**OUR SCHOOL BOARD**  
Our School Trustee Board seems to hop along day by day in its self-sacrificing way. Very few, if any, know of its working. It appears to be sadly deformed by the storms of time or adversity, but probably it will struggle along another year in its own silent way. Doubtless it has its own aims and ambitions, and time, that great problem-solver, will unfold its mysterious ideals. We have been all so patient with it. No doubt the good work will continue.

**OUR DUTY**  
The soldiers, our neighbors and sons, some of them gone for more than a year. They are straining every nerve to accomplish. What? To put the reply in a practical shape. To preserve our homes, to enable us to enjoy our families and live the same everyday life that we lived before the war broke out. In some cases to enable us who are at home to make money, to secure property. And they are suffering and sacrificing to enable us to do that. The sacrifice surely appeals to us. And the wives, children and dependents of those at the front. If we can assure those at the front that their wives, children and dependents are cared for, it will certainly help to cheer the poor fellows and it will lessen their anxiety. The call is to us, the ones at home, to do this or any other thing we can do, to bring this small ray of happiness to the boys at the front, the flower of our manhood. To refuse to bear our share of this charge would style us the most despicable characters—Germans, in spirit.

**MUST DO THE RIGHT THING**  
The men who legislate for our everyday interests—our County Councilors—are to meet in session next week. We live in epoch-making times, and men are induced today by the strenuous condition of existing affairs, to think with a vividness perhaps not before called for. The spirit of sacrifice is in the air.  
It will probably be apparent to our County legislators, directions in which the present situation can be aided. Other councils in the Province have arisen to the situation. Restigouche has not been behind in the doing of its part and will not in any degree lag, in helping the work that the higher civilization of today is demanding. And may no side issues arise to obscure the manifest path of duty.

**OLD MEN NOW**  
Austria has called up her last line of reserves, her old men—the grandfathers—oh! the pathos of the situation. The toil-worn and aged are called upon, by a system that requires every man to train as a soldier, and to be called upon when needed.  
Do we want that such conditions prevail in our land. If we do, let us sit down and attend to our own affairs, turn a deaf ear to the call of our free, enlightened country, selfishly determine that we don't care who wins, and our children will inherit a condition worse than that which obtains in Austria.

The law of nature has pleased us by giving us a bridge across the river. Couldn't our politicians "catch on"?  
It will sure be interesting to hear the music played on the new Conventive organ by a former Liberal organist.

### HOW THE MONEY GOES.

Sir Charles Davidson's Commission has unearthed an interesting list, showing how the people's money is being squandered on war contracts. Some time ago the Militia Department required 188,000 pairs of trousers for Canadian soldiers, and called for tenders. The lowest tender was T. Eaton & Co., of Toronto, at \$3.20 a pair. Instead of awarding the contract to the lowest tender, however, the Government split up the order, for political effect, between ten different firms in Toronto, Montreal and Hamilton in lots of about 12,500 pairs to each, and gave them in each case the highest prices at which they had tendered. The prices paid were as follows:—

Firm	Price per pair
T. Eaton Co., Toronto	\$3.20
A. Kilbert & Co., Montreal	3.28
Crown Pants Co., Montreal	3.43
Copley, Noyes & Randall, Hamilton	3.43
Cohen & Sons, Montreal	3.50
Punchard, Burrill & Co., Toronto	3.58
Canada Clothing Co., Montreal	3.64
Empire Clothing Co., Toronto	3.69
W. E. Sanford Mfg. Co., Hamilton	3.72
Capital Brand Trousers, Toronto	3.73

It will be noticed that they were all paid different prices for the same work. For instance, the Capital Brand Trousers Company, of Toronto, received \$6,625 more for making 12,500 pairs of pants than the T. Eaton Company got for the same work. It was figured out that the 188,000 pairs of pants cost the country \$40,000 more than they would had the lowest tender been accepted. The reputation of the Eaton firm is such that there could have been no misgiving as to their capacity to handle such an order, nor their ability to give satisfaction. In this case \$40,000 of the ratemakers' money was squandered for political effect. And that is only one small instance of what appears to be the general rule.

The above extract from the Montreal Telegraph needs no comment. How long will our people stand this juggling with our hard-earned money? We can't say that we don't care. We do care and we should take the earliest opportunity to deal with a Government who will countenance this and similar transactions.

### SAWDUST

Britain always wins one battle—the last.  
Who is taking the most interest in our soldier boys? For example:  
A march to the trenches. Think a bit as you step out from your homes these nice mornings. Some sacrifice, isn't it? Do you appreciate it?  
Not knowing enough to "come in out of the wet" is rank ignorance. What about New Brunswick? Seven States across the border "came in" New Year's Day.  
Why encourage the raising of a "special" regiment? It is hoped that the war will break up "classes" and show men as they are—equal in the sight of God. We want a united Canada, not a divided one.  
The British have withdrawn from the Gallipoli front. This does not necessarily spell defeat. Kitchener may have remembered the Yankee's advice given on a former occasion and has arranged to "go round."

**Emergency Drop Muffins.**  
Mix and sift one and one-half cups of pastry flour (once sifted), three and one-half level teaspoonfuls of baking powder, and three-fourths teaspoonful of salt. Work in three tablespoonfuls of lard, using the tips of the fingers; then add gradually one-third cupful of milk and one-third cupful of water. Drop by spoonfuls into buttered hot gem pans, and bake in a hot oven.

