

## CANADA'S GROWTH DEPENDS ON BRITISH IMMIGRATION, SAYS HEAD OF TRADE SHOW

S. McKinnon, Director of Canada's Display at Empire Exhibition, Will Address Manufacturers of City To-Night.

"If the people of Canada want their country to grow in population and to develop the untold wealth that lies in the forests, lakes and mines of the country, they must depend on immigration and they look to the British Isles for the most part, to provide that which is so essential for the welfare of the country as a whole."

This was the statement of J. S. McKinnon, director of the Industrial Exhibition of Canada at the British Empire Exhibition, to be held in Wembley Park, London, England, April to October, 24, in summing up the advantages to be gained by exhibiting the natural and manufactured products of the Dominion at the first such exhibition to be held within the realm of the British Empire.

Mr. McKinnon will speak to the manufacturers in the Chamber of Commerce offices to-night.

"I have met with the greatest success everywhere in Canada that I have," said Mr. McKinnon, who commenced his tour by speaking in Vancouver on July 27.

Mr. McKinnon has assisted many of the most and the greatest of interest in being taken by manufacturers in the coming exhibition.

**ANADIAN EXHIBIT.**  
The Canadian exhibit will occupy a separate building, 400 by 200 feet, all on the ground floor, and will be divided into two parts—agricultural and industrial. The agricultural section will take the natural resources of the country, namely, fishing, dairy, water power, timber and minerals. An agricultural scenic display will show a typical Canadian farm. Another section will show Canadian lake port, with miniature elevators loading grain on to boats and on trains to the elevators. Lake ports will be there in miniature form, as well as the Hollinger mines and a national park scene, showing animals in their native haunts, methods of trapping, etc.

"The industrial section, over which I will be personally in charge, will be proportioned to show the foodstuffs,

agricultural implements, machinery, rubber products, wood and metal products, leather, pulp, paper and stationery, automobiles, furniture, chemicals, furs and silverware, and, in fact, everything, no matter how large or how small, that is produced in the Dominion.

"The press will be well taken care of and a room has been prepared directly over the main entrance, in which all the papers of Canada will be kept on file. A press room, 30 by 20 feet, has also been provided and will be devoted entirely to the press and representatives of the press that will be there."

**ENCOURAGE EMIGRATION.**  
"The whole idea in the exhibition is to bring the people to the country and to show them what a wonderful place it is to live in, and, incidentally, to attract enough capital to the Dominion to develop the natural resources."

"The cost of the exhibition has been reduced by the Canadian Government to a minimum," he explained. "It has offered to pay all transportation costs from any city in the Dominion directly to the exhibition grounds and to set up the exhibit in booths already prepared. The only cost to the exhibitor will be for rental space to be used by him for the six months' period."

"Of the Dominion's exports for 1922, which amounted to something over one billion dollars, statistics showed that 65 per cent. was the produce of agriculture, and this figure can be greatly exceeded when the people of the old country learn just what products are obtainable here," he stated.

"The Canadian manufacturers are co-operating closely," he concluded, "and Hon. J. A. Robt, minister of colonization and immigration, is deeply interested, as it comes directly from his department as a means to stimulating immigration."

## LONDON GIRL HURT IN HALLOWEEN MISHAP

PORT STANLEY, Nov. 1.—The annual Halloween Masquerade Ball held under the auspices of the Port Stanley Rebekah Lodge was staged last night with greater success than ever in the town hall. Many and varied costumes were worn reflecting originality and tireless enthusiasm. The usual grand parade, followed by the prize distribution, dancing and supper, filled the program, which continued until 2 a. m. this morning.

A disappointing mishap occurred, casting a cloud of awe over the celebrators, when at 1 a. m. Dr. Mothersill was called from the hall to attend to a young lady hurt in an auto smash. The young lady, together with a lady friend, both of London, who had been attending the dance were being driven home by John B. Going and James Goodhue, two Port Stanley youths, in Mr. A. R. Going's Ford coupe when by some mischance, perhaps on account of the greasy road caused by a slight snowfall, the car swerved into the fence on the rising grade passing Hepburn's farm just north of the village. The car crashed through the light fence and dropped down the six foot ravine, turning over on its side.

