

of His English Home—His Rough Riders for South Africa and the Neighborhood.

reason to know Lord Roberts, our wealthiest citizen, of our largest bank, our premier in Great Britain, of our second university, the few Canadians who to the honor of a seat in the House of Lords. We are so much with times past, yet none of us has appeared so prominently at his private expense, though riders for service, which has been recognized as the most important of the em- ploy.

Just a woman's story. Not strange because it happens every day; not romantic or thrilling, but just a story of misery and suffering such as, unfortunately, too many women endure in silence.

For several years Mrs. Thomas Sears, of St. Catharines, felt her illness gradually but surely gaining a firmer hold upon her system, and ultimately she almost despaired of recovery. To a reporter who called upon her, Mrs. Sears said:—

"What I have suffered is almost beyond description. My illness has been gradually growing upon me, and eighteen months ago I found myself almost helpless. My nerves were shattered, my heart weak and my entire system seemingly broken down. I had no rest night or day; the little sleep I did get did not refresh me. I was in constant agony, and only a woman can understand what I endured as I tried to do my household work. Any sudden noise would frighten me and leave me in a condition bordering on collapse. At times I experienced attacks of vertigo, and these seemed for a time to effect my memory. The least exertion would leave me almost breathless, and my heart would palpitate violently. I had no desire for food of any kind, and yet I had to force myself to eat to maintain life. I treated with three different doctors and spent much money in this way, but without avail, and I was in a condition bordering on despair. I was urged to try Dr. Williams' Pink Pills, and in December, 1898, I consented to do so. I first got four boxes and noticed a great change for the better, and I then procured another half dozen boxes. Before these were all used I was again enjoying the blessing of good health. There can be no doubt of my cure because months have passed since I discontinued taking Dr. Williams' Pink Pills, and during that time I have never felt the slightest symptom of the trouble, and I cheerfully and strongly urge other women who are suffering to use this wonderful medicine, feeling sure that it will cure them, as it did me."

Dr. Williams' Pink Pills are a specific for all forms of weakness. The blood is vitalized, the nervous system is reorganized, irregularities are corrected, strength returns and disease disappears. So remarkable have been the cures performed by these little pills that their fame has spread to the far ends of civilization. Wherever you go you will find the most important article in every drug store to be Dr. Williams' Pink Pills.

She hesitated. Dying was out of the question, but under the circumstances she might throw a counterfeiting idiot. In other words, though she could not kick the bucket she might turn a little pale.

War Terrors

PALE INTO INSIGNIFICANCE TO THE MAN WHO IS TORMENTED WITH PILES—DR. AGNEW'S OINTMENT WILL CURE THEM.

Of all flesh ailments the most distressing is piles, blind, bleeding, itching or ulcerating—and the remedy that will give the quickest relief and the surest cure is Dr. Agnew's Ointment. It holds phenomenal record as a certain pile cure, and the words "relieved like magic," have been heralded round the globe, and are but the voices of the nations telling of its curative powers. It cures all skin diseases, eczema, salt rheum, scald head, etc.

Said by J. E. Richards and E. A. Campbell.

George, said Mrs. Younglove, do you know that you have kissed me only once during the past three hours. Yes, he replied, and if you eat any more green onions I may make it three hours and a half next time. She could only tremble and wonder if were to turn out that her love had been misplaced, after all.

Are You One of Them.

Statistics show that 25 per cent. of men and women suffer the torture of itching piles. Investigation proves that Dr. A. W. Chase's Ointment has never yet failed to cure itching piles, and all of those men and women could end the sufferings at once by using it. Scores of thousands have been cured by this treatment. Everybody can be cured in the same way.

## EXPECT A BIG BATTLE

Lord Roberts Now in Command of the Modder River Forces.

PTE. J. J. PURCELL, CANADA, DEAD

Correspondents on the Field Shortly to Have More Freedom in Sending News of the War—Hereafter Only Telegrams Will Be Censored—Something Is About to Happen.

London, Feb. 13. (4.15 a.m.)—Lord Roberts has gathered 35,000 men, with whom, according to the vast military opinion in London, he proposes winning the left of the Magersfontein line near Jacobsdal, entering the Free State, compelling Gen. Cronje to raise the siege of Kimberley, and thus making his first step toward Bloemfontein.