### LIEUT. COL. DAIGLE SAYS

NO DIFFICULTY WILL BE FOUND IN RAISING THE 165TH

Halifax, N. S., January 5.—The Chronicle today says:—  
"The French-Canadian people have enthusiastically taken up the idea of raising a Battalion solely among themselves and I anticipate little difficulty in raising the 165th Battalion to strength this winter," said Lieut. Col. Daigle last night when seen at the Queen Hotel.  
"I am now in Halifax to get final arrangements made, he said, "and next week I will start my campaign along the Caraqueet shore, northern New Brunswick. I will spend a week organizing recruiting officers in New Brunswick, and will then come to Nova Scotia. None but French-Canadians are eligible to join the Battalion, and as far as possible the corps will be officered by French-Canadians."  
"A goodly number of young fellows are down here now taking courses who will join my Battalion. However, none will get appointments until they have proven their ability."  
"The three centres for the French-Canadians are the Caraqueet district, Moncton district and the County of Digby. We shall make our appeals in French, and I have one or two schemes for bringing the men to the colors. The boys on the Caraqueet shore are fishermen, hardy fellows who will make great fighters. The Acadians of Moncton and Digby belong to the farming classes, but they come of a fighting stock. Why, not a Battalion has been raised in these provinces that did not have many French-Canadians on its muster rolls."

### PRINCESS PATS AMONG BEST IN ARMY

Their Brigadier General Pays Tribute to Their Gallantry and Tenacity  
Ottawa, Jan. 11.—Militia orders issued today contain a copy of the farewell order issued by Brigadier-General W. E. B. Smith, commanding the 80th Infantry Brigade, to the Princess Patricia's Canadian Light Infantry, upon their transfer last November from the British brigade to the Canadian army troops.  
General Smith, after placing on record his keen appreciation of the splendid services rendered by the Princess Patricia's, goes on to state: "The gallantry of the P. P. C. L. I. during the fighting at St. Eloi and later during the second battle of Ypres, when the Battalion hung on to their trenches with unparalleled tenacity and lost over seventy-five per cent. of their effectives, has won for them not only the admiration of their comrades but will earn for the regiment a reputation which will stand among the highest in the record of the exploits of the British army."

### BIG DESTROYERS DO FORTY.

**TWO KNOTS AN HOUR ON TEST**  
London, Jan. 10.—Under escort of officers assigned by the Admiralty a party of journalists had their first opportunity to inspect one of the great naval bases on the coast, where cruisers, destroyers and submarines are assembled for their watch over the North Sea, and from which point big ocean going submarines are sent on forages to the Baltic and the Dardanelles.  
It was an impressive sight of concentrated power and alert readiness, with long lines of battle scarred cruisers stretching seaward and headed by the famous Arethusa, back of them, a vast flotilla of destroyers, then a countless number of submarines of the latest D and E type, which recently have performed such brilliant work from the Dardanelles to the Bosphorus and throughout the Baltic.  
The party now went aboard the latest type of big destroyers, which are here ranged in great battalions with steam up. They are very fast, some of them making thirty-seven or thirty-eight knots, and even touching forty-two knots on a measured mile, while all of them regularly do thirty-five knots on regular service.

### REV. MR. RATTEE

FORMALLY INDUCTED

Now Pastor of New Richmond Presbyterian Congregation.

—Induction Tuesday

The Chatham boys of thirty years ago and more will remember Joe Rattee as an English boy with whom they had to reckon both in the classroom and in the playground of the Grammar School. He was a sturdy boy who lived with his uncle, Rev. Dr. Watts, then minister of St. Andrew's church. From the Grammar School in Chatham Joe Rattee went to Dalhousie University and in due time became a graduate of the Presbyterian College, Halifax. In both institutions he gave a good account of himself and made mathematics and mental philosophy his favorite studies. After being licensed to preach as a minister of the Presbyterian Church, Mr. Rattee held important pastorates in the Presbyteries of Halifax, Pictou and P. E. Island successively. Last summer he resigned his pastorate on the Island to become secretary of the Ontario Lumber Camp Association with headquarters at Montreal. He, however, has been induced to accept the unanimous call extended to him by the congregation of New Richmond, P. Q., in the Presbytery of Miramichi, and on Tuesday of this week was formally inducted into that pastoral charge by Revs. J. R. Miller, Hugh Miller, F. L. Jobb and J. M. Sutherland. Mr. Rattee is warmly welcomed by his brethren in the Presbytery of Miramichi, and his friends in Chatham will, no doubt, wish for him many years of success and prosperity at New Richmond.—World.

**Influenza**  
"Gray" Chamberlain  
"No one who has not had Influenza can realize the suffering it causes or how it defies treatment. I know of nothing that will give such prompt relief as Chamberlain's Cough Remedy, for when it is taken the pain in the chest disappears, the fever subsides and the whole body becomes more comfortable.  
Then again, the after effects of Influenza are often even more distressing than the disease itself, but they can be avoided if you use  
**Chamberlain's Cough Remedy**  
Though the greatest danger from this disease is Pneumonia, I have never known a single case of Influenza to result in it when Chamberlain's Cough Remedy was freely given. The persistent cough that frequently follows Influenza can be relieved by Chamberlain's Cough Remedy, and should not be allowed to run on until it becomes troublesome."
