## Kerensky and Loyalists March on Petrograd

### Kerensky Leads Loyal Russ Forces

#### Maximalist Revolt is Near Collapse as Premier and His Supporters Approach Petrograd--Korniloff and Others Form Government in Moscow

By Courier Leased Wire.

Premier Kerensky, at the head of 200,000 loyal troops, is marching on Petrograd, where the Maximalists rapidly are losing power. The Bolshevik uprising in Moscow was abortive apparently and the loyal troops have driven the revolutionaries into the Kremlin.

General Korniloff, leader of the recent futile revolt; General Kaledines, former hetman of the Don Cossacks; Michael Rodzianko, president of the Duma, and Prof. Milukoff, Constitutional Democrat leader, are reported to be forming a government in Moscow. Probably such an organization would be more conservative than the Kerensky ministry and whether it is supporting Kerensky is not yet indicated.

#### NO FIGHTING WITH BOLSHEVIKI

The Bolsheviks and the Kerensky forces have not yet engaged in extensive fighting. Loyal troops have occupied Tsarok-Selo, 15 miles south of Petrograd and Premier Kerensky and his troops are reported at Gatchina, about three miles south, southwest of the capital. Food supplies in Petrograd are reported to be very low and the Cossacks there are backing the Minimalists in resisting the Maximalists.

Apparently there have been no further defections to the Bolsheviks from the army and garrisons and Petrograd and Moscow appear to have been the only large cities affected by the uprising of the followers of Lenin. Loyalist troops now control the chief wireless station, one report from which says that the overthrow of the revolt is “only a matter of days or hours.” This is borne out in part by the lack of timely advices from the Bolshevik headquarters in Petrograd.

The radical element in Finland has seized the opportunity to attempt to set up a separate government. Governor-General Nekrasoff has been dismissed and his place taken by a sailor and a state of war has been proclaimed. The Finnish Diet has voted to give supreme power in the province to a state directorate.

By Courier Leased Wire.

Petrograd, Sunday, Nov. 11.—3 p.m.—Street fighting is proceeding constantly. Junkers loyal to the Kerensky Government regained possession of the telephone station this morning. The exact whereabouts of the Kerensky army, which is reported to be approaching the city, is unknown at this hour.

Fighting is in progress in the Grand Morskina between Bolshevik infantrymen and junker forces in armed cars.

#### NO REPORT

Petrograd, Nov. 12.—(British Admiralty per Wireless Press)—Announcement was made today that no official communication has been received from army headquarters. The last official Russian announcement was dated Friday. It reported fusillades and small skirmishes, such as have been usual in the last few months.

#### Lang Changes

Petrograd, Saturday, Nov. 10.—The Congress of Soldiers and Workmen's Delegates has issued a decree abolishing the rights of land owners

and handing over all estates forthwith to agriculture committees which are to hold them until the Constituent Assembly. The decree provides that all products of the sub-soil, including coal, petroleum and minerals are the property henceforth of the state.

The land of small owners is not to be confiscated. Each citizen has the right to own only as much land as he himself cultivates without hired labor.

#### Public Safety

London, Nov. 12.—The formation of a committee on public safety in Petrograd, according to a message to The Daily Telegraph from Petrograd, dated Saturday was the outcome of an agreement between the non-Bolshevik members of the city council and the Moderate Socialist committee. The organization is purely moral and is not supported by any part of the garrison. Its headquarters is guarded by 20 boy scouts.

The council got into telephonic communication with Moscow, the message adds and learned that the Bolsheviks attempt to seize power there, was defeated by the garrison, which drove the Bolsheviks into the Kremlin.

#### Korniloff in Moscow

The Telegraph's correspondent says that he hears that General Kaledines, former hetman of the Cossacks and Prof. Paul N. Milukoff, former foreign minister, are associated with Michael Rodzianko in forming a government in Moscow. He confirms the report that General Korniloff is in Moscow, and says he was rescued from prison by Cossacks.

#### TWO WOUNDED

Pie. Geo. Melkie of Brantford is reported wounded in this morning's official casualty list. Pie. E. E. Fisher is also wounded.

### GOOD START TO VICTORY LOAN HERE

#### Campaign Is Inaugurated With a Big Noise Here This Morning

#### MARVELOUS RESULT Will Be Yielded From Thorough Organization in all Sections

With the sounding of the firehalls bell the hooting of factory whistles and the sirening of sirens, the great Victory Loan campaign was launched in Brantford at 9 o'clock this morning.

#### Busy Scene.

All day the headquarters have constituted a busy scene and list response of this community is evidently going to prove a whaler from Whalersville.

The first subscription on account of the municipality of the city of Brantford was handed in by Treasurer Bunnell as authorized by the City Council, Sinking Fund account, viz. \$25,000.

The next subscription was \$10,000 from Dr. C. W. Leeming.

It is understood that the Canadian Order of Foresters are taking \$1,600,000 worth.

So the story started and so it will continue until the end of the chapter.

The campaign was brought prominently forward yesterday in all the city churches, and in most cases by a layman.

