CITY HOSPITALS MAY ESTABLISH

Monthly Meeting of General Hospital Board Advocates Saving: Milk Supply from Pallesen

At the monthly meeting of the General hospital board last night, the superintendent, Dr. Fisher, gave an interesting account of his visit to the American Hospital association meeting in Cleveland, and other American hospitals which he visited while in the United States. He told of papers read by the physicians attending the Cleveland convention, and the extracts read from some of them greatly interested the members of the board. interested the members of the board.

All the following recommendations of the finance committee were adopted:

Financial Report

As the board has already been advised, the Laycock Dairy Co., with whom we had a contract for supply of milk, has become insolvent and they had asked the Carlyle Dairy Co. to supply their customers. The Carlyle Dairy wrote advis-ing that they would be unable to supply milk at the price of the Laycock Dairy and would have to increase it. The soand would have to increase it. The silicitor was consulted and gave as his opinion that we would not be in a position to hold the Carlyle people to the Laycock contract. Prices were, therefore, obtained from other dairles in the city, but the Hayes were unable to give a figure as they here their own cows and have not they have their own cows and have not made arrangements for any more milk than will be required for their present customers. The figures, therefore, were between Carlyle and Pallesen, and as the figure from Pallesen is slightly lower than that from Carlyle, the committee is of the opinion that we should buy from

We have been paying 22 cents a gallon to Laycock and the best quotation Carlyle could make would be 35 cents per gallon in bottles or bulk, while Pallesen gives a

price of 321/2 cents per gallon in bulk, 38 cents in quart bottles. The committee is of the opinion hat the board should buy from Pallesen and Fisher will see that the milk is carefully pasteurized.

The question of raising the fees from

\$1.50 to \$2.00 per day for soldiers being cared for at the Mountylew hospital, was discussed, and the committee would recommend that this be done in view of increased cost of bread, milk, butter and eggs—the staple foods at the institu-tion, which must be used in large quanti-The comparison in milk alone, as shown in this report, will prove the pres-ent condition of affairs. The superintendent had visited various sanatori when on his vacation and had attended the convention of the Society for the Pre-vention of Tuberculosis, where it was shown that the annual cost of a returned soldier is \$1,300, and for the care of a tuberculosis soldier the upkep in a hospital was shown to be between \$3.00 and \$4.00 per day. The committee would,

therefore, recommend that this increase in the fees be made. In discussing the increase in the price of bread and the decrease in the weight of same the question arose if it might not be well to have a bakery at the Gen-eral hospital, where bread for the four hospitals under the board could be baked. The committee was of the opinion that would pay to have our own baker, even

Washington, Oct. 17.—Further investigation into the accuracy of statements made by Senator La Follette in his St. Paul speech will be postponed

WOULD HAVE A LABOR CANDIDATE IN CALGARY RIDING

Ald. Marshall Advocates Placing Win-the-War and Labor Candidates in Calgary Ridings

Ald. R. C. Marshall, who has just returned from attending the erritorial convention of the Y.M.C.A. at Vancouver, has a suggestion to offer the politicians of Calgary which he believes might help to partly overcome the omission of a strong labor man from the union cabinet. He thinks a fair solution of the political He thinks a fair solution of the political problem in Calgary would be for the Winthe-War party to place a candidate in one of the Calgary ridings and allow the labor party to have the other riding. He thinks the union government will not be satisfactory to everybody, but if his suggestion were followed the majority should be estified. For he says "If Canada is he satisfied. For he says, "If Canada is going to take a big place in the war, the people will have to be big enough to overlook small factional feeling. I think to divide the two ridings as I have suggested would be a splendid way out of the difficulty. I think Alderman Tallon would be a suitable candidate.

