## The Mail Bag

Continued from Page 10

No one dreams that we have reached a goal yet, but the following approximate figures demonstrate the fact that we are "getting there":

Canada spent on her militia  
In 1880 ..... \$ 600,000  
In 1900 ..... 1,000,000  
In 1911 ..... 4,000,000  
In 1912 ..... 12,000,000  
For 1913 the request is ..... 20,000,000

Then remember, too, that the government expressed its willingness to devote \$35,000,000 for naval purposes recently—and so sure were they of our entire acquiescence that it was not considered worth while even to ask our opinion—these two items mean about \$55,000,000, that is for a population of 7,000,000, about \$8.00 per capita this year; how much next year if "the people responsible for the expenditure" have their way?

"Millions for dreadnoughts, nothing for poverty,

Millions for slavery, nothing for slaves, To princeling exploiters surrender earth's property—

Millions for nothing to sink in the waves."

The time has come for protest from the true patriot. The parrot cannot protest—he merely mouths the platitudes of the political war lord. Canada needs not parrots, but patriots; not militia, but militants against militarism; not a navy, but a national conscience that will make a navy as unnecessary as impossible; not military camps and war lords strutting about in regimentals, parading pretty finery, but civilian camps of patriotic Canadians, whose aim is not the fighting of imaginary foes without the nation, but of real foes and forces, insipient though they be, within the nation; foes and forces which daily are sapping our commonwealth of her vitality in the interests of the favored few.

## THE WARMAKERS

(By Dr. Frank Crane)

"Blessed are the Peacemakers, for they shall be called the children of God." Accursed, therefore, are the Warmakers, for they shall be called the children of the Devil.

There is no truth that should be seared with Sinaitic fire upon the minds of Americans so important as this: The present relations with Mexico or Japan, or in any thinkable future relations, a better way than war may be discovered to bring about justice and harmony.

There never was a war that did not arise from stupidity, vanity, greed, and lack of self-control on the part of rulers.

When Demos is the ruler he is no better than Kings.

The Warmakers are with the U. S. among them are these:

The rash, ignorant, and adventurous youth. They are filled with the glamor of history, war-soaked and intoxicating. They see only the thrill of the game; they do not realize the horror of it.

Certain business interests. They would improve the value of their foreign holdings, or make gain by supplying armament or supplies to the army, or in some way feather their own nests with the profits of organized murder and rapine.

Certain politicians who see advancement for themselves in arousing the war lust of the populace.

The army and navy, tired of idleness and eager for advancement into dead men's shoes.

The people at large, who are easily carried away by a wave of war enthusiasm, who sweep aside wisdom and counsel of intelligent and humane statesmen and plunge into any bloody excess where fanatic and mistaken patriotism is opposed only by reason and justice. War means graft piling up mountain high.

It means universal waste and extravagance.

It means millions of jobs for the unfit. It means a thousand hungry hands thrust into the national exchequer.

It means every species of insane selfishness let loose at home and abroad.

It means the prostitution of "patriotism" from a high devotion to the public service to the wild violence of brute pugnacity.

## FARMERS' PSALM OF LIFE

Lives of Farmers all remind us,  
They must take their little chance;  
And in working get behind them,  
Larger patches on their pants!  
But if Borden swells the tariff,  
As he seems inclined to do;  
Soon the farmers will have nothing  
For to sew the patches to!

—Grain Growers' Guide.

Tell me not in blissful story,  
Farmer's life's a pleasant dream  
Casting ballots Grit and Tory,  
Filling up on Jersey cream.  
He's a strenuous early starter,  
Working hours seventeen,  
Bearing on his starboard quarter  
Patches vaster than have been.

—Wingham (Ont.) Times.

In a world where all is change, where new questions arise and new problems present themselves, it is an idle boast that one never changes his opinion. The great thing is that one should be true to one's ideals.—Mr. Austen Chamberlain.
