G.W.V.A.'s BIG DAY

Many Places are Refused Per-
mission to Have This Well
Known Attraction

The Royal Canadian Mounted Po-
lice of Ottawa will give a musical
ride at the G.W.V.A. Celebration,
here on June 3rd.

Mr. E. Guss Porter, K. C. M. P.,
was successful in obtaining the Ride
for the Belleville Veterans.

The Secretary of the Local Branch
today received a telegram to this
effect from the local member, Mr.
Porter, at Ottawa, stating that he
had been successful in getting the
Musical Ride for the G.W.V.A. Cele-
bration on the King's Birthday.

Mr. Porter also stated in a letter
received this morning that thirty ap-
plicants had been refused this ride,
and that the Belleville branch had
been specially favored.

"The June 3rd Celebration Com-
mittee extends to Mr. Porter their
gratitude for his success in getting
this spectacular attraction," said Mr.
Liddle, the secretary today. "We
wish to thank Mayor Hanna for his
efforts in trying to get this detach-
ment of Mounted Police here for
June 3rd."

PAVE TO C.N.R. DEPOT

The table of the mountain and
the mouse was given a modern musi-
cal setting last night when the civic
committees wrestled in debate for
nearly five hours and then had only
two recommendations to send on to
the council at its Monday night ses-
sion.

Quite a varied program of subjects
kept the committee busy.

The proposal to pave the south
side of the market between Pinnacle
and Front streets appears to have
definitely been dropped out of sight
in order to inaugurate a regime of
economy.

Those favorable to the indemnifi-
cation of aldermen for their services
may find difficulty in getting the by-
law through, although there is pos-
sibly a majority of the council still
favorable.

What they did do was:
To recommend that a concrete
walk be constructed on the south
side of Dundas street from Commer-
cial street to the city limits and that
the prayer of the petition be grant-
ed for an asphaltic concrete pave-
ment on Dundas street from Church
Street and southerly along Church
street to the C. P. R. tracks, the
petition having been properly signed
and that the engineer prepare plans
and specifications so that work may
be proceeded with at once.

if not, I am ready to die."

PETERBORO WANTS INCOME TAX
OFFICE THERE, NOT BELLEVILLE

PETERBORO, May 13.—A special
despatch from Ottawa to The Ex-
aminer says:

G. N. Gordon, M. P. for West Pe-
terboro and J. A. Sexsmith, M. P.
East Peterboro, have made repre-
sentations to Sir Henry Drayton,
Minister of Finance asking that the
Income Tax Office for Northumber-
land and Durham, Peterboro, Vic-
toria and Haliburton be established
at Peterboro city.

They claimed Peterboro city had
three times the population of Bel-
leville and that great inconvenience
was caused by requiring the people
who make the returns and send
them to Belleville when they should
be able to make returns in their own
city.

IDEALISTS HURT
CAUSE OF IRISH

Sinn Fein See This and Are
Making Efforts at Prac-
tical Results

PARLEYS ARE GOING ON
Craig Risking His Political Life
to Bring Order out of
Chaos

DUBLIN, May 13.—Fourparties
are proceeding without interruption
between representatives of the Irish
Government and Sinn Fein lead-
ers which will probably result in
some definite action toward peace
after the elections at the end of the
month. Difficulties, however, have
arisen over the fact that the men
chosen so far to represent the Sinn
Fein are chiefly theorists and ideal-
ists without practical experience in
the problems of government econom-
ics and finance.

The British expressed their will-
ingness to grant full control of tax-
ation, including customs and excise
and the Irish representatives got so
far as to discuss details with the
British experts. The British were as-
tounded when it was seriously pro-
posed that Ireland receive all taxa-
tion on Guinness' stout, which is
produced in Ireland, no matter
where it is sold. The greater part
of the product is sold in England
and abroad and such a scheme would
be impossible of realization when it is
pointed out that if such action were
taken foreigners would be sure to
place an additional tax, thus placing
the Irish product at a disadvantage
in the market. The Irish could not
see it and insisted on their demand.

Many Difficulties.
This is only one sample, but it is
a type of all the difficulties met in
working out a practical scheme. An-
other difficulty is the insistence of
some extremists, who are mostly lit-
erary persons and who have taken
no part in the fighting, on the whole
letter of their demand.

One of these persons told the
British officials that he will always
fight for the right to have an Irish
army and navy. When questioned,
he said that Ireland did not want an
army and navy and never had, but
he insisted on the right to have
them. An Englishman replied, say-
ing he might be a thick-headed Sax-
on but he would never fight five
minutes for a right he did not intend
to exercise.

The practical element in the Sinn
Fein has begun to realize this weak-
ness in its directorate and efforts
are now being made to organize a
group of financiers and business
men who will be able to meet the
British on equal terms to work out
a practical scheme in detail. Much
is hoped in this direction from co-
operation with the north.

