A Drowning Fatality at Harbor Breton.

FEEBLE MAN FALLS FROM SCOONER'S DECK.

The following message was received by the Deputy Minister of Justice from the Magistrate at Hr. Breton:—Thomas Strowbridge fell overboard from the schooner Dixie, Joseph Bullen, master, on Saturday evening and was drowned. No person was aboard at the time and it is supposed the unfortunate man stumbled on the deck and fell over the vessel's rail, as he was very feeble and practically blind. The body has not yet been recovered.

Local Seed Potatoes.

The Agricultural Board is busy disposing of seeds, particularly potatoes, for which there appears to be a big demand. It is expected that there will have to be heavy importations of tubers to meet the demand as there is practically no local grown on the market. The imported seed is selling at $2.25 for a 70 lb. box and local grown Irish Cobblers at $4 per barrel of 180 lbs.

Burgeo Party Disfranchised.

The following booths in Burgeo District were not open on Thursday; Red Island, Deer Island, Fox Island, Ramea, Grey River, Cape la Hune, Cul de Sac, Francois, New Harbour, Rencontre, Richard's Harbour, Muddy Hole and Mosquito.

These places and immediate vicinity represent according to the 1911 census, a population of 3150, out of a total population of 7793. Thus, as a result of the early spring election, over 27½ per cent. of the District of Burgeo and La Poile apparently has been distranchised.

The Election Act says:—

Section 87—If by reason of obstruction or other cause, any Returning Officer or his Deputy shall be prevented or hindered from duly proceeding or taking the poll, he shall adjourn the poll till the next day, not being Sunday, and to the next succeeding day also, if necessary, in order to complete the taking of the poll.

It is stated that this section leaves no remedy, and that unless a poll was opened on Friday the distranchisement is complete. Possibly this is so, but it is not quite clear how a poll can be adjourned when it has not opened. On the other hand the Act does not appear to provide for the opening of a poll at a later date. Presumably the English Law will rule, but conditions in England vary materially from conditions in Newfoundland.

This is the tale of one District only. It will probably be repeated in others.—(Daily News.)

This Morning's Blaze.

EAST END RESIDENCE PARTLY DESTROYED.

Shortly before four o'clock this morning a fire occurred at the residence of Mr. Patrick O'Halligar, Prospect Street, and before it was subdued considerable damage was done. The fire was discovered by neighbours who rang in an alarm. Before the arrival of the firemen tongues of flame were shooting our through the rear portion of the home. The house was occupied by two families. Mr. O'Halligan, his wife and six children lived in the lower flat whilst upstairs was occupied by Mr. M. Delaney and family. On the arrival of the firemen, four streams of water were brought into play and every effort was made to keep the blaze from spreading to adjoining buildings. After 15 minutes work the fire was under control and in another twenty minutes the blaze was finally extinguished. An annex to the rear of the building was completely destroyed, whilst the main building was considerably damaged. The firemen did splendid work and deserve praise for the manner in which they handled the situation. How the fire originated is not definitely known. The damage, it is understood, is partly covered by insurance.

IT IS A MONENTOUS QUESTION—

is your home insured against fire? Wise people could not sleep easily if they did not have a policy in one of our reliable companies. Not that the policy would save their lives or property, but it would represent an indemnity for your loss on the property, furniture, etc. If you are not insured, come in and see us to-day about a policy.
