Boston the minimum was zero.

This is a most important question for the young or the old of either sex, and the sooner it is considered the better. If you are troubled with faulty vision, with black spots or floating specks before the eyes, it will be to your advantage and safety to have the deflection attended to without delay. We are professional opticians, and can examine your eyes correctly and prescribe for you the right kind of glasses. The wrong kind will injure you.
