An Excellent Opportunity

The "Investors Fund" offers an excellent opportunity to invest capital where it will bring a regular monthly income. And the Surplus Profits if allowed to accumulate and compound will largely increase the original investment and also the income derived from it.

Is not success and the conservative manner in which it is conducted have raised it to a gratifying position of prominence and popularity, and it numbers among its investors many of the shrewdest and ablest business and professional men in the Dominion. The popularity of the "Investors Fund" is not confined to any class of investors as its plans of investment place its advantages within the reach of all.

Its past record is convincing. Last year we earned and paid investors in addition to the regular monthly dividend of 4 per cent. Surplus Profits averaging 6.18 per cent. per month. NOT A DOLLAR has been lost to any investor through the "Fund" and we have not one dissatisfied subscriber.

The "Investors Fund" is NOT AN EXPERIMENT. It is conducted on sound business principles and only the most reliable of the standard highway end in interest Securities are dealt in.

The outlook for the "Fund" was never more promising than at the present time. We expect the next six months to be exceptionally active ones in financial centres and we look forward confidently to this period of increased activity which will assure larger earnings for the "Fund."

Briefly outlined its method of operation is as follows: The Investors are paid a regular monthly dividend of 4 per cent. out of the Gross Earnings. A large percentage of the Surplus Profits are credited to investors and distributed or re-invested every three months as desired, and a portion of the earnings is set aside for the Reserve Fund. This Reserve Fund is the Investors safe-guard as it reduces the risk on all our operations to a minimum.

THE PLANS OF INVESTMENT are arranged so that all may take advantage of them. Under the regular plan any amount from \$50 upwards is received for investment and certificate issued with monthly coupons attached. (These Coupons are endorsed by the holder each month as they fall due and forwarded to our office where they receive prompt attention.) We have also adopted a special monthly payment plan.
