## Page Fence Company Customers

We think it is only fair to our friends who have stood by us when they could get plenty of cheaper grade fence almost anywhere, that we advise them of the situation.

Deliveries of fence this year will undoubtedly be delayed on account of scarcity of material. While we are doing our utmost to secure such a stock in hand that we can fill all orders from at least our old customers, we cannot, at this writing, guarantee promptness in all cases, and hence we suggest that you place your fence requirements with us as far in advance of the actual time of need as possible.

Our new catalogue, and also new cash price list, showing prices direct to user, ready for mailing on request.

## Does Not Bind in the Kerf

The user of a "Simonds" Crescent Ground Cross-Cut Saw is not troubled with his saw binding in the kerf, as the saw works equally well whether pushing or pulling, with the result that it cuts freely and easily.
