

## A BIT OF ADVICE

First—Don't Delay. Second—Don't Experiment.

If you suffer backache, headaches or dizzy spells; if you rest poorly and are languid in the morning; if the kidney secretions are irregular and unnatural in appearance, do not delay. The kidneys are calling for help. Slight symptoms of kidney troubles are but forerunners of more serious complaints. They should be given attention before it is too late.

Booth's Kidney Pills cure kidney trouble. They are recommended by thousands. Can Newcastle residents desire more convincing proof than the statement of a Newcastle citizen? Mr. C. McCafferty of Jayne St., Newcastle, N. B., says:—"Our daughter, Edith, of 11 years had for three years past suffered with a distressing and most annoying weakness of the kidneys and bladder finding nothing to relieve her she became worse and worse until finally she had no control over the secretions and suffered regularly during the night with this weakness. She was apparently healthy in every other way and we could not understand her case. Booth's Kidney Pills were recommended by Mr. Durick, the druggist, and we began treating her with them. We were surprised at the quick way in which Booth's Kidney Pills got at the cause of the trouble. In less than three weeks there was not a remaining sign of the dread trouble and Edith has been well and stronger ever since. I am glad to recommend Booth's Kidney Pills as they have been a great blessing to our home."

## \$10,000 WORTH BURNT

Quebec, June 10.—A fire which broke out at 11 o'clock yesterday morning before it was extinguished had done damage estimated at \$100,000. The buildings burned included the lumber mills of Beland and Giguere, the Parisian Corset Factory and about twenty-five houses, all located in the heart of St. Roch's Ward.

The fire started in the lumber mill and gained a great start through the employees endeavoring to get it under control without summoning the fire brigade.

Only the plentiful supply of water and assistance rendered by a detachment of men from the R. C. M. A. from the Citadel enabled the firemen to control it when they did.

## FIRE IN BATH

Bath, N. B., June 10.—A disastrous fire broke out here about eight o'clock last evening in the rear of the buildings owned by Thomas Bros., whose baths, general store and dwelling were entirely destroyed.

## SAULT CANAL DAMAGED

Sault Ste. Marie, Mich., June 10.—With all the weight of Lake Superior behind it an uncontrolled torrent of water rushed last night through the four million dollar Canadian Canal, built to carry vessels around the impassable rapids of the St. Mary's River. The entire fall of approximately twenty feet is concentrated in the lock which was wrecked yesterday when the steamer Perry G. Walker of the Gilchrist fleet rammed her bow through the lower gate. The vessel encased within its walls this evening a tremendous spectacle, including two waterfalls and a big whirlpool.

The damage will be in the vicinity of \$300,000.

## DANGER IN DELAY

Kidney Diseases Are Too Dangerous For Newcastle People to Neglect.

The great danger of kidney troubles is that they get a firm hold before the sufferer recognizes them. Health is gradually undermined. Backache, headache, nervousness, lameness, soreness, lumbago, urinary troubles, dropsy, diabetes and Bright's disease follow in merciless succession. Don't neglect your kidneys. Cure the kidneys with the certain and safe remedy Booth's Kidney Pills, which have cured people right here in Newcastle. Mrs. H. C. Smallwood of Gladstone Terrace, Newcastle, N. B., says:—"I cannot speak too highly of Booth's Kidney Pills and I believe them a remedy of great merit in giving quick and lasting relief to the many pains and aches caused from inactivity of the kidneys. Headaches of a distressing nature had for some time bothered me. I would awake with a dull pain in my head and often I would be very dizzy. My back was weak, and a dull, bearing down pain had settled across the small of it. I was nervous and restless and run down and could find but very little relief in anything I tried. Booth's Kidney Pills were advertised at Mr. Durick's Pharmacy and I concluded I would give them a trial which I did with the most satisfying results. The pains left my back and the headaches ceased. I have enjoyed good health ever since."

The very sudden death of little Leslie Cool, youngest child of Annie and the late D. K. Cool, took place Wednesday evening about five o'clock. The little fellow took sick Tuesday morning with vomiting and Dr. Nicholson was immediately summoned and did everything possible for the child, who was suffering from inward convulsions, thought by the doctor to have been caused by buds of cherry and wax berries the child had been eating, and which caused cholera infantum which was responsible for the little fellow's death. Leslie was three years and four months old and was a bright, lovable child and a general favorite with everybody. The funeral was held Thursday afternoon at 3 o'clock and the remains were interred beside those of his father in St. James' cemetery. Rev. S. J. McArthur officiated at the services. ## HANDICAPPED

This is the Case With Many Newcastle People.

Too many Newcastle people are handicapped with a bad back. The increasing pain causes constant misery, making work a burden and stooping or lifting an impossibility. The back aches at night, preventing refreshing rest, and in the morning is stiff and lame. Plasters and liniments may give relief, but cannot reach the cause. To eliminate the pains and aches you must cure the kidneys.

Booth's Kidney Pills cure sick kidneys and cure them permanently. Can you doubt Newcastle evidence? Mrs. James Black of Mitchell St., Newcastle, N. B., says:—"Many symptoms of kidney trouble had been prominent for over a year. I became so weak and run down through loss of sleep that I could scarcely walk across the floor. The dull bearing down pains across my back were agonizing and unbearable and I could find nothing to give me the least relief. Headaches and spells of dizziness added much to my suffering and I was so nervous I could not sleep or rest any time. I have heard so much about Booth's Kidney Pills, I concluded I would try them so I sent to Mr. Durick's Pharmacy and procured two boxes. I began treatment and found Booth's Kidney Pills were benefiting me. The pains across the kidneys were less severe and the headaches were less frequent. I did not finish the second box of Booth's Kidney Pills and I am well and strong again and without a symptom of kidney trouble. I am glad to recommend Booth's Kidney Pills."

