.

Mr. Smith (Conservative) introduced a bill to amend the town of Woodstock to issue debentures; also a bill to amend an act relating to the said town.

Mr. Richardson introduced a bill to amend the School Act.

Mr. Foster introduced a bill to amend the Better Housing Act. He explained that certain municipalities, which had taken advantage of the act and erected houses, were desirous of disposing of the same, but because of decreased values, could only do so at a loss. They now asked authority to make up the difference by an assessment.

Hon. Mr. Foster introduced a bill to amend the New Brunswick Electrical Power Act of 1920.

Hon. Mr. Foster presented the annual report of the directors and chief engineer of the St. John and Quebec Railway Company.

The House then went into committee with Mr. Hayes in the chair and agreed to bring up the bill of the Association of United Shipbuilders of New Brunswick, to amend the Shipbuilding Act, and to incorporate the Sussex Amateur Athletic Club.

In Committee. The House again went into committee with Mr. Hayes in the chair, and took up consideration of a bill to amend the Theatrical and Circuses Acts.

Hon. Mr. Hayes, replying to a question by the Opposition, said that there was a provision in the law allowing an appeal from the decision of the Board of Censorship, but it had seldom been acted upon. No presumed its

object was to give some protection to theatre owners who want to considerable expense in purchasing films. Mr. Hayes said he thought the right to appeal might very well be done away with. The bill was agreed to, and the committee reported on a bill to amend the Schools Act. The committee had taken consideration of a bill to amend the Highway Act.

Protecting Roads. Mr. Richardson on the motion which empowers the Governor-in-Council to make regulations for highway traffic, and impose a penalty of twenty-five dollars for violation of such regulations, said he thought it was placing altogether too much power in the hands of the government.

The committee amended the bill by inserting a provision requiring that notice of the regulations shall be published in a newspaper circulating in the locality affected.

The committee agreed to bills relating to land surveyors and the survey of land and to amend the probate courts act.

Game Act. The bill to consolidate and amend the Game Act was next taken up.

Hon. Mr. Mercereau said he did not see the necessity of a provision in the act requiring camp bags to take out a license at a cost of \$1.

Mr. Dickson on the motion fixing a license fee of \$15 for non-resident bird shooters, thought that there should be a limit on the number of birds taken in one day. There were many so-called sportsmen who killed birds for the mere sake of killing them.

Hon. Mr. Robichaud approved of the suggestion and said he would discuss it with the Chief Game Warden. Mr. Harter asked if vendors' bonds were required.

Hon. Mr. Robichaud said he believed that they were. The committee reported progress.

Hon. Mr. Foster moved the suspension of rule 78 to permit of a bill the introduction of provide for the construction of municipal buildings for the city and county of St. John.

To Aid Woodstock. Mr. Tracey introduced a bill to authorize and empower the municipality of Carleton County to assist Agricultural Society No. 41 with an annual grant, a bill to permit and authorize the town of Woodstock to assist Agricultural Society No. 41 with an annual grant, and a bill to exempt the debentures of Agricultural Society No. 41 from taxation.

The House adjourned at 5:22 p.m. until Monday night at 9 o'clock.

Preliminary Hearing in Robertson Case

Station Agent Charged With Responsibility for Wreck Appears Before the Court.

Truro, N. S., April 8.—Preliminary hearing was held here yesterday in the case of Leonard Robertson, station agent of Denmark, N. S., who is charged with responsibility for the wreck of the Short Line express No. 24, at Urquhart's Sliding, March 18, in which Engineer J. J. Ferguson lost his life.

Labor And Costs Keep Shoes Dear

Fredericton, N. B., April 8.—John D. Palmer, president of the Hart Boot & Shoe Co., Ltd., of this city, and vice-president of the Canadian Shoe Manufacturers' Association, made important predictions as to the outlook in the Canadian shoe industry and as to the prices, at the annual dinner of the traveling salesman and executive heads of the Hart company at the City Club here.

Labor and overhead costs, he said, had not yet begun to decline to any noticeable extent and when a decline came it would naturally spread over a long period and would come about through a very gradual process. He therefore declared himself as confident that there could be no further substantial reduction in shoe prices to the consumer for some time. Peak prices had already been reduced by the manufacturers about one-third, he said, and they had been compelled to absorb great losses in the readjustment of prices.

He said he believed the imposition of the luxury tax had been responsible for a very large proportion of the losses, and cited that as an illustration of government interference of any kind with a well developed and highly competitive industry in a country causing disaster. He said it would take the shoe manufacturing industry quite a long time to come back to its former position or to a profitable basis.
