

# REAR GOLF PLAYING AT BROOKLINE COURSE

(Continued from page 1.)  
It was nearly 11 o'clock before Louis Miller, of France, got away and almost on when Edward Ray, of England, the last of the foreigners, began the final round with Tom Anderson, Jr., of the Oakmont Club, of Pittsburgh. Among other starters were George Cummings, of Toronto, playing against Kings, of North Andover, and Karl Koffer, of Ottawa, against Francis O'Neil, of the Massachusetts amateur championship.

Before the field of sixty-four players had survived the two qualifying rounds by more than fourteen miles of the hole, the Country Club course, with stopping places every few hundred yards at the greens. The round the course is a trifle under 3.5 miles, he played twice today and tomorrow, for the golfer, professional and amateur, who plays this stretch of country, and who plays the 72 four inch cups in the first round, will receive a gold medal and a silver cup.

H. H. Hilton, of England, is the only amateur who has ever won an open, here or abroad.

When the championship round began yesterday there were seven non-professional players in the running, including Jerome Travers, of Upper Montclair (N. J.), who took the title in the amateur championship. The others were: A. G. Woodland, B. S. Evans, of Belmont Springs, Mass.; J. G. Anderson, of Braeburn, Mass.; W. C. Fowkes, of Oakmont, Penn.; Heinrich Krumpholtz, of Worcester, and Francis Quimet, of Woodland, Mass.

Leaders Up to Luncheon.

The leaders in the first round up to the luncheon hour were:  
Alex Ross, of Braeburn, and MacDonald Smith, of Cincinnati, with a 71; J. Calumet, 72; J. Hagan, 800 in 78; and J. J. McDermott, Atlantic City, 74. Vardon and Reid were tied for sixth place at 75.

Among other low scores up to 12:30 were: C. Thom, Shinnecock, 79; A. Murray, Kanewski, 76; E. Lovine, Atlanta, 76; J. Bowling, Scarborough, 75; J. Travers, Upper Montclair, 75; P. Boyle, Myopia, 75; H. Hampton, North Andover, 75; W. C. Fowkes, Oakmont, 75; W. G. Fevague, Skiekie, 75, and Geo. Cummings, Toronto, 81.

The amateurs were somewhat disappointing. J. D. Travers, the champion, made the best score of the morning round, 78. W. E. Fowkes, of Oakmont, and J. Hagan, of Woodland (Mass.), after their great golf qualifying rounds, but he proved disappointing in first nine holes, with a 41. Louis Miller, of France, who covered the first six holes in seven and was going strong had not completed the morning round up to 12:30.

It was 2 o'clock when Edward Ray, of England, brought his score to 75 in the morning round, and found himself placed twentieth on the list of the first round with a score of 79. In the third round he brought his score to 147, with a score which tied Hagan at 73. Another good score was that of J. M. James, of Tacoma, 74.

Interest centered, however, in the play of Francis Quimet, the amateur who made the inward journey in 37 strokes and wound up the morning round well on the list with 78. The best score of the day was that of Fred Herreshoff, of the National Links, who turned in a 73. Additional scores of the forenoon round were:  
Geo. Sargent, Chevy Chase, 75; Louis Teller, France, 76; Jack Heben, England, 76; Peter Robertson, Fall River, 76; Paul Bellows, Canada City, 76; Karl Koffer, Ottawa, 76; C. Murray, Montreal, 80; Geo. Low, Baltimore, 80; B. G. McDonald, Cincinnati, 80.

The pace set by Reid proved to be lively, for he went out in 38 and came back in 87. His card of 125 remaining at the head of the list for some time.

Reid started poorly, putting his initial drive into the rough, but he made a beautiful recovery and holed out on the first green in four. He progressed well until he reached the sixth when a mis-hit putt gave him a live on an easy hole. He went out, however, in 89 strokes.

Ten minutes behind Vardon came McDermott, playing marvelous golf on the first seven holes.

Reid and Vardon were tied again this afternoon each making the second round in the course in 175. Reid brought the day's score of each to 147.

## THIRTY SAID TO BE DEAD IN WRECK

### Train Blown Up By Dynamite

#### Rebels Guilty of Terrible Work in Mexico

Locomotive Passed Safely Over Dynamite Charges, But Cars Were Blown to Pieces—Troops Sent Out to Round Up the Criminals.

(Canadian Press.)

