The practical side of science is reflected in

A monthly publication of inestimable value to the student of every day scientific problems, the mechanic, the industrial expert, the manufacturer, the inventor—in fact, to every wide-awake person who hopes to better his condition by using his brains. The inventor, especially, will find in *The Patent Record* a guide, philosopher and friend. Nothing of importance escapes the vigilant eyes of its corps of expert editors. Everything is presented in clean, concise fashion, so that the busiest may take time to read and comprehend. The scientific and industrial progress of the age is accurately mirrored in the columns of *The Patent Record*, and it is the only publication in the country that prints the official news of the U. S. Patent Office and the latest developments in the field of invention without fear or favor.

The high school re-opened yesterday with an increased attendance.

Mr. Harry Franklin, a graduate of the A. H. S., now of Toronto, spent Sunday with friends in Athens.

Mr. Wm. A. Blanchard, son of Mr. A. W. Blanchard, is spending a few days with his parents. He is at present studying law in Minnesota.

Mr. Norton Crane left on Tuesday for Guelph to take a course of instruction at the Ontario Agricultural College, Guelph, after spending the summer here.

Dr. John M. Paterson, of Nebraska, is spending a short vacation with his mother in Athens. He will sing a solo at the morning and evening services at the Methodist church on Sunday next.

Mr. Arthur E. Fisher, B. A., has been appointed principal of the Qu'Appelle public school. Before leaving Meletha, he was presented with an address and a purse by the choir in appreciation of his services. His friends here are pleased to hear of his success.

Wm. Pennock, of Elgin, was a visitor to Athens on Tuesday. He told the Reporter that he was doing exhibiting at Unionville fair so long as the present managers were in control. For over 25 years he usually had from 60 to 80 articles on exhibition and his withdrawal is a severe blow to the fair.

Mr. H. R. Knowlton, Jeweller, will take possession of his new quarters in the Kincaid block this week. The front room has thoroughly remodelled by having a new floor, and metal ceiling and up-to-date counters and shelving. A beautiful job of oak graining was done on the box fronts by John Square.

The Bancroft Times man will have a lot to answer for, sometime. He expects his readers to believe the following:—A farmer near Maynooth had a peculiar experience recently. When at work in the field a swarm of bees passed over his horse's head. The animal had opened its mouth and the queen bees entered it. The working bees swarmed around, and as the horse, in great agony, opened its mouth, they all swarmed in after her. The horse galloped madly about the field with the plough attached until it fell down exhausted. Something was done to the poor animal to relieve the pain, but it is not expected to recover. The farmer secured the bees and he expects to sell enough bees to buy another horse.

THE REPORTER HUNT CLUB.

The adjourned annual meeting of the Reporter Hunt Club was held in the spacious parlors of Len R. Cossitt, Brockville, on Monday Aug. 26th. President E. A. Geiger occupied the chair and B. Loverin, Secretary recorded the minutes of the meeting.

The following members of the club were present:—E. A. Geiger, Brockville; Phil. Halladay, Elgin; B. Loverin, Athens; Marsh Ripley and Dr. D. A. Coon, Elgin; Len R. Cossitt, Geo. M. Beecher and J. Charles Stagg, Brockville. Byron W. Loverin, Greenbush, an active member of the club, was prevented from being present by pressing business arrangements.

After an informal discussion as to the best location for the hunt of 1901, it was decided to go back to Lah-ne-o-tah lake in the valley of the Maganetan to the old camp occupied by the party during the hunting season of 1897, 98 and 99, and plans were made for the transportation of boats and supplies to that place.

It was also decided that the party would start for the hunting grounds from Brockville on the noon train on Oct. 28.

The following officers were then elected for 1902:—

President—L. R. Cossitt, Brockville.
Vice-Pres.—S. Marsh Ripley, Elgin.
Sec. Treas.—E. A. Geiger, Brockville.
Managing Committee—E. A. Geiger, Dr. D. A. Coon, Geo. M. Beecher.
Supply Committee—J. Chas. Stagg, B. Loverin, E. A. Geiger.
Property Committee—Dr. D. A. Coon, E. A. Geiger, M. Ripley.
Dog Committee—Phil. Halladay, Byron W. Loverin, Geo. M. Beecher.

