Vol. XLIII, No. 17.

SCHOOL BOARD MEETING

Interesting Report Presented by Miss Harry

The regular monthly meeting of the School Board was held on Monday evening with the chairman, Dr. Leslie Eaton, and Commissioners Balcom, Vaughn and Parsons present.

At a former meeting a proportion of the contract price of the new school building was withheld because of the fact that certain work remained undone. At the meeting on Monday evening, Mr. Stairs reported that while this was the case the contractor had done considerable work not required by the specifications and had donated the sum of \$10.00 towards the work of furnishing the additional room. In view of this report it was decided that the balance due Mr. Wright be paid in full.

Miss Harry, V. O. N., presented an interesting report regarding her work in the schools, which we append:

School work was started in May 1923. At that time an examination of the school children was carried out by the doctors and dentists, and reports of defects found were sent to the parents. There were 108 throat cases, 47 defective vision, 14 mal nutrition, 272 dental cases. A favourable number of parents have procured treatment necessary to remedy these defects. 8 cases received treatment at the V. O. N. Hospital, expenses paid by the V. O. N. fund, and some dental cases received free treatment.

Better results this year from the looking up of truants. 20 children were admitted to school for the first time and better attendance is reported.

In September all children were reported for non vaccination. 19 notices were sent to parents. 16 of these were written that their children should be vaccinated but could not afford the 75 cents fee. The payment of the bill was granted and the 16 were vaccinated.

The I. O. D. E. presented the school with a scale and a monthly weight chart has been started in the seven lower grades.

Towels and paper handkerchiefs have been provided by the Board.

There have been very few contagious diseases this year. 77 cases of measles reported and watched. 5 children were excluded from school as follows: 1 case of scarlet, 1 case of impetigo, 2 cases of dirty conditions of the head, 1 case of sore throat.

Health leaflets have been distributed and 200 tooth brushes sold. The school premises have been kept very sanitary, thanks to the janitor.

I wish to thank Drs. Eatons, Primrose and Roach, also the medical staff of the town for the help given in the school, and the I. O. D. E. for clothes, scales and money for needy children.

Report on every month to Halifax.

Mary Harry, Nurse in compliance with the request of the Health Officer it was decided to place a thermometer in each room for the guidance of the teachers.

The following bills were passed and ordered paid:

E. W. Eagles	\$87.00
E. F. Manney	2.00
W. Sleep	13.35
E. S. Langle	12.00
W. O. Pulsifer	1.00
Electric Commission	12.00
C. H. Porter	1.08
John Hargreave	15.39
Children's Aid Society	4.29

The last item is for the board of children arrested for truancy and confined in the Children's Aid Society detention home pending trial.

Roses are red, violets are blue
A Valentine message is sent to you,
At Mrs. Prescott's Summer Street.
The V. O. N. gives a musical treat:
From four to six, come join the throng
Drink your tea and help us along.

TOWN COUNCIL IN SESSION

Town Reports to be Printed - Committees Appointed

Reverting to the practice of former days the meeting of the Town Council on Wednesday evening was preceded by a session of the old Council, the chief feature of which was an interchange of courtesies between the Finance Committee and the auditors.

Mayor Phinney was in the chair and all the members were present.

The report of the auditors, which was adopted at the meeting, made a very complimentary reference to the work of the Town Clerk, and the improved methods which are being employed in the office.

Coun. Balcom presented the report of the Finance Committee for the month of January, in which it was shown that the receipts had amounted to \$3528.57 and the expenditures were \$7816.79. At the end of January the debit bank balance was \$5917.93.

The clerk read the official report of the recent elections and declared J. D. Chambers elected Mayor, and J. C. Mitchell, Dr. Roach and Freeman Leue elected Councillors for the ensuing civic term.

Authority was given for the publication of the Town Report as arranged by the Town Manager, report of the Auditors, report as arranged by the Finance Committee, School Board, Electric Commission, etc.

The oath of office was then administered by Stripland Whidden to the Mayor and Councillors elect, and the retiring members of the board vacated their places which were taken by their successors in office.

Mayor Chambers addressed the meeting briefly, thanking the electors for the honor conferred again upon him, and asking the cooperation and support of the Council in carrying on successfully the work of the town during the coming year.

On motion the payment of the auditors for the past year was ordered.

Coun. Balcom was elected President Councillor for the ensuing year. The Mayor and Couns. Leue, and Roach were elected to represent the town on the School Board. The following standing committees were appointed:

Finance—Couns. Balcom, Peck and Mitchell.

Streets and Public Property—Couns. Mitchell, Leslie and Reid.

Fire and Water—Couns. Peck, Leslie and Roach.

Sewers—Couns. Reid, Mitchell and Balcom.

Poor—Couns. Roach, Peck and Balcom.

Police and License—Couns. Leslie, Peck and Mitchell.

Committee of Appeals—Couns. Balcom, Leslie and Roach.

Mayor Chambers, Coun. Mitchell and J. E. Hides were elected as members of the Electric Commission.

Committee on Arbitration—The Mayor and Couns. Balcom, Reid, Roach and Peck.

The Clerk was ordered to open separate accounts from Jan. 1, 1924 for capital and current funds, based upon the financial statement as presented at the end of 1923.

H. E. Arnold and M. J. Tamplin were appointed auditors for 1924, at a salary of \$125 each, and it was decided to return to the old method of a monthly audit and a quarterly balance sheet.

Short addresses were given by each of the new Councillors, after which the meeting adjourned.

There are sweeter reasons why MORSE'S Tea is so popular. Here they are: (1) Flavor. (2) Strength. (3) Economy (240 cups to the pound). (4) Appearance in the cup. (5) MORSE'S is sold at a reasonable price.
