Our Deadliest Enemies Are Unseen Germs—Be Careful

It isn't the cut that you have to fear—nor any ordinary wound. It's the chance of germ infection.

What will you do?

Are you ready, in the right way, for accidents?

You need Absorbent Cotton.

You need Bandages and Gauze.

You need Adhesive Plaster.

But the Cotton and Gauze must be utterly sterile. Else you might as well use any chance piece of cloth.

The way to be sure—to be double-sure—is to use only B&B dressings.

B&B Cotton and Gauze are twice sterilized—once after being sealed.

B&B "Arro" Cotton and Handy-Fold Gauze are put up in germ-

proof envelopes—many in a package—to keep safe until you use them.

B&B Cotton also comes in a Handy Package. You cut off only what you use. The rest remains untouched.

B&B Adhesive

B&B Zinc-Oxide Adhesive sticks without wetting. It stays fresh.

It sticks to anything dry, and stays stuck. So it has a thousand uses. You can mend anything with it from lawn hose to golf clubs. It clings to metal, rubber, wood, glass or cloth.

B&B Fumigators

B&B Formaldehyde Fumigators are given twice the usual strength. And safety needs it.

You can get these Double-Sure products by insisting on B&B. When we take so much pains to protect you, don't you think it worth while?

Always call the doctor—remember First Aid is only first aid.

At our showrooms all these devices are ready for your inspection. Competent demonstrators will operate and explain them for you.
