Service will be held in the Watford Baptist church next Sunday, June 19th, at 3 o'clock instead of in the evening. Come and bring a friend.

The world is waking up. Men who used to slumber peacefully in church every Sunday now sit behind the steering wheel, alert and ready for anything.

Sometimes we are lead to believe that if a newspaper published the Ten Commandments some folks would stop the paper because it was too personal.

Considerable coal has been placed in local bins for next winter's use the past few weeks. It is thought by the trade that the lowest prices for the year has been reached.

You can fool part of the people all the time, all the people part of the time, but not all the people all the time. The fact that there has been over forty new Ford cars bought in Watford vicinity speaks for itself. Ford cars are old enough to be proven now and the more there are proven the better they are liked. Why pay more?—R. Morningstar. 17

According to the monthly Bulletin of the Hydro Commission, the net surplus of Watford for the year ending Dec. 31, 1920, is \$1,381.80, and the accumulated surplus \$1,685.05.

Of the 125 municipalities in the Niagara system of Hydro 56 of them purchased less power than Watford during 1920 and 68 more. It would be interesting to know if all of the 56 pay as high a rate as Watford.

"You look like a fool," thundered the disgusted man to his swell son just returned from college, "More and more like a conceited, hare-brained, helpless fool every year."

Just then an acquaintance of the old gentleman entered the office and saw the youth. "Hello, Charlie, back eh?" exclaimed the visitor. "You're looking more like your father every year." "Yaas," said Charlie, "That's what the governor's just been telling me."

At the County Council last week the bylaw granting an additional \$25,000 for county roads was passed by a good majority after some opposition. This money will be disbursed under the Highways Improvement Act, and brings the appropriation for this year up to \$125,000.

The additional \$25,000 is required for the construction of three bridges and it is expected that this year's program will clear up the original \$100,000 appropriation.

The members of the Lambton County Council have been invited by the Road Commissioners of St. Clair county, in the state of Michigan, to take a tour through the county and inspect the roads and bridges therein and to discuss the matter of construction and upkeep. By this means much useful information is expected to be gained by both parties on this all-absorbing topic of permanent road making.

The St. Clair gentlemen will pay all expenses and the Lambton councillors have accepted the invitation and will make the visit in the near future.

The regular meeting of Lambtons 149 I.O.D.E. was held Tuesday afternoon at the home of Mrs. G. Harper, with 14 members present. The treasurer's report showed the net balance from the last concert to be \$26.51. Mrs. Monroe gave a most interesting report of the 21st annual I.O.D.E. Convention which was held in Convocation Hall, Toronto. There were 250 delegates present and 57 new chapters have been formed during the year in Canada. The July and August meetings were cancelled. The secretary was instructed to write for permission to use the Armory for a dance Fair night. The meeting was brought to a close with the serving of dainty refreshments on the porch.

The delegation appointed by the Watford Council at its last meeting went to Sarnia on Thursday, June 9th, and laid before the County Council a proposition for the paving of Main street.

Mr. Marshall, District County Road Engineer who was sent by the Department of Highways made it plain to the Council that the Department was willing to assist in the building of permanent roads through villages which were connecting links on county or provincial county roads but that this assistance could only be given through the County Council.

The deputation then asked the council to enter into the necessary agreement whereby the building of a permanent road through the Village of Watford might form part of a plan of highway improvement within the county and thus make it possible to have the grant from the Government applied to this work. After some discussion the County Council without a dissenting vote granted the request of the deputation.

The mission being held in St. James' Church this week by Rev. F. G. Newton of Sarnia is being well attended and deep interest taken in the services.

Light showers and a threatening sky somewhat marred the pleasure of the garden party held under the auspices of Christ Church held at the home of Mr. David Lucas, Sutorville, on Friday evening. There was a good attendance, the gate receipts amounting to \$160.00. An abundance of choice refreshments and an extensive program of music and speeches were enjoyed by those present. The program throughout was excellent and embraced an array of professional and local talent rarely seen at such an entertainment.
