MONDAY'S GRAIN MARKETS.

Winnipeg, Man., June 27—Another widely exciting bull market prevailed on the local exchange today. The continued dry weather added to the scare of shorts who are buying pretty heavily, succeeded in sending June and July wheat over the dollar mark. The market is rising decidedly too fast for them to keep pace with it. All markets opened higher, in local, however, topping them with a rise of 2 1/2 for July and 2 1/4 for October. This rise, however, was not over western Canada yesterday. The bulls took the market by the horns and sent her up, with the result that Winnipeg June showed an advance of 1 cent, July 1/2 cent, and October 1/4 cent.

The American markets although showing a sharp advance, were comparatively easier, Chicago 40-cent rapid upright strides towards the close. The advance for Chicago was 1 1/2 for July, 1 1/2 for September, and 1/2 cent for December. Minneapolis July advanced 2 cents, September 2 1/2 to 2 3/4 cents, December 3 1/2 cents. TUESDAY'S GRAIN MARKETS.

Winnipeg, June 28—Continued hot dry weather was again the bug bear on the grain markets, causing all to close considerably higher but lower than yesterday. The local market was all nerves as the result of contradictory reports regarding the growing crop. Everyone, however, recognizes the fact that the damage has been done in some localities in southern Saskatchewan and that every day of continued dry weather is increasing the damage. The government weather map shows no rain to have fallen yesterday in the Canadian West except traces at Kamaska and Medicine Hat, and 56 inches at Edmonton. Temperatures over the southern half of the three provinces ran from 102 to 90 degrees and there can be no doubt that damage is being done as this part of the country needs rain badly especially south of C.P.R. main line. With these facts the wheat market continues to rise while oats market is beginning to show signs of nervousness. The advance for Winnipeg June was 1 1/2, July 1 1/2, October 2 cents, while in Chicago July went up 1 1/2 to 1 1/2 cents, September 1 to 1 1/2 cents and December 2 1/2 to 2 1/2 cents.

Winnipeg cash prices: No. 1 Northern 1.01 1/2; No. 2 Northern 99; Oats—No. 2 White C.W. 34 1/2; No. 3 White 31; Barley—No. 3 40 1/2; No. 4 40 1/2.

Winnipeg options: Wheat—June closed 1.01 1/2; July opened 1.03, closed 1.03 1/2; August opened 98, closed 98 1/2; September opened 98, closed 98 1/2; October opened 98, closed 98 1/2.

American markets. Chicago—July opened 1.00 1/2, closed 1.01 1/2; September opened 1.00 1/2, closed 1.01 1/2; December opened 1.00 1/2, closed 1.01 1/2.

Chicago Grain Markets.

Chicago, June 28—Hysterical periods were in the Chicago wheat market today as it bobbed upward and downward. Not unlike small boats in the bosom of Lake Michigan with a high surf. Net advances were shown of 1/4 to 1/2, but these prices were 1/2 to 1/4 below the level reached.

On the features of the day was the heavy selling by the influential interests in the market. Long wheat came out on all the bulges. The selling was probably led by Finlay, Barrail, and Company, and the Bartlett, Patten house, followed closely by Logan and Bryan, Haggan, Walter Fitch and Company and West Leland. These houses were on both sides of the market many times but it is believed that they sold more than they bought. Curtis was a buyer early and a seller late, the same position as taken by John H. Wrenn and Company, Hurlburt, Warren and Chandler and Wightman. As viewed from an impartial standpoint the Northwest sold more wheat here than it bought and there was a desire in the part of some long legs to take profit. The report received today from George M. Lecount the crop expert, was more favorable than for several days past. He considered it has all nerves as the result of contradictory reports regarding the growing crop. Everyone, however, recognizes the fact that the damage has been done in some localities in southern Saskatchewan and that every day of continued dry weather is increasing the damage.

CROPS ARE GOOD ALONG THE G.T.P.

Report Shows That No Damage Has Been Done To Grain Between Edmonton and Winnipeg By Hot Weather.