## LACK OF BLOOD

Is What Causes Headaches, Dizziness and Heart Palpitation.

On the blood depends the welfare of the whole body. Where good blood exists disease is unknown, but where the blood is poor and watery disease quickly seizes hold of the body—it is then headaches, backaches, dizziness, heart palpitation and other serious ailments make themselves felt. Good blood can always be obtained through the use of Dr. Williams' Pink Pills for Pale People. They actually make good, rich blood and thus restore lost strength and banish disease. Mr. Herbert Hanson, Brewers Mills, N. B., says:—"I cannot praise Dr. Williams' Pink Pills too highly. I was troubled with headaches, dizziness and loss of strength and had a hacking cough which I feared would lead to consumption. I tried a number of medicines without benefit, but was finally persuaded to try Dr. Williams' Pink Pills. I did so and used these Pills for several months with remarkable results. They helped me so much that I now strongly recommend them to all other sufferers."

The experience of Mr. Hanson is that of thousands of others who have found health and strength through Dr. Williams' Pink Pills, after other medicines had failed. It is through their power in making good blood that these Pills cure such troubles as anaemia, indigestion, rheumatism, heart palpitation, neuralgia, nervous troubles and the distressing ills of girlhood and womanhood. Dr. Williams' Pink Pills for Pale People are sold by all dealers in medicine or direct by mail from The Dr. Williams' Medicine Co., Brockville, Ont., at 50 cents a box or six boxes for \$2.50.

## WHAT THE WORLD THROWS AWAY.

A Chinaman will live on what a Frenchman throws away; a Frenchman will live on what a German throws away; a German will live on what an Englishman throws away; an Englishman will live on what a Yankee throws away. The Yankees are the most wasteful people in the world. This, says a writer in Success Magazine, is so much the better for those who deal in their waste. The humble junk business, the trade of unconsidered trifles, has prospered in the United States more than in all other countries. In Boston lives a dealer who has accumulated more than a million dollars; several of his competitors could sign checks in six figures. The leading dealer in Providence, who handles nothing but scrap-iron, is worth half a million. Philadelphia has two junk millionaires and a cluster of near-millionaires. One of these Philadelphia dealers has half a million invested in buildings and equipment alone. Ground in New York is too costly for many large warehouses or iron-yards, and most of them are located in New Jersey. Scattered over that State are a dozen dealers who have made fifty, one hundred, two hundred, five hundred thousand dollars from that which the metropolis has thrown away. One of these New Jersey dealers recently bought the greatest lot of junk ever handled in the world's history—the old iron and refuse which the French abandoned at Panama. The original cost of this material was about twenty million dollars. What was the tune of the mere song he paid for it, nor how much he made by selling off the scrap-iron metal, no one has ever dared to estimate.

I have used them for summer troubles and am much pleased with the result." Sold by medicine dealers or by mail at 25 cents a box from the Dr. Williams' Medicine Co., Brockville, Ont.

## NATURE TELLS YOU

As Many a Newcastle Reader Knows Too Well.

When the kidneys are sick, Nature tells you all about it. The urine is nature's calendar. Infrequent or too frequent action. Any urinary trouble tells of kidney ills.

Newcastle people testify to this. Mrs. Thos. Scott of Pleasant St., Newcastle, N. B., says:—"A dull, bearing down pain had settled across the small part of my back and extended into my shoulders. Very often I would be unable to stoop or straighten myself and I suffered almost constantly with dizzy headaches. I was run down and nervous and I would often awake more tired and nervous than when I went to bed. Mr. Durick, the druggist, recommended Booth's Kidney Pills and after a short trial I was entirely free from kidney trouble. I began then with Booth's Laxatives and I can conscientiously recommend them as the best, and easiest remedy I had ever tried for constipation. There is no weakening or disagreeable effects after their use and they are easy to take." Sold by Dealers, Price 50 cents. The R. T. Booth Co., Ltd., Fort Erie, Ont., Sole Canadian Agents.

## OVER 1400 PUBLICATIONS IN CANADA.

According to the 1909 Edition of the Canadian Newspaper Directory, just out, Canada and Newfoundland can boast of 137 daily papers, 1015 weekly or semi-weekly, 262 monthly or semi-monthly, and 14 published less frequently.

These figures can be relied on, as the Canadian Newspaper Directory is published by the oldest and largest Advertising Agency in the Dominion, A. McKim, Limited, of Montreal and Toronto. This is the Sixth Edition of their Directory, which fills a very real need in Canada, and deserves a place on the desk of every business man, whether he is an advertiser or not.

In addition to listing and describing Canadian periodicals, the Directory supplies a comprehensive gazetteer giving the population, the chief industries, the railway, telegraph, banking facilities, and other interesting features of every newspaper city, town and village in Canada.

The book contains over 450 pages. It is splendidly bound and is certainly a credit alike to the publishers and to Canadian newspapers generally.

A. McKim, Limited, are particularly well qualified to edit and publish this standard book of reference on Canadian publications. They are the pioneers in the Advertising Agency field in the Dominion. The McKim Agency having been founded in Montreal in January, 1889, twenty years ago, by Mr. Anson McKim, who is still at the head of the business.

During all this time they have been the acknowledged leaders in this line in Canada, and the Agency business has been developed from a very small beginning—then performing only the functions of the middle man—to a very large producing enterprise which runs into the millions.

Years ago McKims recognized that one of the requisites for successful advertising is a thorough knowledge of advertising mediums and they began the publication of the Canadian Newspaper Directory, which is now recognized as the most complete and accurate work of the kind published.

The price, express or postage prepaid, is \$2.00.