One of the young ladies received a severe gash in the arm which required seven stitches, but the others fortunately escaped without injury. After medical attention the ladies were taken home.

This is the second close call for John B. Going. He was the driver of the car which was smashed at a railway crossing coming from Detroit a few months ago, when Mr. Alfred Hogg, of this village was killed instantly and Going himself knocked unconscious for several days.

## To Speak Here

PROF. YOHAN MASIH, principal of the Theological Seminary at Indore, India, who will address the World Mission Convention at First Methodist Church next week.

## CHANGE MAY BE MADE ON PASSES

Long Service Honors May Be Given Five Years Earlier.

A reduction of five years from the length of time required to be worked by employees of the Canadian National Railways before they are entitled to long service passes in recognition of their services, has been made and now, instead of the old passes issued by the Grand Trunk for their employees after services of 15, 20 and 25 years, the passes to be issued to employees in the near future will be for 10, 15 and 20 years of service.

A short time ago divisional officials were requested to compile a list of names of all employees who had been in service for 10 or more successive years. This has been done in this section and word for the distribution of passes to those entitled to them, is now being awaited.

The Grand Trunk pass for 15 years was good for an employee and his wife to travel anywhere on the central regions, which included from Port William to River de Loop and points between, with restrictions on some first-class trains.

The 20-year pass was issued to the employee working that length of time and for his wife. It was also good in the central regions, including the lines extending to the United States, but it also had restrictions on some first-class trains.

The 25-year pass was good on the entire Grand Trunk system, including the United States and was good on any train.

While it has not been determined that such will be the case, it is expected that the new passes will take the place of the Grand Trunk passes with the five-year reduction and will include the same privileges.

Together with these passes employees working one year are entitled to a first-class pass a year, anywhere on the system. For two years of service an employee may take his wife anywhere on the system and for three years a pass is obtainable for a family of four. For four years a pass is obtainable for a family of five. These passes are, however, only obtainable once a year, while the 10, 15 and 20-year passes are permanent and held by the employee at all times.

## Churches and Clubs

### EVER READY MISSION BAND

A delightful little Halloween frolic, at which apples and candy were served, closed the well-attended meeting of the Ever Ready Mission Band of First Methodist Church yesterday. The business session, which was very short, was in charge of Miss Minnie Mara. Miss Beth Harkness occupied the chair and work on the dolls for one of the Western hospitals was continued. A charming solo by Miss Annie Sharrman was appreciated.

### CHRIST CHURCH GUILD

Miss Mary Connor, High street, was the hostess of the meeting of the Christ Church Guild yesterday, when many of the women of the congregation joined them and worked for the coming bazaar. At the tea hour Miss Connor was assisted by three charming little girls, in Kate Greenaway costumes: Miss Marlon Finney, Miss Margaret Finney and Miss Violet Mason.

### ST. GEORGE'S SHOWER

Many lovely donations for the miscellaneous booth of the bazaar to be held later in the season by St. George's Church were received last night at the shower at the home of Mrs. R. Talbot, Wharfcliffe road. Receiving with Mrs. Talbot were Mrs. G. B. Sage and Mrs. G. Guymer. In the pretty tea room, Mrs. Kershaw and Mrs. Moore poured tea and the other tea assistants were Mrs. Brown and Mrs. Gordon Barr.

### ST. MATTHEW'S SHOWER

In aid of the bazaar, which will be held about the middle of the month, Mrs. Bert Perry lent, to the church, a very nice miscellaneous shower, at which a great many pretty and useful articles were received. Assisting the hostess at the tea hour were Mrs. Dyson and Mrs. Lee.

