## You Need Life Insurance

TO protect your family and your business. A Continental Life Policy will provide a living income for your widow as long as she lives, keep the hearth fires burning, and educate your children. When a man dies, usually unexpected, ready money must be available for the unforeseen payments. Life Insurance provides the cash immediately, without further payments—but you must buy your insurance NOW while you can get it, and can pay for it.

Life Insurance is necessary for the protection and permanent success of your business, whether you be the head of a Corporation or the owner of a small store. Ask your banker or wholesaler about this—then

See your nearest Agent of the Company, or write to either of the undersigned at Head Office for full particulars, stating your age at nearest birthday.