Yesterday Lord Roberts announced the appointment of Gen. Sir Henry Colville, hitherto commander of the Guards Brigade, to the command of the 9th division, which is being formed, and will consist, probably, to a great extent of colonial troops. Gen. Colville will be succeeded by General Reginald Pole-Carew.

Correspondents Will Have a Show.

Lord Roberts tells the correspondents when he gets down to business they shall have ample opportunity to send news. His chief press censor yesterday issued new rules, and in future all written communications are to go unchecked. Only telegrams will be censored. For the next few days little news is likely to get through, but later there will be more freedom. Thus, says the censor, and the last clause may be interpreted to mean that something is about to happen.

Kimberley in Sore Straits.

Kimberley, 20 miles away from the Modder River position, is in sore straits. Details of the December death rate show that in a population of 14,000 whites and 19,000 blacks the mortality was 60 whites and 138 blacks per thousand. The infantile death rate was 617 per thousand among the white and 912 per thousand among the blacks. Enteric fever was prevalent.

Scouts have approached within a thousand yards of the Boer entrenchments at Magersfontein. They have found them strong and ascertained that they are used as dwelling places. Naval gunners are constantly watching the enemy's lines with strong glasses, and they declare that there is an appreciable diminution in the Boer forces.

In Natal, the Boer commandos south of the Tugela occupy Bold's Farm and several miles west of Chieveley. Two thousand Boers, with three guns, are advancing through Zululand towards Natal.

The War Office is making preparations to continue the stream of troops for South Africa. Four large steamers have been chartered.

Japan And England.

Japan agrees to let the Armstrongs transfer to England four naval quick-firing guns that were built for her, consenting to wait for the execution of her own order until the hostilities in South Africa are over. Several European powers, by similar consent, as to guns being constructed by Vickers, Sons & Maxim, enable England to secure 100 Maxims.

WHY GEN. BULLER RETIRED.

The General's Own Story, as Cabled by the Press.

London, Feb. 13. The War Office has received the following despatch from Field Marshal Lord Roberts, dated from the Modder River, Sunday, Feb. 11: "I have received a telegram from Buller as follows, dated Friday, Feb. 9: 'It was necessary, after seizing Vaal Kranz, to entrench it, as the pivot of further operations. But I found, after trying two days, that, owing to the nature of the ground, this was impracticable. It was also exposed to the fire of heavy guns in positions from which our artillery was dominated. It is essential to troop advancing on Ladysmith by Harding or Magersdrift to hold Vaal Kranz securely, and accordingly, we are not pressing the advance by these roads, as I find we cannot make it secure.'"

Prince Christian Victor, aide-de-camp to Gen. Hildyard, was knocked down by the conclusion of a 100-pound shell bursting on a rock by which he was sitting. The Prince behaved throughout with extreme composure.

Lords to Visit the War.

The St. Petersburg correspondent of The Daily Telegraph explains that the contemplated visit of Dr. Less, the Transvaal representative, has been postponed because the Duke of Saxe-Gotha and his family are the guests of the Czar, but he says that it is certain that the visit to St. Petersburg will be made at an early date.

Still Bombarding Kimberley.

Kimberley, Feb. 9. (Friday)—There was a heavy bombardment yesterday and to-day, the fire of the Boer big guns at Kamperdam has been very trying.

GEN. VILGOEN HAS NERVE.

How the Boer General Saved a Maxim Gun Under British Fire.

London, Feb. 13. A despatch from Buller's camp, dated 11th noon, describes a daring feat on the part of Boer General Vilgoen. A Maxim

To Cure a Cold in One Day

## THE AYLMER EXPRESS: THURSDAY, FEBRUARY 15, 1900

Vickers gun abandoned by the Boers in a donga was about to fall into British hands, when the fearless Lieutenant himself brought back a team of horses and escaped with the gun, threatening his way between the red flashes and black clouds of lyddite shells which the British artillery concentrated on him.

"WE WANT BREAD!"

Cry Paris Anarchists or We Will Burn Exposition Buildings—One of the Threatening Letters.

Paris, Feb. 12. — Much anxiety is felt at the Exposition directors over a number of threatening letters that have been received from anarchists during the past week.