Mexico City, Sept. 22.—A northbound train on the Mexican National Railway has been dynamited by the rebels near Vanegas, in the northern part of the state of San Luis Potosi. From the meagre reports received here it is believed that thirty were killed. The train left here Saturday night, but turned back at Vanegas on account of blown-up bridges further north.

The locomotive passed safely over the dynamite charges, but the baggage car and two coaches were destroyed. The passengers killed were in the second class car. The telegraph lines have been cut both north and south of the scene.

Troops were sent from San Luis Potosi today to round up the rebels.

Despatched from San Luis Potosi, the capital of the state, say that on Saturday rebels estimated to number 1,000 attacked the town of Vanegas and routed a federal force of sixty men at Laguna Seca. The rebels reached Charcas on Sunday, well armed and supplied with dynamite. They brought the train this morning is presumed to have been made by the same hand.

## LIBERALS HAVE STRONG TICKET IN ALBERT

### Much Interest There in Municipal Contest—Strong Men Nominated Last Evening

(Special to The Telegraph.)

Hopewell Hill, N. B., Sept. 22.—The battle is on in this parish for municipal honors. The full ticket being now in the field. Last week the Conservatives nominated Warden L. C. Prescott, of Albert, and Captain R. V. Bennett, Hopewell Cape, and at a convention of the Liberal party held at this place last night, councillor M. P. Pye, of Hopewell Cape, and ex-Warden W. J. Carwath, of Riverside, were chosen as their standard bearers. Messrs. Cunniff and Pye make an admittedly strong ticket.

Councillor Pye has served for two terms in the council and Mr. Carwath has had many years experience at the board, being honored for one term on the position of warden of the county. During the last term Mr. Carwath was not a member and his friends are glad to see him back in the council. His candidature on the present occasion. A business man of wide experience and high integrity, his presence at the council will again give great satisfaction, and there seems to be a pretty good likelihood that he will take his seat there next session.

## CANDIDATES NOMINATED FOR MUNICIPAL CONTEST

Hopewell Hill, Sept. 17.—Orland R. Atkinson, B.A., formerly of Albert, who graduated at Mt. Allison University, of Montreal, and who has been in the Pacific coast. Mr. Atkinson, who had a very successful career at Mt. Allison, is a retired shipmaster, and has been in the study of law at Harvard. His many friends here will wish him continued success.

Mr. Atkinson attended meeting of the Slediac deaconry of the Anglican church was held at Hillsboro yesterday and today. Rev. C. F. Wiggins, rural dean, presided, and the following members of the clergy were present: Canon Siam, Moncton; Rev. R. A. Robinson, Dorchester; Rev. W. B. Armstrong, Slediac Cape; Rev. A. F. Burt, Slediac; Rev. Coleman Bettecote, and Rev. David Jenkins, Albert county. Yesterday at 10 o'clock today general assembly was transacted, and last evening a retired shipmaster, and served twenty years at sea. He is a brother of R. Bennett, M.P. of Calgary. The Liberal convention will be held on Monday evening, Sept. 22. A lively contest is likely.

## "Bringing Home The Bacon"

That's a homely phrase some one originated to signify success. Manufacturers of nationally advertised products are discovering that the way to "bring home the bacon" is to reach consumers directly.

Consumers demand is quickly felt by dealers and they are only too glad to help it along. Nothing succeeds like success, and nothing is easier sold than something the public wants to buy.

Dealers put their energy and their advertising behind goods they will bring people to their stores.

Business grows and manufacturer, merchant, and consumer profit. Manufacturers, the short cut to the consumer lies through advertising in the daily newspapers. The letter, though still in vogue, is a retired shipmaster, and served twenty years at sea. He is a brother of R. Bennett, M.P. of Calgary. The Liberal convention will be held on Monday evening, Sept. 22. A lively contest is likely.

VOL. LIII. ST. JOHN, N. B., WEDNESDAY SEPTEMBER 24, 1913. NO. 3

## MILLION PEOPLE SAN GAYNOR FUNERAL CORTEGE

New York, Sept. 22.—Historic Greenwood cemetery, the resting place in Brooklyn of many famous dead, received the body of New York's late mayor, William Jay Gaynor, at mid-afternoon today after funeral services in his honor that were without parallel in the recent history of the city. In the presence of his family, the honorary pall-bearers, including William Howard Taft, and city officials, among them Mayor Klinton, the flag-draped coffin was committed to the grave in the Gaynor family plot. The brief Episcopal service was read by the Rev. Frank W. Page, who is pastor of St. John's, the church where the mayor worshipped.

