WHY WE DON'T PRINT IT

This paper has the reputation of being a booster, and it has always been the aim of the publisher to boost every enterprise, be it of public or private nature, of a worthy character. Boosting is a game, however that more than one can play. "I boost you, you boost me" is a good motto, and "we will boost together" is another good motto. The newspaper man can boost in a very effective way, even by not "knocking" when people want him to "knock." He can boost a good deal more by coming out flat-footed and upholding the good that is in an individual or an institution and leaving unsaid what he knows to be bad. But when this is done there is no occasion for the person or institution which is boosted to assume that the newspaper has to do it in order to hold its job with the public. A newspaper man sees and hears more things, bad or good about individuals and about the way institutions are conducted than other individuals, a gossiping old maid not excepted, and it is unwise to assume that it is because he does not know a thing that he does not

SAVED FROM AN OPERATION

Restored to Health By Taking "Fruit-a-tives"

Made of Fruit Juices and Tonics

The most convincing proof of the true worth of "Fruit-a-tives" as a medicine for women is found in the letters written by them to "Fruit-a-tives". For instance:
"I suffered with all the symptoms of female trouble, pains low down in the back and sides, constipation and constant headache. A doctor advised an operation. I started taking 'Fruit-a-tives' and this fruit medicine completely relieved me of all my misery".

print it. It is because he has a sense of honor and a sense of feeling, and last but not least a love of peace and harmony in the community. Many things might be printed about our town which would make spicy reading, but why herald all such things abroad? The least said is soonest mended. The newspaper man, however has a keen sense of appreciation and is susceptible to praise of the right sort and to substantial business support. He appreciates the spirit of the men who when he has a few dollars worth of commercial printing to be done does not go galavanting about the country, spending car fare and time thinking he might get it a few cents cheaper, but who says: "We've got a printer here at home who is trying to help our town, and we will in turn help him by giving him the little printing we have to do." This is the true community spirit, and it counts with the merchant and the doctor, with the lawyer and with every business which draws its daily support from the community.

N. B. DEATH RATE IS THE HIGHEST

This Province Has Heaviest and British Columbia Lightest In Canada

New Brunswick has the heaviest infant mortality rate and British Columbia the lightest, according to report upon Canadian vital statistics for January 1923 issued by the Dominion Bureau of Statistics.

The infant death rate figured upon a basis of one thousand living births: is recorded as follows:

Prince Edward Island	92.7
Nova Scotia	125.3
New Brunswick	142.4
Ontario	115.0
Manitoba	115.4
Saskatchewan	94.5
Alberta	91.0
British Columbia	72.9

The rate of infant mortality for January, 1923; was higher than that reported for the same month in the three preceding years for which there are national records.

The Small Merchant Of The Country

What sort of a fellow is the small town business man? He is somewhat of a hero. He always welcomes you. If the weather is cold he'll let you warm your shins and hang around the stove any time. If you have a good rich job and are making your \$25 or \$30 per week you don't hang around his place much—he knows why. Because that's the time you are sending coin off to Eaton's or Simpson's where cash is necessary. He always "chips in" if some family is in need or a neighbor woman is in distress and her fatherless children are in want of food and shoes. When you are stuck yourself and come around for a bill of goods with a "charge this please" he does—without rubbing it in. All through the winter it is his generosity keeps the wolf from the door and in spring you forget this, and the contents of the first pay envelope you get goes off to Eaton's as fast as the Royal Mail can carry it while from time to time when you are flush he annoys you each month with a statement with a codicil praying that you pay a little on account next pay day. The country merchant is useful at times. Fancy men of small means having on their books amounts ranging from \$1,000 to \$18,000—laying awake o'night wondering if they ever get back what belongs to them again. That's about what kind of men do country business. Honest, kind hearted working fellows who toil night and day to make a living for their families.

MEDALLIONS OF HARDING

Philadelphia: Aug. 15—Medallions of the late President Harding will be sold to the general public for \$1.52 each, Supt. Styer of the Philadelphia mint announced today.

The keepsakes will be mailed to all parts of the United States by the local mint. It is estimated they will be ready about Sept. 1. Engravers are working on the design of the medallion and are expected to have the final die ready for submission to Sec. Mellon within three weeks.

A likeness of the dead President will appear on one side while the reverse will bear the important dates of President Harding's life—date of birth, inauguration and death. The face shown on the medallion will be taken from the medal made by the Philadelphia mint when President Harding took office.

RUTH STILL IN HEADLINES

There were those in New York and elsewhere, who thought a month or two ago that Babe Ruth's race as the headliner in baseball was run, but he has fooled them. He is now a more valuable man to his team than ever, and it is impossible to keep him out of the headlines. He stands a good chance to be both champion home run hitter and champion batsman of his league. He transcends any other ball player as an attraction, because besides his superiority in hitting he is considered by many critics of the game, including managers and players to be the best all around ball player of the year, the successor of George Sisler and Ty Cobb. He loves to play the game as much as any ball player we have ever known and that will keep him at concert pitch for some years to come.

It's the best bread you ever tasted — the big golden-brown crusty loaf made with **North West Flour** THE BREAD FLOUR

Get "North West" if you want to excel in bread-making. But don't use "North West" or any other hard wheat flour for your cakes and pies.

Pastry flour needs the lighter, more delicate qualities of soft winter wheat. And of all pastry flours the best is **Sensation Flour** FOR CAKES AND PASTRY

It is the most economical flour you can use for pastry. Tell your dealer you want "North West" for bread, and "Sensation" for cakes and pastry.

"I Can Now Do My Work Without Feeling Tired"
Mrs. A. Moffatt, Roxton Falls, Que., writes:
"I suffered from a run-down system and nervous debility. I could not sleep or rest at night, and felt so weak I could not walk any distance. I took several tonics, but they only helped me while I was taking them. Mother advised me to take Dr. Chase's Nerve Food, and I felt great benefit from the first box, and continued taking several boxes. Today I feel like a new woman, and am able to do my work without that dreadful tired feeling."

BEHIND STEEL DOORS!

THE home is no place for valuable papers. No matter what precautions are taken, you never can be sure that they will not be lost, stolen, destroyed or misplaced.

For a small sum, less than the cost of replacing most documents, you can give them the protection of a Safety Deposit Box.

Each Box has two keys—both different—one held by you, the other by the Bank. Each Box is locked in its own steel compartment. Boxes are of varying sizes and different rental charges. Let us show them to you.

Something to Consider

Who makes the RANGES sold here and did you ever try to find out the REPUTATION of the foundries back of the ranges on sale? Then did you ever consider the KNOWLEDGE the salesman has of a stove or range while he TALKS to you and you are looking over a range? There is nothing so VOID of SENSE as a person talking RANGE who has not grown up in the business.

When you want a RANGE call and let us REASON a bit with you. We have the finest line of RANGES produced in CANADA. Our prices cannot be trimmed—We know the Business and have no substitute for QUALITY. This is the REASON we have the RANGE business of the entire country.
