

**Are You Using
The Red Cross as Your
Agent to Heal and
Help the Wounded and
the Suffering?**

President Wilson recently said: "When you give something of your heart, something of your soul, something of yourself goes with the gift, particularly when it is given in such form that it never can come back by way of direct benefit to yourself. These things are bestowed in order that the world may be a fitter place to live in, that men may be succored, that homes may be restored, that suffering may be relieved, that the face of the world may have the blight of destruction taken away from it, and that wherever force goes there shall go mercy and helpfulness. The duty of the Red Cross is the duty of mercy and succor and friendship."