A million people, it is estimated, saw the funeral cortege move slowly first from the city hall where thousands had witnessed the body lying in state Sunday, to Trinity church, where Bishop Greer conducted the solemn services, then back past city hall across Brooklyn bridge, through Brooklyn streets, just the late mayor's eighth avenue home, and on to the cemetery.

Upon the bridge, hung in black, traffic did not move. City employees stood six feet apart, heads uncovered, as the police escorted the procession into the mayor's home borough. Below the river noisily were stilled. Not a craft blew its whistle, not a gong was sounded. The funeral train across the bridge and for a distance in Brooklyn, paralleled a festive route of the mayor, who in all kinds of weather was accustomed to walk to and from his home in Brooklyn in Brooklyn to-day for the first time in many years. Numerous church bells also sounded their measured beats. The cortege, first in Brooklyn, then in Brooklyn public schools turned forth their pupils, who stood among the mourners in the streets. In the mayor's own neighborhood clubs and residences the solemn funeral cortege, while flags fluttered at half-mast.

## THAW'S MOTHER JOINS HIM AT CONCORD HOTEL

(Canadian Press.)

Concord, N. H., Sept. 22.—On the eve of the proceedings which are expected to decide whether or not Harry K. Thaw shall be returned to the insane asylum at Mattawan (N. Y.), he was joined here tonight by his mother, Mrs. Mary Conley Thaw, and by his brother, Joseph. "I have come to give Harry the support of his mother's presence in his fight to keep away from the madhouse," Mrs. Thaw said.

It was the second attempt of the fugitive mother to meet him since he escaped from Mattawan a month ago. Although in feeble health, she made the long trip from her home at Cresson to Montreal a few weeks ago in the expectation that Harry would be brought into Montreal. But the unexpected action of the dominion immigration authorities in banishing the fugitive from this state made her journey fruitless.

Harry greeted his mother and his brother affectionately just outside the rooms, and then the party retired to the apartments which had been reserved for Mrs. Thaw. There they spent much of the evening, while downstairs the large staff of Thaw attorneys went over their plan of campaign. Tomorrow's proceedings are based upon the request of the state New York for the extradition of Thaw on a charge of conspiracy in connection with his escape from Mattawan.

The only point that was definitely established tonight about the hearing of Thaw will be before Governor Samuel D. Rockefeller, is that it will be held in the chamber of the senate at the state house beginning at 11 a. m.

Governor Rockefeller saw the fugitive today for the first time. At noon and again this evening their glances crossed as they looked about the hotel dining room. Each manifested interest in the appearance of the other, but there was no introduction.

Governor Rockefeller examined the extradition warrant from New York for the first time today. A great mass of telegrams and letters bearing on the case also awaited his attention, but he went through only a small portion which his secretary had laid out for him.

## MUST RECKON WITH THE COMMON PEOPLE

### Manufacturers and the Politicians

#### Former Bluffing, Says Grain Growers' Guide

Declares Their Idea in Urging Conference on Tariff is to Secure Delay and is Not Sincere—Tells How They Might Have Given Practical Proof of Their Loyalty.

(Canadian Press.)

Winnipeg, Sept. 22.—In dealing with the reply of the Manufacturers' Association on the subject of lower duties on British imports, the Grain Growers' Guide will say tomorrow that the idea of the manufacturers in urging a conference is to secure a delay and is not sincere, and concludes a long article as follows:

"The suggestion of the manufacturers for a conference with the grain growers is a bluff pure and simple. We should be more than glad to see the leading officers of the organized farmers hold a public conference with the manufacturers' officials where each side will present their case, and we will venture to predict that the result will be that when the conference was ended that the manufacturers would not have a single argument upon which to base their demand for protection. If the manufacturers really desire a conference, they might have shown their good faith by suggesting that at least some reduction could be made in the tariff on British imports. As it stands now, the manufacturers are trying upon their financial resources to hold both political parties in check and prevent them from making any statement in favor of the tariff. An attempt to do this is a very unwise one, for their bargaining with the politicians, henceforth, they will find that they have to reckon with the common people. It is now a struggle to see whether the manufacturers' dollars are more influential than the ballots of the common people."

## WORTH TWICE ITS WEIGHT IN \$20 GOLD PIECES

(Special to The Telegraph.)