As a result of the rearrangement of territorial boundaries and the shifting of the western Y.M.C.A. territorial headquarters to Vancouver, Mr. Harry Ballantyne, the genial field sacretary, so well and favorably known in Calgary, will be transferred from Calgary to Vancouver Just when the transfer will take place has

The new territory will embrace Alberta and British Columbia and will be known as the western division of the national council of the Y.M.C.A. Mr. R. Mayhew, of Vancouver, formerly of Calgary, is president of the territorial council. Hanna, of Calgary, and F. M. Black, of Edmonton, will be the Alberta representatives on the new executive. John Storey, formerly western boys' work secretary, will be secretary for the western Ald. Marshal says there is all kinds of

rosperity at the coast owing to the boom a shipbuilding and kindred industries. The hustling alderman knew nothing of the boom, started while he was away, to ost him for the mayoralty.

BELIEVES IN OIL the company to have our own the price of if it were only a saving in the price of the wrapping and the delivery of the bread. They are not prepared to recommend but would like this subject to be discussed by the board.

The price of the has offered to properly of the western Pacific Oil company on the condition that the company is reorganized and the shares in the old company are exchanged for shares in the company are exchanged for shares in An American investor, whose name has

YESTERDAY SHOW **GOOD INCREASE**

List of Property Subject to Tax Certificate Sale Will Be Published Oct. 20

There was a slight improvement in the amount of taxes collected yester-day, the amount being \$51,000, which is an increase of \$18,000 over the preeeding day. The stormy weather and ceeding day. The stormy weather and the bad walking have doubtless been responsible for keeping some of the people home. It is expected there will be a big rush for the next three days. The office will be kept open until 10 pm, and will not close at 1 pm. as usual on Saturday. sual on Saturday.

usual on Saturday.

There is every probability that the first copies of the lists of property on which tax certificates are to be sold will be published on Saturday. Oct. 20. Tenders will then be received for the tax certificates, but the certificates cannot be sold for another month. If the 10 per cent interest begins from the day of advertisement there will doubt-less be a scramble next Monday on the part of the mortgage companies and others owing large sums or holding mortgages on property to pay up.
Unless the money is received before December it will not be available for meeting the Spitzer Rorick treasury notes that will fall due at the begin-

ALBERTA'S CROP **16 BUSHELS ACRE**

Red Deer District Has Not Completed Threshing; Several Districts Have Big Yield

With considerable threshing done throughout the country, the early esti-mates of wheat averages will have to be revised considerably. revised considerably.

But from reports received by various firms from their agents throughout the province it would appear that 16 bushels of wheat to the acre would be a fair

Crops have been heaviest in the Delroy and Standard districts and at Fort Sas-katchewan and Berryland. They have been good east of Edmonton and on the Aldersyde and Macleod lines. But some crops on the Goose Lake line did not thresh out more than two bushels to the acre. On the C.P.R. line eqst of Lacombe the average was about nine bushels.

The Red Deer district is the last to get through with the harvest. No satisfactory estimate can be made from that district

SPECIAL MEETING There will be a special meeting of the Trades and Labor council at the Labor Temple tonight for the purpose of considering the report of the committee appointed on the questions sent by Ald. Arnold to the city council re finances.

This meeting will be open to all trade

SNOW STORM TIED UP BRANCHES OF CIVIC CAR LINE

Greatest Trouble Occurred On the Ogden Line When Workmen Lost 11-2 Hour's Time

The street car service was badly affected by the storm which struck the city on Wednesday and Thursday. The service was interrupted on Capital Hill, Killarney, Tuxedo Park, Ogden and several other

The most important difficulty was experienced on the Ogden line, because of its effect upon the workmen's time. Pas-sengers held up on the other lines could walk to their destination, but not so on The pile driver which has been doing some work on the bank of the Elboow river near the Twenty-fifth avenue bridge for the purpose of protecting the sewer there has been removed to the north side of the Bow and will be used to complete the last of the six

Albertan that he was making every effort to prevent that sort of an accident, especially on the Ogden line. But says the trouble occurs every winter. Much of the trouble is due to the fact that the phalanges are not deep enough. Commis-sioner Graves called attention to the fact that Calgary is not alone in the matter of

quickly with moisture from the breath of the pass engers, which makes it exceed-ingly difficult for the motorman to see the road in front of him. Before the cars were altered the door was kept shut be-tween the motorman and the passengers and this trouble did not arise. The trouble would be minirated some by the passengers keeping back from the front of the car. But this is impossible when the cars are as crowded as they were yesterday, when many of the passengers were forced to stand in the front vestibule with the motorman-conductor.