Sir James Craig is determined to
continue efforts to reconcile the
North and South and he is willing to
risk his political life if this end can
be accomplished.

An important series of discussions
has been arranged to take place dur-
ing the next few days between the
various sets of representatives with
the object of preparing the way for
definite action after the elections.

In addition Mr. Gordon stated
that it would save hundreds of dol-
lars to Peterboro which they now
pay to lawyers if taxpayers them-
selves could appear before the Inspec-
tor of Taxation at his office in Peter-
boro and obtain his ruling before
making out their returns.

They made a vigorous demand be-
fore the Minister to save Peterboro
people the inconvenience of retain-
ing solicitors or accountants to make

terboro there were accountants and
bookkeepers who were returned men
and were well qualified to be appoint-

SEES RED REVOLUTION
Throws Challenge to Radical
Labor—Some Action Must
be Taken

LONDON, May 13.—The young
Duke of Northumberland has thrown
down a challenge to the Miners' Fed-
eration which may end in a conspir-
acy trial of parallel political impor-
tance to the famous Times-Parnell
case.

The speech was made to a large
group of members of Parliament
held in the committee rooms, and
therefore amenable to the law of the
land, as statements on the floor of
Parliament are not, the Duke, in
most explicit terms, charged the Min-
ers' Federation executive with being
concerned in relationship with the
Russian Bolsheviki, and in a move-
ment to subvert British institutions
and bring about revolution here.

Duncan Graham, a miner refer-
red to in the executive of the
Miners' Federation, and he is to
be personally asked in the House
whether he and the Federation intend
to proceed against the Duke, or
allow the allegations to go by de-
fault.

The Duke, amidst the great ap-
plause of the members said:
"A deliberate attempt is being
made to starve the British nation
into submission by the very men
who were mere tools of Germany and
Russia during the war."

The duke heads a deputation of
members of Parliament to Lloyd
George to demand that the Govern-
ment take immediate steps to coun-
ter this conspiracy by arresting the
known participants, and by stop-
ping further immigration of danger-
ous aliens, and halting the inflow of
foreign money, which, they allege
British ministers know, is being used
to foment industrial strife.

The Duke and others declare that
nothing less than the ruin of the Bri-
tish Empire is the object of this
cunning planned attack.

Much was also said at the meet-
ing about information now in the
hands of the British Government on
the treaty between the Irish Repub-
lic and Soviet Russia, as disclosed
by confidential documents seized at
the Sinn Fein headquarters.

at the annual meeting of the Y. M. C.
A. last evening. While the finances
were a little in arrears, the vastness
of the work accomplished and the
necessity of bringing boys forward
to take the place of those older boys
who died in the Great War, lent en-
couragement to the workers.

NO MEN ALLOWED!

LONDON, May 13.—What
is described as an "Adamses-
Eden" is about to be opened
here in the form of a small
park where London working
girls may rest and meditate un-
disturbed by young men.

The plan originated with
the Metropolitan Public Gar-
dens Association which is seek-
ing to obtain for the purpose
four acres of waste land near
Hyde Park.

Mr. H. Hall auditor, reported:
"I have made a continuous audit
of the books of account and vouchers
of the Young Men's Christian Ass-
ociation for the year ending April 30th,
1921, and I have found them
correct."

Physical Department
Progress was marked in the phys-
ical department as shown by the
report of Mr. C. Keerber, instructor,
read by Mr. MacFadyen. The
activities of the year included organi-
zation of a public school meet with
325 competing indoor baseball
league, basketball, indoor athletics,
city hockey league, socials for the
High School, married ladies, Lions
Club, Albert College, lectures by
Walter Knox, Ed. Archibald, and
Mayor Fred Smith, Circus, and Y
basketball games.

The following statements appear
in the report.
"In the hexathlon Belleville
finished fifth for Canada.
"We were very fortunate in secur-
ing Mr. Richard Bull in teaching
boxing. We formed three classes in
boxing, one for seniors, with twelve
pupils, one class for Albert College
with fourteen and also one for sen-
ior boys with eight.

"During the year over 70 men and
boys were taught to swim and 23 wo-
men and girls. Six girls are qual-
ified as life savers.
"We ran off our circus and while
our proceeds were not big, after buy-
ing lumber for bleachers and paying
all expenses, we had about \$6.00 of
a balance."

The new equipment includes elec-
tric hair dryer, private dressing
stalls, and an electric bath, donated
by the business men.
"The physical departments con-
ducted 24 different classes with 456
sessions, 183 boys taking advantage
of physical privileges, 138 senior
business men and Albert College
boys and 139 women and girls, mak-
ing a grand total of 460 members
using privileges.

"During the year we had 8,324
using the gymnasium and 15,221
using baths. During the year 1919-
20, there were 2,251 using gymnas-
ium, and 5,295 the baths, an increase
of 5,773 for the gym, and 9,926 in
the baths in 1920-1921."

