

EXPECT RECORD MANITOBA VOTE

Fine Weather Expected To Bring Out the Idle Farmers.

Both Liberals and Progressives Expect To Sweep Province.

WINNIPEG, July 17.—(By Canadian Press).—Fine weather is predicted for tomorrow, when the electors of 43 provincial constituencies proceed to the polls to choose a new legislative assembly for Manitoba.

The weather is cool, roads are in good shape, harvesting has not commenced and there seems to be nothing in the way of the polling of a representative vote. Fifty-two members are to be elected tomorrow out of 149 candidates, of whom ten will be chosen in Winnipeg from 43 starters, and three elections are deferred.

Most of the results will be known tomorrow night, but in Winnipeg, voting under proportional representation for the second time in a provincial election, it will be Friday before the full list of members is available. All constituencies vote under the old system. Polls open at 8 a.m. and close at 5 p.m. everywhere.

More than 800 ballots have been marked in Winnipeg in the advance poll opened for business people who cannot be at home tomorrow, and it is thought that this indicates a high degree of interest.

The close of the campaign is marked by public declarations of farmer and progressive leaders that they will "sweep the province" and control the next Legislature by a clear majority, and of Liberal leaders that Hon. Mr. Norris will lead the largest group in the next house.

Farmers say that with the aid of the Winnipeg Progressives they will have a minimum of 34 members. Liberals claim they will elect at least 25 candidates. Conservatives expect 18. Labor leaders look for about ten. If the farmers live up to their promises, the leader whom they will have to select will be called upon by the lieutenant-governor to form a government. The alternative in all probability is an administration based on association or fusion of groups.

PARRY SOUND MAN TAKES OWN LIFE

PARRY SOUND, July 17.—Ante Nesala, a Finnander employed at Depot Harbor, hanged himself last night from a shade tree in the east ward in this town.

The body was in a sitting position a few inches off the ground, with the legs stretched out in front. No inquest has been held.

Begs Mother To Coax Dad To Aid Pastor Who Quit Home With Her

SARNIA, July 17.—That Thomas J. Hughes, attorney of Greenville, O., will defend the Rev. W. Culp, of Spring Valley, when the latter is brought to trial on a charge of abandonment of his wife and nine children, is the belief of Mr. Hughes' 13-year-old daughter, Esther, who eloped with the missing preacher, June 14.

The girl made this announcement Sunday night when she neared Detroit on the Port Huron steamer, en route "to the home of friends until things quiet down." All the way from Port Huron where she was released from jail in the afternoon, she sat in the cabin of the steamer beside her sobbing mother, and pleaded that her affinity should be represented by her father.

"Dad is a lawyer," she said, when the boat neared Detroit, "and he is going to defend Mr. Culp. Mother has promised me that she will ask him to and he always does what mother asks, doesn't he mother?" She turned and looked fondly at the shaken little woman beside her.

Mrs. Hughes answered in the affirmative. "Mother is the only one who really understands me," the girl added, then laughed, looked away and called attention to the green water rolling past.

"I suppose I will be a witness at the trial," she said later. "Dad the lawyer, I the witness—won't that be strange?"

"After that I am going to marry Mr. Culp if I can. He loves me and I love him. Why shouldn't I? But I am going to be quiet for a little while first. There has been so much excitement over this."

RUMOR GRAHAM TO HEAD C. N. R. BOARD

Keen Interest Being Taken in Appointment of Railway Officials.

OTTAWA, July 17.—(By Canadian Press).—With the resumption of cabinet meetings tomorrow interest is keen in the decisions which are expected from the government this week, and especially in the action to be taken in regard to the National Railways.

Rumor has been active in regard to the names of the new directors and the new president.

Hon. George P. Graham, minister of militia, has been mentioned as chairman of the board, as has also Sir Clifford Sifton, while P. J. Paradis of Quebec has been suggested as a member of the board of directors. A new development in the conjectures of the last few days is a report that an American railway expert will be brought in to take the active management. This rumor was given much currency by the visit of the minister of railways, Hon. W. C. Kennedy, to the United States during the visit of the premier to Washington.

LYNDEN FARMER DIES IN HIS BARN

HAMILTON, July 17.—John M. Rouse, a Lynden farmer, was found dead this morning in his barn. It is not known whether he was overcome by heat or fell off a load of hay. He was 66 years of age, and is survived by his widow, two daughters and a son.

ALBERTA HOUSE TO MEET JULY 24

Legislature Summoned by Proclamation To Discuss Wheat Board Question.

EDMONTON, Alta., July 17.—A summer session of the Alberta Legislature is being called by proclamation. The date, while not named in the official statement given out by Premier Greenfield, has been practically agreed upon for Monday, July 24.