### CLUB ANNIVERSARY

The tenth anniversary of the Three T Club was happily celebrated last night by a theater party, followed by supper at the Elbow Room. Mrs. R. Talbot presided over the pretty table, decorated with Halloween favors. All the members of the original club, with the exception of Mrs. A. M. Hunt, who is out of the city, were present. Presenting the anniversary supper which marked the close of 10 happy years of club social life, Miss Maude McFarlane is president of the club. Miss Edith Dunn, treasurer, and the members are Mrs. F. B. Kilbourn, Mrs. Herbert Childs, Miss Myrtle Justin, Miss Winifred Dunn, Miss Ida Lawson, Miss Maude Norris and Miss Mabel Gregory.

### MOTHERS PLAN SOCIAL

The members of the mothers' unit of the Sacred Heart School look forward with interest to the social evening which will be arranged under the auspices of the unit at St. Peter's Parish Hall to-night. Miss May Lethbridge's orchestra will be in attendance and Mrs. W. J. Davidson is the general convener of the social.

### SOCIAL PROGRESSIVE CLUB

Mrs. E. Gray, of St. Thomas, the district organizer of the women's department of the "Latter Day Saints" Church, gave a very helpful address on "Club Work" at the meeting yesterday of the Social Progressive Club at the home of Mrs. Jenkins, Chesley avenue. Plans for the bazaar on December 4 were discussed and many donations received. A delightful musical program included a solo by Mrs. J. Jenkins, who was accompanied by Mrs. T. B. Richardson, a duet by Mrs. F. Gray and Mrs. H. Koehler, and the critic's report by Mrs. D. Armstrong. Mrs. T. B. Richardson, the president, was in charge of the meeting, and Mrs. D. Armstrong assisted in receiving the guests. At the close of the meeting the hostess served tea, assisted by Mrs. J. Davidson. The next meeting of the club will take place at the home of Mrs. D. Armstrong, Draneys avenue.

### ST. DAVID'S A. Y. P. A.

A jolly masquerade was given last night by the A. Y. P. A. of St. David's Church, in conjunction with the Ladies' Church, at which about 75 young people were present. Many clever costumes were in evidence at the grand march past when A. James T. Brown and Miss W. Hodgson acted as judges and awarded the prizes for the best women's costume to Miss E. Gingell, the best man's to W. Paice, and the best comic to J. Goodings. The children's prizes were received by little Miss E. Goodings and Miss Dorothy Merrill. Several merry games were followed by delicious refreshments served by the members of the guild under the direction of Mrs. De Ruyter.

### ST. MARK'S LADIES' AID

Mrs. Arthur Pearson, of London Junction, very graciously lent her home yesterday for a miscellaneous shower given by the members of the Ladies' Aid of St. Mark's Church, in aid of the bazaar to be held the latter part of November. A great number of beautiful towels were donated at the party. At the dainty tea table, centered with yellow "mums," Mrs. Harry Pearson poured tea and Mrs. H. Luck assisted in looking after the guests.

### WELLINGTON STREET M. B.

A very good meeting of the Willing Workers' Mission Band of Wellington Street Methodist Church was held recently, with Mrs. Henry Marshall in charge. An interesting story was read by Jimmie Lee and solos by Miss Norma Kenny and Miss Marian Vize were appreciated. The roll call was answered by verses of Scripture.

### MINISTERS' WIVES ASSOCIATION

The meeting of the Methodist Ministers' Wives Association will unite with the mass meeting of women to be held in First Methodist Church on Monday, November 5, at 3 o'clock.

### ST. MATTHEW'S MEETING

At the meeting of the central committee of St. Matthew's Church last night final arrangements were made for the bazaar which will be held on November 15 and 16. The officers elected for the committee were Mrs. T. Beer, convener; Mrs. Messerole, treasurer; and Mrs. Spence, secretary. Those appointed to the subcommittee include Mrs. Howett, Mrs. Burton, Mrs. McKenna and Miss Lottie Phillips.

