A Case of Kidney Disease That Could Not be Cured by Ordinary Drugs and Medicines

THE DREAD DISEASE WAS BANISHED AFTER USE OF TWO BOTTLES OF Paine's Celery Compound

A Statement Carrying Warning and Encouragement to Every Sufferer

While the blood is the life of the system, carrying to every part its share of force and energy, it is also the means by which the waste matter, the result of decomposition of the tissues, is removed from the body.

If you have any of the symptoms of Bright's disease or diabetes, Paine's Celery Compound is the only medicine on earth that can stay the ravages of the disease and cure permanently.

For the past seven years I have been troubled with diseased kidneys. Often while working in a stooping position I would find it difficult to straighten up at once, and could only do so after repeated efforts.

After using one bottle of Paine's Celery Compound a trial, I procured a bottle, took it as directed, and found an effect wonderful. Before I had finished the first bottle I began to improve; after I had used the second bottle I felt as well as ever I did in my life.

SOUTH AFRICA

London, November 7.—Lord Kitchener, sending supplementary details of the recent flight near Brakenburg, Eastern Transvaal, says:

The Boer loss was forty four killed, including General Opperman and one hundred wounded. The Boers got nothing beyond the guns. The Boer attack was easily repulsed until the arrival of Louis Botha with six hundred men.

Malmesbury, Cape Colony, Nov. 4th.—One of the most picturesque incidents of the war was what has become known as the "naval engagement" at Honjies Bay.

Two fairly large steamers, the Sussex and the Keat, engaged in the Australian meat trade, were lying in the bay exchanging cargo when the Boers appeared on the shore and started firing on a small boat which was making for the ship.

The captains of the ships, believing that they were in danger of being cut off at the narrow entrance to the harbor, immediately weighed anchor and prepared to stand out to sea.

The Boers were racing for the points commanding the entrance when the captain of one of the ships sighted the gunboat Partridge, rounding the point. He hoisted the signal, "Boers on shore firing at boat."

As soon as the Boers saw the gunboat they fled, but the Partridge, steaming rapidly into the bay, commenced dropping shells among the flying enemy.

The Partridge thus enjoys the distinction of being the only warship which has been directly engaged in the war, and naturally the sailors are jubilant over their exceptional luck.