It is expected that the session will last from one to two weeks, the main business to come before it being the wheat board question. The decision to call a session follows a conference of the government with the U. F. A. members on Saturday, when the situation was fully considered and the conclusion reached that the matter should be dealt with by the house.

Practical unanimity was expressed by the farmer members as to the desirability of having the wheat board established and in view of this attitude the government decided to call a session at once and put the question finally to the test.

REPORT SEEING RIVER MONSTER

KINGSTON, July 17.—A report from Iroquois, Dundas County, states that twice last week residents saw a monster rise above the surface of the river opposite that place and throw a volume of water to a considerable height. What type of monster it is the people are unable to tell.

3 ESCAPE UNHURT IN AUTO PLUNGE

Waterloo Residents Have Narrow Escape As Car Falls Over Embankment.

Special to London Advertiser.

KITCHENER, July 17.—Clarence Schnarr of Waterloo is thanking his lucky star today that a coroner's inquest is not being held over his remains. Last evening, while driving his Ford coupe on Erbville road, a few miles out of Waterloo, his steering rod was broken when he struck loose gravel and his car turned turtle over a steep embankment, broke through a fence and climbed on its side in a wheat field. Two other young men were with him in the car at the time, but none of them were hurt. The damage to the car was slight, not even the windows or windshield being broken in the fall of the car down the embankment.

Word was received in this city today of the death in Toronto of James Quarrington, a popular Kitchener young man. Deceased had been in failing health for about a year, and was undergoing treatment in Toronto. He was born in Toronto 27 years ago. He leaves his widow and one son to mourn his loss.

As a result of the watchful eyes of

Waterloo sleuths, ten motorists have been served with summons to appear in police court there on Friday for the purpose of paying fines for speeding or else convincing the court that the sleuths were wrong in their speed estimates.

CYCLONE STRIKES PALMERSTON

Special to London Advertiser.

PALMERSTON, July 17.—At 4 o'clock this afternoon a cyclone struck the north part of Palmerston, uprooting trees and unroofing Watts grist mill, demolishing barns and garages, blowing in windows. Some maples, fifteen inches in diameter, were cleanly wrenched off six inches below the surface. The cyclone moved east between Minto and Wallace Townships, damaging the farm buildings of Nairn's, Mallett's, McEachern and others. Fortunately no lives have been reported lost, although Constable Melville had a narrow escape in being blown against a building to which he clung until the storm passed.

ASSISTS STEAMER ASHORE IN RIVER

KINGSTON, July 17.—The Donnelly Wrecking and Salvaging Company has sent a tug and lighter to the assistance of the steamer Huron of the Maritime S. S. Lines, which went ashore at St. Dennis eight miles from Coteau, while on her way to Montreal with wheat.

Reputation

is a guide to the future, because it is a record of the past. The Salada Tea Company has earned for itself an enviable reputation as a result of supplying to the public, for more than thirty years, the highest quality of Tea and never varying from that standard. The reputation for reliability has built the greatest Tea business in North America.

"I Believe in Fair Play!"

— Mr. SMP

An Appeal to Housewives

THE local hardware merchant is one of the most useful citizens in any community. His one object is to serve faithfully the householders of the community in which his store is located. Give him Fair Play.

He is vitally interested in the neighborhood and all its citizens. He pays his local taxes and helps maintain the community. The money he gets from selling his goods to you, he spends in turn with other merchants of the community. His life's savings are invested in the hardware business he conducts. He is raising his family and helping to keep up the schools where your children are being educated.

But, unfortunately, all these things are forgotten when some householders buy goods at their doors from peddlers or house-to-house canvassers. These individuals are very persistent in their efforts and will go to great lengths to sell you their wares. They deliberately play on your

sympathies. They should be turned down at once! They have no grain or tittle of interest in you or the neighborhood, other than to sell their wares and be gone. You will probably never see him or her again.

When you buy kitchen utensils or household articles from one of these peddlers you are not playing fair either with yourself or the hardware man of your community. You are injuring your hardware man for the reason that these peddlers are in direct competition with him.

The hardware merchant is in business to serve you. To sell you his goods at a fair, reasonable price is his daily occupation. Strengthen him by buying from him and he will be of even greater service to you.

Loyalty to those who serve you is as fine a thing as loyalty to those whom you serve. Remember the hardware merchant. Buy from him when you can, and treat him with the same fairness that you expect from others.

Special Notice to Housewives

ASK your local hardware merchant to show you Diamond Ware or Pearl Ware, the two outstanding brands of high-grade enameled ware kitchen utensils. These SMP wares will last for many long years, giving service and satisfaction of which you never dreamed. Remember the names—Diamond Ware or Pearl Ware; Diamond is light blue and white with a smooth, snow-white lining. Pearl Ware is a beautiful pearly grey mottle inside and out.
