B. H. BULL & SON,

BRAMPTON, ONT.

QUESTIONS AND ANSWERS.

Miscellaneous.

LAME HOG.

Hog, six months old, has been lame for some time on left hind leg. There is no swelling, and I can see no reason for lameness. Lately he walks on left leg and carries the right. SUBSCRIBER.

Ans.—This is probably an attack of rheumatism, and little can be done in the way of treatment for relief, other than providing a dry and clean sleeping place, and give a level tablespoonful of Epsom salts in feed once a day for a week.

WILD CARROT—WILD CHICORY.

Enclosed you will find two weeds, the root and flower of one, and the stalk and blow of the other. They both showed themselves in a meadow this year for the first time. They have grown about two feet since the hay was cut, and from one single root about a half inch at the ground, spread out ten to eighteen across at the top. Would like to know what they are and if they are a bad weed. S. G. H.

Ans.—The specimens prove to be: (1) Wild Carrot—the white-flowered plant with the root present. Though not usually a serious weed, it is occasionally troublesome in pastures. (2) The blue-flowered weed of which the stem only was sent, is Wild Chicory, or Succory. Although usually a roadside weed, it sometimes spreads to cultivated land, and becomes quite a serious pest.

Veterinary.

URINARY TROUBLE—BULL WITH LEATHERY SKIN.

1. Three-year-old colt frequently voids whitish, creamy-looking urine.
2. Young bull, in good condition, and looking well, seems to be hard and leathery in his skin. R. W. B.

Ans.—1. This is not a serious condition. It can be corrected by giving 3 drams nitrate of potassium once daily for three or four days, but the condition is liable to recur. A more permanent cure can be effected by giving 1 1/2 ounces tincture of hyoscyamus in a pint of cold water as a drench twice daily, as long as required.

2. This is doubtless the normal condition of the skin, and, while undesirable, nothing can be done to alter it. V.

GOSSIP.

H. E. Williams, Knowlton, Que., whose advertisement appears in this issue, reports about 150 pure Shropshires on hand, and, in order to make room, is offering them very low. He has also some fine St. Lambert Jerseys.

CHOLERA SERUM STANDS TEST.

After a thirty-day test at Kansas City, conducted under the most rigid supervision of the United States Government and the Kansas City Stock-yards Co., the efficacy of the serum discovered by Dr. M. Dorset, a Government specialist, for the prevention of hog cholera, has been demonstrated. Of a "poison squad" of thirty-five hogs, the thirteen which were not treated at the beginning of the test are dead, and the twenty-two which were treated are perfectly healthy in an isolated pen at the stock-yards. The twenty-two hogs were subjected to every conceivable form of exposure to cholera, and the thirteen which succumbed to the disease died in the pens with the twenty-two at various times during the progress of the test.

A Methodist bishop was recently a guest at the home of a friend who had two charming daughters. One morning the bishop, accompanied by the two young ladies, went out in the hope of catching some trout. An old fisherman, out for the same purpose, wishing to appear friendly, called out:

"Keep 'em, many, pard?"

The bishop, drawing himself to his full height, replied: "Brother, I am a fisher of men."

"You've got the right kind of bait, all right," was the fisherman's rejoinder.

Had Stomach Cramps

Would Roll on the Floor in Agony.

Mr. Wm. Kranth, contractor and builder, Owen Sound, Ont., writes:—

"Having read some of the testimonials of cures effected by Dr. Fowler's Extract of Wild Strawberry, I thought it advisable to say a word of praise for its merits.

Some years ago I was much troubled with stomach trouble and cramps. I used to roll on the floor in agony, and on one occasion I went into a faint after suffering intensely for four hours. A short time after this, in driving to town, I was attacked again and had to lie down in my rig, seeking relief.

"When I reached the drug store I asked the druggist for a quick remedy and laid behind the counter until relief came. The remedy I received from the druggist was Dr. Fowler's Extract of Wild Strawberry. Whenever, after that time, I felt cramps coming on, I found speedy relief in the above mentioned remedy, and I am now cured of this dreadful malady. The bottle is small, but its contents effect a marvelous cure. I can recommend it highly for the cure of cramps."

Dr. Fowler's Extract of Wild Strawberry has been on the market for 64 years. It is not a new and untried remedy. Ask for it and insist on getting what you ask for. Refuse substitutes. They're dangerous.

Price 35 cents. Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

Bone Spavin

No matter how old the blemish, how lame the horse, or how many doctors have tried and failed, use

Fleming's Spavin and Ringbone Paste Use it under our guarantee—your money refunded if it doesn't make the horse go sound. Most cases cured by a single & minute application—occasionally two required. Fleming's Vest-Pocket Veterinary Adviser Ninety-six pages, durably bound, indexed and illustrated. Covers over one hundred veterinary subjects. Read this book before you treat any kind of lameness in horses. **FLEMING BROS., Chemists 75 Church St., Toronto, Ontario**

A travelling salesman died very suddenly. His relatives telegraphed the undertaker to make a wreath—"The ribbon to be extra-wide, with the inscription, 'Rest in Peace' on both sides, and, if there is room, 'We shall meet in heaven.'"

The undertaker was out of town, and his new assistant executed the order. It was a startling floral piece that turned up at the funeral. The ribbon was extra-wide, and bore the inscription: "Rest in peace on both sides, and if there is room we shall meet in heaven."—G. R., Leith.