Winnipeg, June 28—The weather has in no way interfered with the advancement of the crop at points on the line of the Grand Trunk Pacific. Enquiries made by J. E. Dalrymple, assistant freight traffic manager, have brought forth the following reports: First district, Winnipeg to Rivers, 142 miles—Grain up about 12 inches and general conditions good along first district. Intense heat has caused some vegetation to turn brown, but no injury to grain. Field afforded this afternoon by heavy rain east of Extra, followed by drop of about 20 degrees in temperature throughout the district.

CHICAGO LIVE STOCK.

Chicago, June 28—Heavy receipts of hogs at Missouri River markets caused another break today. Quality showed marked deterioration. The trade closed 1/2 to 3/4 cents lower in condition, 9 1/2 taking choice butchers. Closing prices were 20 to 25 cents lower than yesterday's. Choice hogs were wanted at strong prices.

MONTEAL LIVE STOCK.

Montreal, June 27—About 1,600 head butcher cattle, 250 calves, 750 sheep and lambs, 600 hogs were offered for sale at Point St. Charles, 104 yards today, offerings of live stock at this market during week were 2,300 head, 1,200 calves, 750 sheep and lambs, and 1,500 hogs. Warm weather had a depressing effect on trade today as butchers seemed to require less meat than usual, while the supplies were large, this state of things led to lower prices all round. Prime beefers sold from 6 1/2 to 7 1/2 cents, pretty good animals 5 cents to 6 1/2 cents, and common stock 3 1/2 cents. Calves sold at from 3 1/2 cents to 6 cents. Sheep sold 4 cents to 4 1/2 cents and lambs at \$4 to \$6 each. Good lots hogs 9 1/2 to \$4.

THREE DEATHS IN HOTEL FIRE.

Fire Caused By Tramps With Lighted Pipe Utains Three Victims.

Auburn, N.Y., June 28—Three lives were lost and a dozen thrilling escapes before daylight this morning marked the mysterious burning of the Seneca Hotel at Seneca Falls. The dead are Mr. and Mrs. Edward White, of Rochester; an unknown tramp, who came from Cayuga, N.Y., and who is alleged to have caused the fire by going to bed with a lighted pipe. The flames for a time threatened to burn up the entire village and the Waterloo and Auburn fire departments sent apparatus and firemen by special trains to aid the Seneca Falls fire brigade. The entire loss estimated at \$115,000.

A BALLOONIST DROPS 500 FEET AND LIVES.

George Taylor's Parachute Failed To Open and He Alights in Open Field—Miraculously Escaped Internal Injuries, and Will Recover.

New York, June 28—Falling like a rock from a height of 500 feet when his parachute failed to open, George Taylor, a professional balloonist, lives to tell the story. Although he is in St. Mary's hospital at Passaic, his physicians confidently expect him to recover. He had dropped about 300 feet when he decided to leave the first parachute and finish his drop on the second parachute, but the gusty wind had entangled the ropes under the great parasol holding the cloth tightly bound together, and the unfortunate aeronaut fell like a dead weight hitting the ground feet foremost in an open field near Nutley, where he was picked up unconscious. At the hospital the physicians found him considerably bruised, but by some miracle found that he had suffered no internal injuries.

CLUNG TO JUDGE'S ROBES.

Sensational Climax to Case in Winnipeg Court.

Winnipeg, Man., June 25—The case of the King vs. Alexander Maseur came to a sensational ending at noon today. Judge Perles, after commenting on the frequency and ease with which cars are robbed and the difficulty in connecting the thieves sentenced the prisoner to three years in court and the wife of the prisoner rushed to the bench and clung to the judge's robes, while other relatives, male and female, howled and threw fits on the floor. For nearly a quarter of an hour the painful scene continued and was with difficulty suppressed by the sheriff's officers.

Perfect for Winter Operation.

Prince Albert, Sask., June 28—The Board of Trade held a special meeting last night to protest against the dispatch from Ottawa to the effect that, owing to climatic conditions, the Hudson's Bay Railway cannot be operated many months in the year. It is climatic conditions in the country north of the Saskatchewan river are, if anything, more favorable for winter railway operation than on the world's leaders.