One of these letters was as follows:—

"Instead of prostituting France by catering to the sensuous appetites of the moneyed classes of all nations, you should think to provide for the millions of Frenchmen with hungry stomachs. Your Exposition will not be allowed to take place. You have not policemen enough to prevent us from blowing up your plaster palaces, one after the other."

"Even now our brothers are at work, in the grounds. Your marble pile for the fine arts is doomed. We want no pictures and no statues of naked females; we want bread!"

An immediate investigation led to the discovery of dynamite cartridges in several places in the basement of the building mentioned.

There is so far no trace to the authors of the ghastly threats.

NEARLY 1,000 MILES SAVED

Between Duluth and Liverpool by Proposed Route Through Canada.

Detroit, Feb. 12. — John M. Nicol on Saturday admitted that he was the projector of the Quebec and Lake Huron Railway, the proposed new air line between Georgian Bay and Atlantic tidewater. Said Mr. Nicol: "The line will be about 461 miles in a straight line, through a new and unsettled portion of Canada, and would shorten the grain haul from Chicago and Duluth to the seaboard by fully 500 miles."

"The rail route would be about the same length as that from Buffalo to New York, saving all the lake distance between Georgian Bay and Buffalo."

From Quebec to Liverpool is called 2,660 miles; from New York to Liverpool, 3,130 miles, giving another 270 miles saved on the ocean, or nearly 1,000 miles less distance over our road to Liverpool than over the present routes."

SOUDAN TROUBLE NOT SO BAD.

Only a Few of the Young Egyptian Officers Were Involved.

Cairo, Feb. 12. — Official investigation shows that only a few Egyptian officers, all of them young men, were involved in the trouble with the two Sudanese battalions, whom they had advised not to obey the order to give up cartridges.

It seems that the implicated officers had become excited over Anglophobe articles published by The Liwa, which praised the Transvaal and advised the Egyptians to take advantage of British distractions in South Africa.

None of the senior officers are in any way implicated. A court of enquiry will sit immediately to investigate the affair.

You Can't Dodge Them

Did you ever try to dodge the rain-drops? Did not succeed very well, did you? It's just as useless to try to escape from the germs of consumption. You can't do it. They are about us on every hand and we are constantly taking them into our lungs.

Then why don't we all have this disease? Simply because these germs cannot gain a foothold in a strong throat and lungs. It's when these are weak that the germs master.

The body must be well supplied with fat. The danger comes when the blood is poor and the body is thin. If your cough does not yield, and your throat and lungs feel raw and sore, you should not delay another day. Take

Scott's Emulsion

of Cod-Liver Oil with Hypophosphites at once. It will heal the inflamed membranes and greatly strengthen them as well. The digestion becomes stronger, the appetite better and the weight increases. The whole body becomes well fortified and the germs of consumption cannot gain a foothold.

It's this nourishing, sustaining and strengthening power of SCOTT'S EMULSION that has made it of such value in all wasting and exhausting diseases.

10c. and 50c. all druggists.

SCOTT & BOWNE, Chemists, Toronto.

## "Wilful Waste" Makes Woeful Want.

It is as wasteful not to secure what you need and might have as it is to squander what you already possess. Health is a priceless possession. You can secure it and keep it by taking Hood's Sarsaparilla which purifies the blood, cures disease, and invigorates the whole system.

Boils—"I was greatly troubled with boils and had blood and was advised to try Hood's Sarsaparilla. I followed this advice and the benefit I received was so great that I took a second bottle and was cured." M. L. Petit, Lyons, Ont.

Hood's Sarsaparilla Never Disappoints

FOR SALE—110 acres of choice land, being parts of lots 21 and 24, in the 7th concession of the Township of Vancourt, about 80 acres cleared, and well tilled, the balance mostly in a sugar bush fitted up with the latest appliances for holding saws. There is an apple orchard of 45 acres of the choicest winter fruit, also a large tract of land consisting of meadows, grapes, berries, &c. The buildings consist of a large two-story house with all modern improvements, a new carriage house, and a stable fitted up with the latest improved stable fittings, large barn and shed, and a new house, granary, &c. It is a rare opportunity for the small sum of \$800. Good reason for selling. Apply to C. O. LEARN, Real Estate Broker, Brown House Block, Aylmer, Ont.
