Just look at the blood that is drawn from a person suffering from an inflammatory disease of any kind. It coagulates rapidly, and shows a yellow or buffy coat. As long as this excited and unnatural state of the system continues, how can Nature complete a cure? A CURE IS IMPOSSIBLE until the part gets rest and coolness; and it is in this vital particular that the PERSIAN SALVE is sovereign and potent.

Another important effect is, that ITS EFFECTS ARE ALMOST IMMEDIATE. It is generally the case with other Ointments, and the like, that for a time they rather increase the pain and inflammation. People generally suppose that the increase of pain is a good sign,—that it shows the application is doing good; BUT THE CONTRARY IS THE FACT. If an application is adapted for inflammation, it should allay inflammation, not increase it, not even for a minute. It is sheer nonsense to talk