### BAPTIST CONVENTION REPORT

At the weekly prayer meeting of Talbot Street Baptist Church last night Dr. Bowley Greene gave a most interesting report of the recent Baptist convention of Ontario and Quebec, held in Olivet Church, Montreal. "A spirit of perfect harmony prevailed throughout all the sessions," he said, "and the reports showed that the year had been one of progress and the future looks bright." At this convention, the largest ever held in Quebec, Dr. Love, of Richmond, Virginia, gave the inspirational addresses and Rev. Mrs. Coumans, president of the convention, also made a very deep impression. Rev. W. A. Cameron, of Bloor street, Toronto, explained the significance of the conference in Stockholm, Sweden, and presented a view of the Europe of to-day,

## Blotchy skin—upset stomach—constipation—

Ills that embitter the lives of millions... yet, in most cases, needless!

Failure to nourish the body properly, or—failure to remove its waste-matter regularly—these are at the root of 99 out of every 100 cases of constipation, skin trouble, digestive disorders.

When the intestinal tract is sluggish and weak, the whole body becomes flooded with poisons: the blood is impoverished, the skin perhaps affected. The digestive organs may not be equal to the strain. In many cases medical or surgical aid becomes imperative.

Scientists agree, however, that medicine can never cure the trouble: it can only relieve the symptoms temporarily. The body must cure itself, so to speak.

The really startling results which Fleischmann's Yeast has given so many sufferers are easily explained. 2 or 3 cakes a day of this fresh, natural food contain the very elements needed to help

build up the body afresh. The millions of tiny living plants in each yeast cake make digestion easy, and give the intestinal muscles regular, healthy exercise. The wealth of vitamins and proteins increases the white corpuscles in the blood, and gives new tone and vigor to the whole system.

Remember that Fleischmann's Yeast for health comes only in the tinfoil wrapper, and cannot be purchased in tablet form.

All grocers have it. Eat it before or between meals, plain, in water or fruit juices, or spread on crackers or on bread, whichever you prefer.

Send for free booklet, "The New Found Value of Fleischmann's Yeast in Building Health." THE FLEISCHMANN COMPANY, Dept. 210-B, 208 Simcoe Street, Toronto, Ontario.

"I believe I tried every kind of salts advertised in America," writes Wilson Lovett, of Louisville, Kentucky, "and the same thing with pills. I ran, played tennis, rode horseback, took abdominal massages—still constipation stuck with me. . . . Fleischmann's Yeast appealed to me as logical. I began eating two cakes every day at the lunch hour. . . . After about eight weeks I was able to do without pills or salts of any sort. It is now eight months since I have found it necessary to use a cathartic of any kind—and this, I understand, is after a condition of chronic constipation that had lasted for seventeen years."

"When I say that I used to dread the sight, smell, or taste of food—well, it's the absolute truth," writes Homer Gauthier of Beverly Road, Brooklyn, N. Y. "I would come home and mother would have me eat. I would groan with good healthy food, but yet just as sure as fate, about three hours later a thousand demons would seem to start fighting inside me." Then he began eating Fleischmann's Yeast. In less than a month "my agonies vanished. I gradually indulged in the foods which used to have the most appalling effect, but nothing doing—they couldn't annoy me!"

"My face was so covered with pimples that I could scarcely touch it without an exclamation of pain, and so unsightly that I was ashamed to go out," says Olive Krass Kestin, of N. Sacramento Blvd., Chicago. "Then a skin specialist advised me to eat two cakes of Fleischmann's Yeast every day, saying that my bodily resistance was low, and that there were not enough white corpuscles in my blood. I took yeast regularly in a little orange juice, and now my face has changed so that my friends don't recognize me."

its religious condition and needs and the Baptist opportunities there. Dr. Greene delivered four addresses and preached four times while he was in Montreal, once at the Baptist church which Lloyd George attended and once at Point St. Charles. He stayed over the last week-end of the conference and preached twice in Olivet Church.