Boston, Sept. 22.—One hundred thousand of the new \$20 gold pieces, which are worth twice as much as the old pieces, were put into circulation today. The new pieces are made of a harder metal and weigh a few ounces more than the old pieces. The new pieces are worth twice as much as the old pieces, and are worth twice as much as the old pieces.

## PARLIAMENT NOT TO MEET UNTIL JANUARY

### Government Not Prepared, and Full Cabinet Meeting is Called for This Week—Redistribution Question to be Given Consideration.

(Special to The Telegraph.)

Ottawa, Sept. 22.—The government has decided that it will not be ready to meet parliament in November, owing to the unprepared condition of public business. Parliament will be called to meet some time in January, and the government believes that with the rigorous application of the clause it will be able to get the working amount of estimates voted before the fiscal year closes at the end of March. There will be a grand reunion with but few members missing of the Borden cabinet at the capital this week. The prime minister himself returned to Ottawa Sunday, and every available minister with and without portfolio has been called upon to re-assemble for a strenuous week of council meetings.

The cabinet will this week decide upon the date for the re-assembling of parliament. The question of the introduction of a redistribution measure this session will also be considered, and there will be some discussion on the naval bill. It is scarcely probable, however, that the measure will be a feature of next session. It is expected that the date for the by-elections in Chateaugay, East Middlesex, South Bruce and South Lanark, will be decided upon this week, and that arrangements will be made for cabinet speakers for the campaigns.

There is a possibility of certain members of the government party, notably E. A. Lamont, Cyril Boyer, and Donald G. Crockett, being appointed to judicial positions in which case three more by-elections will have to be arranged for. It will be an all-round busy week for the cabinet after all its summer holidays.

Tenders for the second section of the Welland canal are being invited today by advertisement in the newspapers. The bids will be to the government. Contracts for the first and third sections of the canal have already been let, and work is being commenced upon the \$2,000,000 work to be put on the train for Montreal.

## SERIOUS LOSS IN PETITCOAC FIRE

### Seven Families Are Homeless

#### Flames Destroy Several Valuable Buildings

Help Summoned From Moncton—Not Known How Blaze Started—Total Loss About \$20,000—List of Houses and Stores Burned Down.

(Special to The Telegraph.)

Petitcoac, N. B., Sept. 22.—Fire started here shortly before 10 o'clock last evening which wiped out completely seven buildings and four stores and made homeless seven families. The complete loss is in the vicinity of \$20,000.

The fire spread with great rapidity and the small and inadequate fire fighting apparatus of this place could by no means cope with the disastrous blaze. The cry of help was quickly forwarded to Moncton and that city responded to the call, sending a steamer, hose wagon and about twenty-five firemen. They arrived here between 10 and 1 o'clock and soon had three streams of hose playing on the flames.

About 1 o'clock this morning the fire was got under control, but it was not much later that the fire was completely extinguished.

There was a Liberal meeting here this evening at which prominent men spoke and they said that the fire was started so as to disturb their meeting. The blaze started in a lively stable situated at the rear of the Mansion Hotel and from the time it was started the fire spread over the buildings and the firemen's hose spread to the rear of the hotel's house and from that point to the firemen's clothing store. Despite the earnest efforts of the firemen and volunteers, the fire kept sweeping everything before it, going to U. Z. King's residence here, then to Mrs. William Pollock's millinery store, then to Robert Whitton's residence, next to William Bickerton's tailor establishment and residence, then to Thady Drysdale's harness shop, and ending up at the warehouse of the Sussex Mercantile Company, which was attached with farm implements of every description.

A good lot of furniture, millinery, clothing, etc., was removed from some of the burning buildings, but this was more or less damaged and many cases of pilfering were reported.

There was very little insurance on any of the buildings and contents and everything is practically a total loss.

The individual losses follow: Dr. McDonald, Dorchester, building \$2,000; U. Z. King, \$1,800; Firemen's hall, \$2,000; Thady Drysdale, \$2,800; W. Bickerton, \$800; Parkinson's store, \$4,500 building and \$4,000 in stock; Robert Whitton, \$2,000; Parkinson's new stable, \$2,000; Pollock's millinery store, \$2,000; stock \$4,000; Mrs. Pollock, \$1,000, furniture, and \$800 in cash; E. R. Lockhart, house \$200, furniture \$1,000; Munton, house \$200; Freeze Taylor, \$500; Jacob Jones, \$500.

(Canadian Press.)

Moncton, Sept. 22.—Fire which caused a loss of about \$20,000 started at Petitcoac about 9:45 tonight, and the Moncton fire department was asked for assistance. A company of firemen with apparatus went to Petitcoac by special train, and when they arrived the fire was practically under control.

