

CORN

Lift Off with Fingers

Your druggist sells a tiny bottle of "Freezone" for a few cents, sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation.

Doesn't hurt a bit! Drop a little "Freezone" on an aching corn, instantly that corn stops hurting, then shortly you lift it right off with fingers. Truly!

MOTHER!

Clean Child's Bowels with "California Fig Syrup"

Even a sick child loves the "fruity" taste of "California Fig Syrup." If the little tongue is coated, or if your child is listless, cross, feverish, full of cold, or has colic, a teaspoonful will never fail to open the bowels. In a few hours you can see for yourself how thoroughly it works all the constipation, sour bile and waste from the tender, little bowels and gives you a well, playful child again.

Millions of mothers keep "California Fig Syrup" handy. They know a teaspoonful today saves a sick child tomorrow. Ask your druggist for genuine "California Fig Syrup," which has directions for babies and children of all ages printed on bottle. Mother! You must say "California" or you may get an imitation fig syrup.

A SIN TO LET HAIR FALL OUT

35c "Danderine" Saves Your Hair—Ends Dandruff! Delightful Tonic

Hurry! It's your duty! Each day you see a little more hair falling out and you are making no effort to avoid baldness. What a pity. Falling hair means your hair is weak, sick—possibly dandruff is strangling it, or the hair root pores in the scalp are not firm and tight, thus wasting the hair-growing oils.

Danderine almost instantly stops falling hair of men or women and cleans every particle of dandruff away, then the hair takes on new life, vigor and strength to grow strong, thick and long.

Danderine is delightful—not sticky or greasy. Go to any drugstore now and get a bottle. Use it. Have healthy, heavy, beautiful hair and lots of it.

THINGS WE SHOULD LIKE TO KNOW

If our readers saw the letter addressed to the editor of the St. John Telegraph last week, from our friend Mr. P. T. Dodge, President of the International Paper Co., the company whose rights expire very soon at Grand Falls? For those who did not we reproduce it, for President Dodge appears to be developing, if not the Falls, some little exhibition of temper:

Editor St. John Telegraph:

Dear Sir: I note in your issue of the 7th assertion that "communications are coming from towns along the St. John River, from Fredericton and Edmundston inclusive, and from the North Shore district," and that "every community of the Province is hungry for cheap power to develop industries and for comfort and convenience" etc.

If this is true, why do not these people respond to the advertisements in your supposedly influential journal and advise us of their needs. If you are in possession of the facts and know who the people are who are demanding the power, why do you not put them in communication with us?

Until there is some certainty that a return can be had on the investment, no man entitled to remain outside of an insane asylum would risk a dollar in the development or in the bonds based on the development.

Yours very truly

P. T. DODGE

President

Does not Mr. Dodge express himself clearly and fluently in his letters, and does that letter not show that he never had any intention of developing the Grand Falls, even when his company signed up the last time?

In regard to the reference he makes in his letter about the candidates for an insane asylum, is it not his private opinion, not stated in his letter it is true, but his own very personal, very private opinion, that if we are foolish enough to sign up with him again, we should be forcibly detained in an asylum for the feeble minded?

But why should industries which require power tell Mr. Dodge when Mr. Dodge's rights expire so soon?

Does he expect to hold on for ever?

Does he expect that any industry is going to tell him what its requirements are?

Does he think we are all lunatics, as his letter implies that some are? We should like to know what hold he has on Grand Falls after his rights expire, that he is so insistent on being informed of the Province's needs.

We should like to know the cards he holds in his hands.

We should like to know what profits he expects on any property his company owns in Grand Falls.

We should like to know whether he realizes that his hand is going to be called this time. We should further like to know WHAT THE ATTITUDE OF THE PRESENT PREMIER IS IN REGARD TO THIS QUESTION? And why the silence from the government? Is Grand Falls a public question? Are the Falls owned by the people? Have not the people the right to know what disposition is to be made of them?

Is it not due them to have the assurance of our representative, our government officials that our interests will be protected—as they obviously were not protected last time?

Did President Dodge invent the phrase "Promises like picnics are made to be broken"?

Does President Dodge think we are not capable of thinking things out for ourselves that he writes so many letters to papers and delegates?

Does President Dodge realize that the columns of The Observer are open to him to make any additional statement?

If he thinks he is getting anywhere by slurring the newspapers of the Province?