BATCH OF REPORTER LETTERS

Our well known townsman, Mr. A. E. Donovan, adds a postscript to a letter he sent the Reporter on business last week. No doubt he will learn with regret of the death of his old friend, Dr. Addison, of whom he makes mention in the following note:—"Last weeks paper was indeed interesting, I may say I look forward each week with pleasure to receiving the Reporter. The citizens of Athens are to be congratulated on the way they entertained the Sun Life party, and am sure they will remember their visit to Athens and charming Charleston lake with no small degree of pleasure. I am sorry that my esteemed and life long friend, doctor Addison, was unable to be present and take part in the village's welcome. I am certain the many strangers present would have found him very interesting. Trusting the next time so many distinguished people pay Athens a visit that I will be able to be with you. I am truly yours,

A. E. Donovan.
Halifax, N. S., Aug. 29th 1901.

We take the liberty of inserting the annexed letter in the Reporter feeling that there are many others in Athens who are justly entitled to their share of the praise for the work done in connection with entertaining the Sun Life party on their recent visit.

Union Park,
Aug. 31st 1901.

DEAR MR. LOVERIN,

I am spending a few days with my family at this place, and having a writing pad and fountain pen handy I am just taking a few moments to write you this letter to say how much we all enjoyed our recent sojourn at Athens and Charleston lake. The Sun Life party from the President down to the youngest representative present all voted the good people of Athens the very essence of generous hospitality while in your Charleston lake you have a veritable "patch of paradise." Let me say that the unremitting attention of yourself and others of your prominent citizens proved conclusively that Athenians know how to rise to the occasion. Our visit with all its pleasant incidents will remain one of our life's delightful memories. May your shadow never grow less.

Sincerely yours

JOHN R. REID.

Mrs. Douglas C. Hunter, (nee Miss Mabel Manhardt), in writing to the Reporter to change the postoffice address of the paper, writes this list of interesting news about the country she is now located in: "We are 20 miles from town on a ranch. Our postoffice address is Lineham, which is quite a distance from our ranch, and the mail only goes out and comes in once a week. There is no one living in the postoffice—the post master going there early every Saturday and is there just long enough to make up the mail. Our ranch is situated on Sheep Creek, thirty five miles south of Calgary, and our nearest neighbor is a mile away; but it is a lovely country and climate. We are in the foot hills of the Rockies. It snowed every month last year and there was 2 feet of snow on the ground on the 24th of this June. There is no frost with the snow that comes in the summer. The days here are exceedingly warm, but when bedtime comes we have to sleep in heavy blankets to keep warm. In winter the thermometer drops to 40 below zero, but the horses and cattle stay out all winter. Sometimes we are from June to Christmas without rain but old settlers say that for the past two seasons there has been plenty of rain."

Sincerely yours

BIG CORN ROAST

—AT—
CHARLESTON LAKE.

Arrangements are about completed for the proposed corn roast at Lah-ne-o-tah Point, Charleston Lake.

The date fixed is Friday, Sept. 13th. A big bonfire will be built on the high rock on the old picnic grounds and the corn roast will commence at six o'clock followed by a general illumination of the point, the houseboat, and a number of summer residences and it is expected that those using row boats will form an illuminated flotilla.

The Athens brass band will be present and furnish the music and Compo's string band will also add to the enjoyment of the occasion. As these grounds are private property under the control of B. Loverin of the Reporter, no disorderly conduct will be allowed.

Parties having good roasting corn are requested to contribute a small quantity each, notifying B. Loverin of their intention, but a quantity will be provided so that all can have what they wish to eat.

A number of teams will be on hand to take parties to the grounds for which a small fee will be charged. Everything at the grounds will be free and everybody is invited.

Further particulars given in next week's Reporter.

A clergyman in Pittsburg, Pa., married a lady with whom he received a dowry of \$10,000 and a fair prospect of more. Shortly after, while occupying the pulpit, he gave out the hymn, "Forever let my grateful heart," when he hesitated, a-bemmed, and exclaimed, "We will omit the fifth verse," and sat down. The congregation, attracted by his apparent confusion, read the verse for themselves, and smiled almost audibly as they read:

Forever let my grateful heart
His boundless grace adore;
Who gives ten thousand blessings now,
And bides me hope for more.

Recuperative Effect.

Considered with reference to its recuperative effect, there is not so much in the ordinary vacation as there is in a single bottle of Hood's Sarsaparilla. The latter costs \$1.; the former—well, that depends; how much did yours cost last year? Hood's Sarsaparilla refreshes the tired blood, sharpens the dulled appetite, restores the lost courage
