Commercial Cable is having another slump. During the past two days the decline foots up 5¾ points. There appears to be a disposition among old holders to liquidate. The close both in Toronto and Montreal was weak. A local grain house has received advices from Liverpool which leads them to believe that there will be a big drop in wheat during next week. The Montreal drygoods market is reported to be quiet owing to unseasonable weather. A few buyers from nearby points have been in, but seles are allow. Prices are firm, especially in	Canada Softmered.