SUPERINTENDENT'S REPORT ON NUMBER OF NEW PATIENTS

21 Admitted to Isolation Hospital During the Month

Dr. Fisher, superintendent of the Calgary General hospital, at the meeting of the hospital board last night reported that at present there are 10 patients suffering rrom typhoid fever in the General hospital.

In the Isolation hospital 21 patients were admitted during the month-Eight were diphtheria and seven diphtheria carriers. Two chicken pox cases were admitted, one of which turned out to be small pox and was transferred to the smallpox hospital Suspicious case of measles, 1: suspicious case of erysipelas, 2; sus picious case of scarlet fever, 1. Patients remaining in the hospital, 6, all In the Mount View hospital Super-

intendent Fisher reported that 11 patients had been admitted during the

"THE SOCIAL LEPER" Of all the remarkable situations ever shown in motion pictures some of the most remarkable are sen in "The Social Leper," the new World picture Bradytients had been admitted during the most remarkable are sen in "The Social Leper," the new World picture Bradymade, which comes to the Bijou for three leaving 33 remaining in the hospital-days, commencing today, with Carlyle Blackwell and June Elvidge in the principal roles and with Arthur Ashley and Evelyn Greeley in the cast. These situations show the great lengths gone to by a desperate woman who seeks to ensnare a man with whom she has become infatu-

man with whom she has become imatuated. She almost succeeds and then a man she has turned down, turns on her and kills her. This killing results in an innocent man being held for murder, but finally everything comes out happly for this man and for his sweetheart. Needless to say the drama is enthralling and interesting from start to finish. interesting from start to finish.

ORPHEUM

PUNCH, ATTESTS HUSBAND If you want to be a success in this world, wallop your husband.

That is the advice given by Maybelle Darrell, of the team of Tower and Darrell, to be seen at the Orpheum next week. She tried out the method and

ound that it pays. Strange to say, her husband, Billy Tow-er, does not mind the walloping a bit, although he admits that it would take although he admits that it would take more than passing imagination to interpret them as love taps. Some of the blows he receives would knock an ordinary man cold, he says, but he got used to punishment of the fistic kind early in his career when he had quite a reputation as a boxer.

The explanation is that all the jabs and the contraction of the contr

olts administered are a part of the act of Tower and Darrell which is essentially a singing, dancing and talking specialty. To be a success in vaudeville, it is generally understood that one must have the punch. Maybelle Darrell has it and she delivers it twice daily in various forms to

Billy Tower during the course of their performance. She is a feminine "nut" of an entirely new type, although there is something about her that reminds one of Florence Moore. Or better, if a combination of Florence Moore and Eva Tanguay can be imagined, it would be a closer likeness of Miss Darfell, and even then, she is so individual that one cannot help reflecting that comparisons are unfair. In appearance, she is a tall, slim, red-headed girl

claim her as she was raised in the Cali-fornia city and made her entry into theatricals on the coast.

"THE BATTLE OF ARRAS" That the reports emanating from Germany to the effect hat the morale of the German troops is better than it ever has been and that the men are as one in their hatred for the allies and their desire to fight, are myths, is proven in "The to fight, are myths, is proven in "The Retreat of the Germans at the Battle of Arras," the British government's official war motion pictures, shown in their secand instalment at the Orpheum next week. Several scenes in this episode show Germans in their trenches surren-dering to the victorious British. They look terribly scared until they realize

their conquerors are smiling benevolently at them, then they break into smiles of joy at the prospect of quitting fighting

and leaving the trenches forever.