#### Manufacturers Meet.

A most influential and largely attended meeting of the manufacturers was held at the Victory Loan headquarters (Teapot Inn), on Saturday afternoon at 2.30. Nearly all the companies in Brantford were represented either by their president or managers or chief executive officers.

The gathering was addressed by Mr. Bunnell, the chairman of the Brant County Victory Loan Committee.

The meeting was most enthusiastic and decided that it was the duty of the manufacturers of Brantford to support the loan to the limit not only in the corporate capacity of the various firms, but also as individuals. Further that it was their duty to bring the loan to the favorable attention of their employees and to undertake to advance the funds wherever necessary, to enable it possible every employe to become a participant in this vitally essential war measure. Each factory to make such arrangements in this regard as the circumstances would justify.

A committee was formed consisting of Frank Cockshutt, of the Singsby Manufacturing Co.; C. H. Waterous, of the Waterous Engine Works Co.; W. J. Verity, of the Verity Plow Co.; C. L. Messicar, of the Brantford Cordage Co.; D. P. Lamereux, Pratt and Letchworth Co.

This committee will see all the heads and principal shareholders of the Brantford companies, and also individuals. A further committee was formed consisting of Gordon Scarfe, G. C. Scott, A. Aitken, J. Coleman, E. Tech, and C. A. Waterous. Their function will be to arrange through each factory executive a local factory organization and give their help and assistance wherever required.

These committees are already at work.

#### Merchants Also

A meeting of the merchants is called for Tuesday night at 8 o'clock to discuss the matter.

### POLITICAL SITUATION IN 2 BRANTS

The position of affairs in the two Brants is once again as you were.

Following upon the telegram of Col. Harry Cockshutt to Mr. Harold in Brant Riding, offering to withdraw in favor of Hon. Mr. Rowell and Mr. Harold's refusal, Mr. Cockshutt announced his opening meeting in Paris on Saturday night.

On arrival there it was announced that the Liberals had proposed another conference, ten men a side, to meet in this city on Tuesday night and matters looked well for an arrangement, the Riding of Brantford to be included in any possible terms, but on returning home Harry Cockshutt found this telegram awaiting him from Ottawa:

“Other arrangements have been made regarding Rowell. His name not to be further considered.”

Mr. Harold also received a message as follows:

“I cannot possibly be a candidate in Brant County as I have already agreed to be a candidate in another constituency. I hope therefore my name will not be further mentioned in connection with the Brant situation. I thank you for the very”

### TODEVELOP MANPOWER IN GERMANY

#### All Males in Empire Called Upon to Increase Production

#### AGE LIMIT 16 TO 60

#### Austro-Hungarians Included in Compulsory Service Measure

By Courier Leased Wire

New York, Nov. 12.—The Evening World to-day publishes the following:

London, Nov. 12.—Field Marshal von Hindenburg and General von Ludendorff are planning a further development of the German resources of the civil man power for a great effort which undoubtedly will be made during the winter to increase the output of war material,” says a Rotterdam despatch to the Daily News.

“For this purpose the auxiliary service act is to be operated on practically compulsory lines.

“The new development consists in giving local authorities power to call up all male persons between the ages seventeen and sixty, living in the German Empire, and it is expressly stated that this includes all Austrians and Hungarians.

“Six months imprisonment or fine of 10,000 marks (\$2,500) are the penalties for attempting to evade service.”

#### SPLENDID RED CROSS WORK DONE

#### War Veterans' "Save-a-Soldier" Canvass a Big Feature

#### RESPONSE GENEROUS Total Proceeds of Campaign Will be Well in Excess of \$30,000.00

#### TO VICTORY

(The Song of the Canvassers) Armed with a pen, ink and paper, clad in the armor of right, hearing the call of the country, taking our part in the fight, as the sword we go over the top, Sir, advancing through a difficult zone, attacking with earnest endeavor, the office, the workshop, the home.

Not ours to cause devastation, not ours to maim or destroy, Alas that we hope for its protection, Persuasions the arms we employ, We beg you then promptly surrender, Nothing shall harm you, we swear, Just sign this approved application, And do what is needed, your share.

Terms that we offer are easy, Conditions are open and fair, Remember your duty, subscribing, Every dollar you feel you can spare, And thus with our men and our money, Triumphant results we shall see, The Queen of the Empire all glorify in.

And crowned by true Victory, H. U. Skie...

While returns from the British Red Cross campaign are not yet complete and contributions and results from the different teams of workers are still coming in, the last count places the total slightly in excess of \$30,000.

Thus, for another year Brantford has demonstrated her generosity in a patriotic cause and the results of the canvass greatly exceeded the objective set early in the campaign.

The teams have worked indefatigably and their earnest efforts combined with the generosity and patriotism of the citizens generally were responsible for the gratifying result.

Yesterday “Save a Soldier Sunday” was observed when G.W.V.A. and A.R. men canvassed the entire city and collected the envelopes that had been distributed through the mails during the week. This phase of the campaign netted approximately \$4,500.