## LAPORTE AT REGINA URGES NATIONAL UNITY

REGINA, Oct. 31.—Urging that the quality of its citizens is the greatest test of a nation's strength and that for Canada to become a great nation a closer bond must be established between its different racial elements, Hon. A. E. Lapointe, federal minister of fisheries and marine, in addressing the Canadian Club to-day on "National Co-operation," suggested that members of the Canadian clubs and kindred organizations be the lights that should guide the uncertain to honest, loyal and patriotic citizenship.

Carrying his argument into the wider realm of world affairs, Mr. Lapointe lauded the efforts of the League of Nations as humanity's sole hope and salvation. He asked that Canada's share in carrying the league expenses be not

be grudging, as it was assisting in a monetary award. The Waterloo principals have decided to present Martha Brand, who was second, with a silver medal for her good work in the exams.

## WILL PRESENT GOLD MEDAL TO CANDIDATE

WATERLOO, Oct. 31.—North Kennedy, who led the Waterloo entrance candidates this year, will be presented with a gold medal by the Waterloo school board. It has been decided that annually a gold medal will be given to the Waterloo candidate finishing first instead of the \$5 award that has heretofore been made. It is felt that the medal would be more valued than the

monetary award. The Waterloo principals have decided to present Martha Brand, who was second, with a silver medal for her good work in the exams.

## INTRODUCE NEW LIGHTING PLAN

Metal Lamp Posts Will Arrive In Few Days.

## EXPERIMENT ON DUNDAS Will Carry Single Lights of 2,000 Candle-Power.

New metal lamp posts, to be used in connection with an experimental lighting plan on Dundas street between Wellington and Waterloo streets, are expected to arrive in the city to-morrow, and it is likely that they will be erected within a week or so. The new poles will carry single lights of 2,000 candle-power each and, if successful, it is possible that some such scheme may be considered by the City Council and Utilities Commission next year for use on all downtown streets.

The present lights are only 250 candle-power each, so that the increase should provide a greatly improved lighting system. The matter has been under consideration by both civic bodies for some time, but it is likely, even should the experiment prove successful, that the new lighting would be charged off a frontage basis against the various property owners on the street. At the present time London's street lighting has a total candle-power of 589,575. The residential streets are equipped with 2,514 lights of 150 candle-power; 247 of 400 candle-power, at intersections, and a number of other smaller lights. The total number of lights in the city is 3,500.

**COLORFUL LININGS.**  
Short coats of white ermine or very light colored furs are lined with delicate pink, blue or green satins.

**FIRE IN ST. THOMAS HOME.**  
ST. THOMAS, Oct. 31.—A blaze of undetermined origin at the home of Walter M. Pitt, 121 Balclutha street, gave the fire department a run at 11:10 on Wednesday morning. The contents of the frame cottage were practically destroyed. Some damage was done to the house.

## QUART OF WATER CLEANS KIDNEYS

Take a Little Salts If Your Back Hurts, or Bladder Is Troubling You.

No man or woman can make a mile take by flushing the kidneys occasionally, says a well-known authority. Eating too much rich foods creates acids, which excite the kidneys. They become overworked from the strain get sluggish and fail to filter the waste and poisons from the blood. Then we get sick. Rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders often come from sluggish kidneys. The moment you feel a dull ache in the kidneys, or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, begin drinking a quart of water each day, also get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast, and in a few days your kidneys may act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to flush and stimulate the kidneys; also to help neutralize the acids in the system, so they no longer cause irritation, thus often relieving bladder weakness. Jad Salts is inexpensive; makes a delightful effervescent lithia-water drink which everyone should take daily, and then to help to keep the kidneys clean and active and the blood pure, thereby often avoiding serious kidney complications. By all means have your physician examine your kidneys at least twice a year.—Adv.