The fire started in the stable at the rear of the Mansard House, and spread north down Kay street, burning seven buildings, including fire stores, Parkinson's clothing store, Mrs. William Pollock's millinery store, W. Bickerton's tailor shop, Thady Drysdale's harness shop, and the Sussex Mercantile warehouse.

Some seven families were burned out. The houses burned were Dr. D. D. McDonald's, occupied by U. Z. King, and E. R. Lockhart's house.

There is a small percentage of insurance on the burned property.

Loggie and Mayor Tweedie.

The exhibition buildings are decorated with great taste and all the available stands are occupied. The most and prettiest exhibits are said to be the largest on record. The fair will remain open till Friday evening, the greatest attraction of the week being the horse races, which will be held on Wednesday and Thursday.

## FIRE SWEEPS HOPEWELL, N. S.

### Three Houses with Barns and the Foresters' Hall Wiped Out—Help Sent From New Glasgow and Stellarton.

(Canadian Press.)

Halifax, Sept. 22.—A disastrous fire swept the village of Hopewell, nine miles from New Glasgow, today and three houses with barns and outbuildings and the Foresters' hall were destroyed. The fire is thought to have started from a spark from the Grover express that landed on the roof of A. F. Grant's barn. His house quickly caught and the fire spread to the nearby homes of Mrs. Enon McDonald and John Fraser. A crowd of neighbors formed a bucket brigade, but hampered by the high wind and lack of water, their efforts and their work was directed to saving the nearby houses.

Help was rushed from Stellarton and New Glasgow, but by the time the fire engines were installed and the lines of hose laid the fire was practically headed off.

## NOT ABLE TO HURRY CONSIDERATION OF THE CURRENCY BILL

(Canadian Press.)

Washington, Sept. 22.—An attempt to hurry along consideration of the currency bill in the senate banking and currency committee failed today at the end of a day of desultory questioning of Samuel Untermyer, who was counsel for the Pajo Money Trust Committee of the last congress. Senator Shafer, of Colorado, tried vainly to secure an agreement to close the hearings, before the committee on Saturday, October 4. No other member of the committee supported his suggestion. Senators Reed of Missouri, Bristow of Kansas, and Weeks of Massachusetts, declared emphatically against any attempt to limit the consideration of the bill. "I don't think other members of the committee are beginning to see," said Senator Weeks, "that this bill will take up most of the fall, and I propose to call up in the committee soon the resolution I introduced in the senate, to allow the bill to go over until the regular session next winter."

Senator Reed declared that hearings were bringing out details of the bill which showed the necessity for amendment and that he was in favor of hearing everyone who had any important suggestions to offer. Senator Bristow insisted that the small country banker should be heard, and Senator Weeks said that he had requests from the Massachusetts bankers who wished to appear before the committee.

SHOT A MOOSE.

Alma, Albert Co., Sept. 22.—Dr. Jas. Cameron, of Riverside, by one of the successful hunters of the season, shot a 600-pound moose about four miles from Lake View yesterday.

## BOUGHT ELEVEN HATS FOR CHORUS GIRLS OF PINK LADY COMPANY.

Quebec, Sept. 22.—The police are looking for a young man who gave the name of E. J. C. McCann, claiming he was a New York civil engineer and employed by M. E. & J. T. Davis, contractors. McCann has not yet paid a great many bills he contracted in the course of a rather exciting existence here. One bill owed is for eleven hats for the chorus girls of the Pink Lady Company.

## GETS FOUR YEARS FOR ROBBERY MAIL BAG.

Kingston, Ont., Sept. 22.—Four years in the penitentiary was the sentence handed out this morning by Judge Price to Jack O'Brien, a Kingstonian, when he pleaded guilty to robbing a mail-bag on the Kingston and Ottawa road, at G. T. R. Junction in January, last. The bag contained about \$1,000 and was taken during the night while waiting to be put on the train for Montreal.

## HAS DESIRED EFFECT.

Calumet, Mich., Sept. 22.—The injunction granted on petition of the mine managers prohibiting the copper miners on strike from picketing and parading while men are going to or from work, and forbidding interfering in any way with workers, apparently had the desired effect this morning. With one exception there were no disturbances. One crowd of a striker who attacked a workman was made at the South Keweenaw mine. The state military force in the strike district was reduced to about 800 men this morning.