Boys' Work.
The boys' membership on May 1st
stood at 224, Boys' Work Secretary
Angus Buchanan reported. "Our
budget was so heavy this year that
we were unable to secure a motion
picture machine. We did have the
use of the machine of the agricul-
tural representative for a short time,
but it went out of commission."

In the various leagues promoted
by the Y, 84 games were held with
1,368 boys taking part.
From January to April, 534 boys
attended courses in Bible study.

"A few of our friends paid the
membership for a number of boys,
Miss Corby—14 boys; Mr. McCreary
—12 boys; Mr. Ackerman, —33 boys
and Mr. Riggs, 1 boy. Total 69.
"Our Boys' Work Board," said Mr.
Buchanan, "has been doing some
very good work during year. We have
emphasized the group organization
in the churches and where we had
three C.S.E.T. groups last year, we
have ten this year, also the National
Athletic Contest had over 60 percent
more taking part than we had last
year. Another piece of work being
carried on by the Board is the Boys'
Camp. A great piece of work on a
co-operating basis is being carried
on and from the experience of the
past we believe there are great things
ahead in the boys' work of the city.
The Board has purchased the grounds
on which the camp is situated and
are making well laid plans for the
coming year. The attendance at the
camp of 1919 was 46, at the camp of
1920 it was 88 and we trust that the
camp of this year will be better than
over and that every boy in the city
will have the opportunity of spend-
ing his holidays at Camp Com-
munity."

Bowling Report.
The bowling and billiards depart-
ment as reported by Mr. R. J. Wray
had a very busy year, three leagues
having been run off. The financial re-
turns show a margin of \$478.46 for
the season. Throughout the year
this has been one of the busiest
spots in the city. Ex-Mayor W. B.
Riggs donated a handsome silver
cup as a trophy for competition by
the bowling teams and this has add-

ed greatly to the interest of the
leagues.

Religious Work.
Mr. P. F. Brockel, secretary, re-
ported briefly regarding religious
work meetings during the year—
visits and addresses having been
made by Major Best, Dr. Dyde, A. P.
Parke of India and H. S. Sneyd of
Japan.

An item that the other reports
did not mention is the number of dif-
ferent organizations using the build-
ing for meetings, etc., during the
year. By actual record over 40 dif-
ferent organizations met in the build-
ing.

Mr. Brockel took this occasion to
thank the ladies, directors, press and
the members of the staff for their
help and co-operation during the
past four years. In giving up his
position as general secretary, he as-
sured the meeting that he had only
the kindest feelings towards the or-
ganization and that he would al-
ways be ready to do anything in his
power to help as a citizen.

Election of Officers.
Mrs. Brockel presided during the
election of officers which resulted as
follows:
Hon. President—Mrs. Sprague.
President—Mrs. Yeomans.
1st Vice-Pres.—Mrs. D. V. Sinclair
2nd Vice-Pres.—Mrs. Frederick.
3rd Vice-Pres.—Mrs. Affleck.
Rec. Secty.—Mrs. Brockel.
Cor.—Mrs. Ketcheson.
Treasurer—Mrs. Boyes.
Convener of Social Committee—
Mrs. French.
Convener of Dormitories — Mrs.
McCoy.
Convener of Devotional — Mrs.
Morrice.
Pianist—Mrs. Hill.

The report for the year was a very
gratifying one. At one time it was
feared the objective of five hundred
dollars of the "Y" campaign would
not be reached, partly owing to the
fact that the dormitory expenses in-
creased. Mrs. Sinclair, vice-president
and others set to work to raise the
full amount, success meeting their
efforts. The result was that over
\$500.00 promised has been paid.
This year the auxiliary expended
\$369.08 on dormitories and supplies
and altogether raised \$1,397.67.
Mrs. Affleck said:
"Our Social Committee have work-
ed well and our thanks are due Mrs.
Towner and Mrs. Bottum."
"Several free supplies have been
supplied as well as a few whereby
we were able to clear a little money.
"We are sorry that our President,
Mrs. Yeomans, was forced for so
many months to be absent from the
work, but the ship was left in the
hands of an excellent pilot, our Vice-
Pres., Mrs. Sinclair."

Kind Words for Mr. Brockel.
"The Ladies Auxiliary regret to
learn that we are about to lose our
Y.M.C.A. secretary, Mr. Brockel,
and we wish to place on record our
sincere appreciation of his kindly
and courteous treatment of always.
He was ready to lend the helping hand
and, in fact, do all in his power to
aid the interests of the Y.M.C.A.
"We feel that it would be a
calamity were this Y.M.C.A. build-
ing to be closed. The influence
brought to bear upon the lives of the
boys and young men, who frequent
here will bear fruit yearly, in a way
in which no city or nation can well
afford to dispense with.
"We crave more active workers
but are most grateful to the many
who are always so willing to send in
"ests," etc. when requested."