In seventeen city districts, under the supervision of the postmen and their captains, war veterans and army rejects called on every house and met with general hearty response. The outlying districts, including Cainsville, Parkdale, Farrington, Echo Place and Grand View were all called on also by the workers.

Automobiles to convey the workers to their different territories were supplied through the Rotary Club, and great assistance was given in this way. At the commencement of the afternoon there was a distinct shortage of workers, but as each team finished its territory, the members were placed where they were needed and in this way some men covered two, three and even four districts during the afternoon.

An amusing feature of the afternoon was the manner in which some canvassers were received owing to misconception on the part of the householders of their object. Some thought that the returned men were calling to round up the draftees who

### Resistance Stiffening Along Piave River Which the Enemy is Unable to Cross --Fate of Austro-German Offensive Now at Stake

Italian resistance is stiffening along the Piave line and in the Sugana Valley the Austro-German progress is slowing up. The invaders have not been able to cross the Piave from around Feltrina to the Adriatic. The Vidor bridgehead, on the eastern bank of the river, was defended stubbornly by the Italians who nanily retired across the river after blowing up the bridge.

Violent fighting is in progress around Asiago and the Setti Comuni to the west. Berlin reports some progress on the Setti Comuni and in the Sugana Valley, but against strong Italian resistance. East of Asiago the Italians in a desperate charge were able to recapture positions from the invaders and in the Sugana valley near the Austro-Italian border they captured an enemy advance guard.

#### MUCH HANGS IN BALANCE.

The permanence of the Piave line depends most on the success or failure of the Austro-German blow in the Asiago region, military observers think. If the invaders can be held in the north, the Treviso Hills along the middle Piave will help the Italians in checking an advance across the river. Further Austro-German advances from the north might make the Piave line untenable and Venice and Treviso probably would have to be given up to the enemy with further retirement either to the Brenta or the Adige. However, the Italians are fighting hard and the German progress Saturday and Sunday apparently was appreciably slower.

#### LITTLE FIGHTING ON WEST FRONT

In France there has been little fighting activity of moment. The Germans have failed to counter-attack in an attempt to regain the Passchendaele ridge, whose capture has been completed by the British.

In Palestine the British advance continues. More villages and additional prisoners have been lost by the Turks.

#### ITALIANS TRAPPED

Berlin, Nov. 12.—via London —The Austro-German forces in Northern Italy have cut off 10,000 retreating Italians in the Upper Piave Valley, the war office announces. The Austrians are said to have surrendered.

The German statement says the Teuton forces have advanced from Belluno down the Piave valley and are standing before Feltrina.

Italian headquarters in Northern Italy, Sunday, Nov. 11.—(By the Associated Press)—The enemy's operations on the north end in an attempt at encirclement of the Italians, have not succeeded. The menace on the Italian left wing also is practically past.

The reconstruction of the Italian army along the newly chosen line of defense is now virtually an accomplished fact. The troops have taken up their positions in trenches, the gun emplacements have been made ready and the whole vast organization is preparing for the battle that is not so far off. The men are in good spirits, and a feeling of determination prevails in all ranks.

Retirement of that part of the Italian force in the Carnia district of Northern Venetia has shortened the Italian main front, which now presents a compact line extending about twenty miles along the new river defenses to the sea.

Aid From U.S. Rome, Nov. 12.—Major Grayson P. Murphy, European commissioner of the American Red Cross, and a party of assistants has arrived here to arrange for immediate assistance to be given the expatriated citizens of Italy. Major Murphy conferred with Baron Monson, the British Red Cross commissioner, concerning co-operative efforts of the two organizations.

Washington, Nov. 12.—Half a million dollars was appropriated by the American Red Cross to-day for general relief work among the Italians driven from their homes by the Ger-

man invasion, but reports received to-day of conditions among the refugees and their increasing numbers caused the amount of \$250,000 previously set aside to be doubled.

#### FIRE ON WATER FRONT

New York, Nov. 12.—New York city's water front was the scene of another fire on Sunday when the factory of the Washburn Wire Company which was working on large war orders for the United States was destroyed with a estimated loss of nearly \$2,000,000. The patrolman who discovered the fire declared he found three blazes at different places in a series of buildings extending from 117th to 118th street and a half a block deep on the East River front in Harlem.

Y. M. C. A. CAMPAIGN IN U.S. New York, Nov. 12.—An army of 250,000 workers in every important city and town in the United States to-day began a week's campaign to raise \$35,000,000 for the war work of the Young Men's Christian Association. A number of corporations have announced that they will give generously to the fund.

#### THE MERCHANTS CORNER

An Inter-Relation of Interests Advertising became legitimate only when legitimate business took it up. It has improved as business has improved. Moreover, it has helped business to improve, pointed out the way and led the procession. Having built up business, advertising must keep it up. Of course, advertising is but an instrument of business, but the advertising man has very largely to create his own job and then improve it in order to preserve it. His employer has to do the same thing and thus a community of interest prompts co-operation. If that co-operation does not exist the result is generally failure.—Women's Wear.
