

The longer an intermittent remains, the more difficult it is of cure.

gained forty (40) pounds within two (2) months, and now weigh one hundred and seventy pounds. My symptoms were these: Palpitation of the heart, burning sensation; I could not eat any thing sour without very great distress and throwing up of watery substances, dizziness and pain in the head; I would pass bloody water and have terrible pain in the kidneys and back; my food must always be light; but now I can eat any thing without distress. I never in my life felt better, and now and evermore I will always speak a good word for Radway's R. Resolvent.

MAYWOOD, COOK CO., ILL., Oct. 6, 1876.

WINFIELD SCOTT GILES.

I have been acquainted with W. S. Giles a long time, and know his statement to be true.

Druggist and Postmaster.

A SEVERE SORE THROAT CURED BY RADWAY'S READY RELIEF

DR. RADWAY.—*Dear Sir:* I write to inform you that I was attacked with a severe sore throat, and tried many remedies, all of which did no good, and I spent ten dollars without any relief, and I was induced to try one bottle of your R. R., and before I used one third of the bottle, my throat was entirely cured; I am never to be without your Ready Relief, for it is the best medicine that ever has been brought to the public; I also inclose you a stamp, for which you will please send me the book called "False and True."

Yours respectfully,

D. D. HAYWOOD.

PRACTICING WITH R. R. REMEDIES.

MONROE, ORANGE CO., N. Y., March 29, 1874.

DR. RADWAY & Co.—*Dear Sirs:* With much pleasure I acknowledge receipt of your letter and FALSE AND TRUE. Having been cured of a complication of diseases, as I informed you, by your medicines, I have recommended them whenever I heard any one complain; in fact, I have commenced practicing with your medicines, and have had perfect success. I cured a man who was in extreme pain for twelve hours. I gave the READY RELIEF and one of the large doses of PILLS, and in twelve hours he was able to go to work. Another case—an old lady, 78 years of age, who has been subject to a cough for several years, and last winter under the doctor's charge, which cost \$100.00 in calls and prescriptions to the drug store.

She commenced coughing this winter, I commenced giving her the READY RELIEF, and had her throat and breast bathed, which relieved her immediately.

Yours truly,

WM. CLARK.

Deafness Cured and a Lady Restored to Health.

MIDDLEBUSH, N. Y., Jan. 6, 1873.

DR. RADWAY.—*Dear Sir:* I esteem it a duty as well as a privilege to give my testimony as to the wonderful effects produced by your valuable medicines.

I commenced using your Sarsaparillian Resolvent, in connection with the Regulating Pills, about the middle of last July. Previous to that time, my hearing had become greatly impaired, so that it became impossible for me to hear ordinary conversation. In fact it was with the greatest difficulty I could hear any thing. I had not taken the Resolvent two months before I began to improve. Now, at the lapse of less than six months, I find my hearing perfectly restored. In fact, can hear better than ever in my life before.

My general health, too, has greatly improved. I find myself gaining in flesh as well as in strength. In fact, can walk miles without any undue fatigue.

I wish you to feel at liberty to use this testimonial in any way subservient to your interests and the cause of humanity.

Yours, with great respect,

HARRIET F. BINGHAM,
Correspondent of the Baptist Union.

Scrofula Cured by R. R. Remedies.

DR. RADWAY: You must excuse me that I trouble you with this letter. I had the worst kind of SCROFULA in my system; I have been very sick for most two years; I took all kinds of medicines and none done me any good till I took your Pills and Sarsaparillian; in four months I recovered again; it had settled on my liver particularly; it liked to destroy my whole system; since I am well again every body wants to know what cured me. Before I took your Pills and Sarsaparillian I weighed 117 pounds, and now I weigh 145 pounds. I only took your medicine for four months; I feel better now than I did for years.

EAST HAMPTON, MASS., Feb. 10, 1873.

C. F. HUPFER.

(See Radway on Scrofula.)

DR. RADWAY.—*Sir:* I am just beginning to find out the good of your medicine, and am doing great good with it. I have just recovered from a severe attack of bilious fever, after being under the doctor's care near two weeks and got no better. My mother was with me; she said, "Now I want you to try Dr. Radway's Relief and Pills." So I put

That air is worse to a sick person which was the cause of his sickness.

If in Lock-jaw a convulsive fever sets in, the disease goes off.

Anti-Critical knowledge is indispensable to a right understanding of disease.
