AVOID COMPETITION SAYS ENGINEER KELSCH BUY THE PLANT OF THE LONDON ELECTRIC CO.

But Buy It By Arbitration and at a Proper Price.

SECRET MEETING WITH THE EXPERT

Engineer Sifton's Figures Regarding Niagara Power Were Practically Confirmed.

city council pulled off a very secret meeting on Saturday afternoon, which Consulting Engineer Kelsch, of Montreal, was present. Mr. Kelschar-rived in London Friday night and registered at the Tecumseh House. secured some needed information from Electrical Engineer Sifton, and on Saturday afternoon held a confab with the members of the power committee and told them a thing or two, in plain terms, about selling power. For some reason or other the re-porters were not notified of the meet

and soon had the facts. What He Said. A member of the committee told The Advertiser that Mr. Kelsch informed the city fathers that it was

up to them as to whether the power can be sold at a profit. The city can be penny wise and pound foolish if it likes, but he would advise that London go into the matter on sound business principles. instanced the fact that the city of Montreal pays \$5,000 a year to one man to do nothing but solicit power

customers. He advised that the city secure first-class solicitors and pay then

He also told the committee much of the success of the scheme will depend upon how the power is disposed of, and on how much the city takes advantage of over-lapping.

Sifton's Figures Confirmed. He confirmed Mr. Sifton's figures would rather say it would cost \$250,-900. Mr. Sifton said it could be built This was the only place there was

MANUAL TRAINING UP AGAIN

A meeting of the board of education is scheduled to take place at 4:30 this afternoon, and it promises to be a very warm The finance committee of the city council went straight ahead Saturday night, and, despite the wishes of the majority of the board of education, decided to strike out the item of \$2,000 set aside for the introduction of manual training in the public schools this year. Of course, the council and the finance com mittee are powerless in the matter. Long ago, it was decided in a famous local lawsuit that the city council cannott pare he estimates of the board of education. But it appears that the council relies on dissension in the board to carry through its design. The majority of the board of education are, however, for manual training, and as one of the members put it, the meeting this afternoon is only called out of courtesy to those members who claimed that there had not been sufficient discussion on the subject.

A Little Girl Killed By Gander

Windsor, April 18.-Hearing his baby ground, with a large gander standing Windsor, April 18.—Hearing his baby ground, with a large gander standing girl scream out in the yard while he was eating supper, William Winkelman of Monroe, Michigan, rushed out and of Monroe, Michigan, rushed out and wings so severely as to cause the infound the child lying motionless on the jury.
